The Kama Sutra of Vatsyayana -

Vatsyayana 2018-09-27

The Kama Sutra is an ancient Indian Hindu text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vatsyayana. A portion of the work consists of practical advice on sexual intercourse. It is largely in prose, with many inserted anustubh poetry verses. "Kama" which is one of the four goals of Hindu life, means desire including sexual desire the latter being the subject of the textbook, and "sutra" literally means a thread or line that holds things together, and more metaphorically refers to an aphorism (or line, rule, formula), or a collection of such aphorisms in the form of a manual. Contrary to popular perception, especially in the western world, Kama

sutra is not exclusively a sex manual; it presents itself as a guide to a virtuous and gracious living that discusses the nature of love, family life and other aspects pertaining to pleasure oriented faculties of human life. Kama Sutra, in parts of the world, is presumed or depicted as a synonym for creative sexual positions; in reality, only 20% of Kama Sutra is about sexual positions. The majority of the book, notes Jacob Levy, is about the philosophy and theory of love, what triggers desire, what sustains it, how and when it is good or bad. The Kama Sutra is the oldest and most notable of a group of texts known generically as Kama Shastra. Historians attribute Kamasutra to be composed between 400 BCE and 200 CE. John Keay says that the Kama Sutra is

a compendium that was collected into its present form in the 2nd century CE Includes unique illustrations!

Family Photography - Christie Mumm
2011-07-01

Going beyond how to capture memorable family photos, this examination spotlights the special touches and relationship-building skills that turn subjects from clients into friends. The author's signature techniques for generating repeat business are shared, revealing how to remain a family's constant photographer for years—from maternity portraits and baby photos to wedding images and senior snapshots. Specific suggestions are featured, including reaching out through social networking sites, blogging, and hosting special parties and events. Offering a comprehensive approach to

building a successful portrait business, this handbook demonstrates how relationships with subjects are just as important as the pictures created for them.

Studio Lighting Naturally - Jodie Otte
2014-08-10

Newborn Photography --- Revision to the original hugely popular Studio Lighting Naturally book. This book focuses on working with newborns, posing, PhotoShop composites, lighting - both natural light and how to create beautiful natural-looking lighting with studio lights - you will not be able to tell the difference between the two types of lighting. Tired of not having enough light during your newborn sessions? You won't have this problem anymore. Learn how Jodie Otte has perfected her newborn imagery over the last 12

years.

Capture the Moment - Sarah Wilkerson
2015-04-07

Turn everyday photos into stunning works of art, with this essential guide to photography. Featuring gorgeous photographs taken by the members of the photography industry's largest social network of female photographers, Clickin Moms, this accessible and gift-worthy guide provides both the inspiration and skills every photographer needs to capture life's beautiful moments as frameable pieces of art—from breakfasts to birthday parties and first steps to first days of school. With big, bold images paired with short, easy-to-follow tips progressing from elementary to advanced, this book is perfect for amateurs and professionals alike,

covering equipment, composition, posing, low light, natural light, black and white, still life, and lifestyle photography. Assignments for experimenting with lighting and shooting locations round out the chapters, and advice based on photographs from over 100 contributors include these priceless suggestions: • Channel the old masters—painters such as Rembrandt and DaVinci are great inspiration • Anticipate emotion—watch for laughter and surprise • Embrace harsh lighting, backlighting, dappled sunlight and shade and use them to your advantage • Emphasize texture and seek out patterns—repetition can be striking and bold • Shoot from unexpected angles—sometimes the best shot is from below, behind, or above. Clickin Moms is contributing 100

percent of the royalties from Capture the Moment to the Ronald McDonald House, which provides accommodation for the families of seriously ill or injured children near the facility where a child is hospitalized.

What the Whole Family Said - Hans Christian Andersen 2020-11-18
Today, is the birthday of little Marie, she is overwhelmed with gifts, each one more beautiful than the last: a toy kitchen, a doll, a picture book and more. But for Marie the best gift would be to have many more birthdays, she loves life and intends to live for a long time! And this is what her family think of that... Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children's literature, his most cherished fairy tales include "The Emperor's New

Clothes", "The Little Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.

The Art of Pregnancy - Ilianne Walroth 2013-10-01

The Art of Pregnancy is a book every

pregnant woman should have. It's a book written in a subtle and pleasant prose, like a friendly conversation from one Mom to another. And, elevating the book to an incomparable artistic level, the text is accompanied with spectacular photographs, fascinating artwork, and an exceptional graphic design. This book will fill the heart of the pregnant woman with love; it will make her feel more beautiful than ever; it will make her fall in love with her pregnancy; it will reinforce her sense of responsibility; it will help her to lose her fear of childbirth; and most importantly, it will help strengthen the bonds of love with her baby in gestation and her partner. The book begins with a grand story titled "Isabella and the Wondrous Group", that will take the

pregnant woman through the exciting journey of conception. In addition, the book contains six chapters: Congratulations! Pregnancy has Arrived at Your Door; Keep Your Spirits Up! A Healthy Body for a Healthy Baby; Beautiful! Enjoy your Pregnancy; Be Careful! Three Enemies of Your Pregnancy are Lurking; Extraordinary! Classes to Prepare for Childbirth; and Get Ready! The Birth of Your Baby is Near. The pregnant woman will discover the magic of motherhood has no barriers, and that pregnancy... is altogether an Art.

The Portrait Photography Course -
Mark Jenkinson 2011

The Portrait Photography Course is an essential guide to the principles, practice and techniques of portrait photography. The ability to create an effective portrait is probably the

single most important skill any aspiring photographer must master. Few professional photographers, whatever their area of specialisation, can hope to have a successful a career without ever being called upon to create a likeness of another person. So start enjoying more time with your happy yoga baby right now.

Sleeping Beauties - 2010-03

Express yourself with these charming note cards. Tracy Raver and Kelley Ryden are sisters and professional photographers who have helped to launch a new genre of studio photography: newborn baby portraiture. Forgoing elaborate props or artificial contrivances, their minimalist approach allows the

emphasis to be on the newborn, resulting in a zen-like simplicity that offers a glimpse of the grace and innocence that we all possess when we first enter the world. The images in this collection were taken from their book *Sleeping Beauties: Newborns In Dreamland*, published by Sellers Publishing. Four each of four designs (16 cards) in an attractive reusable box.

Photographing Weddings - Cathy Joseph 2001

Current trends in wedding photography from many countries, cultures, and religious traditions are presented in this inspiring guide. High-quality images are accompanied by information on all technical aspects of the photographic process. The most frequently requested shots are highlighted, together with

instructional quotes from famous photographers.

Natural Newborn Baby Photography - Robin Long 2013

To work with and pose a 5- to 10-day-old infant demands special skills, keeping the child safe and the new parents comfortable, while capturing the subject's raw and natural beauty.

Crafting the Natural Light Look - Sandra Coan 2020-01-31

Learn to use a one-light approach for recreating the look of beautiful, natural window light for portraiture!

At its best, natural light is magical for portraiture. The quality of natural light streaming through a window can be extraordinary—gorgeous, wrapping light that flatters your subject and can be used to create

multiple looks. For years, photographer Sandra Coan exclusively used natural light in her portraiture work. And while the results could be magnificent, she also learned that she could not rely on it to build a business and create consistently great photographs. That's because natural light is frustratingly unpredictable: sometimes it rains, sometimes the light is too harsh when your clients are available, and sometimes—depending on the time of year—it's just too dark.

In order to grow her business with dependably great results and a high level of professionalism, Sandra finally decided to tackle artificial light. She spent years honing her ability to use artificial light to recreate the look of beautiful,

natural light. And now, with a simple one-light approach, she produces “natural” light whenever and wherever she likes, creating great portraits in any situation, at any time of day or night. It’s an approach that has led to a successful career spanning two decades and a signature look to her work. Here, in *Crafting the Natural Light Look*, Sandra shares her knowledge and techniques so that you, too, can learn to quickly and dependably create the look of natural light in your own portraiture. Unlike other books that address artificial light, Sandra’s tone is conversational and easygoing, and she does not cover everything there is to know about artificial light. In fact, there are no two- or three-light setups here. Instead, Sandra’s method is straightforward and easily

actionable. She covers:

- The key characteristics of light (intensity, distance, direction)
- Equipment: strobes, flashes, light meters, triggers, receivers, modifiers, reflectors, and light stands—including what she uses, and what she recommends if starting out on a budget
- Shutter speed and its relationship with artificial light
- Where to position the light and the subject for consistent, flattering results
- Creating four lighting patterns and looks with one

setup—flat light, loop light, side light, and backlight

- Using a light meter to determine the perfect flash power (whether you shoot film or digital)
- Working with individuals, families, and groups
- The role of shadows in its contribution to the drama and mood of a portrait
- Common mistakes and how to avoid them
- What she does in post-production (very little!)

Finally, in a series of case studies, she brings it all together and shares her thought process as she works

through a number of real-world portrait shoots from start to finish. If you're a "natural light photographer" who's been either struggling with flash or reluctant to learn it at all, *Crafting the Natural Light Look* is exactly the book you need to improve the quality and consistency of your portraiture.

500 Poses for Photographing Infants and Toddlers - Michelle Perkins

2013-08-01

Offering inspiration as well as guidance for portrait photographers to use during sessions with infants and toddlers—notoriously difficult subjects for posing—this guide takes a uniquely visual approach to instruction through its 500 stellar shots. With the challenges faced while working with children, it is

easy to end up in a rut of go-to poses. The book counters the stock image effect with its broad variety of creative options, and incorporates experience-based knowledge on achieving successful results, such as creating a comforting zone for the child or the potential assistance of integrated props. The poses highlight what the parents love to see while considering what will work with even the most willful of young subjects.

Photographing Newborns - 2014-08-18

In this comprehensive book, Cooney touches on each facet of being a successful newborn portrait photographer. She begins by outlining the foundation of her business model and provides insight for the reader to establish something similar for their business. Defining your target market and ideal customer profile are

essential to guiding your business in the right direction. Cooney focuses her business, and this book, on what she calls a 'boutique' brand. These are pricier photo shoots and packages, which require more time and care. Working with clients at this level often creates a lasting relationship and hopefully, repeat business. This is where the branding of your business is so important. Not only can it deliver regular clients, but can also inspire important word-of-mouth references. Emphasizing how important it is for a photography studio to have structure and direction to become and remain successful, Cooney walks the reader through many scenarios that have helped form her business. A strong social media presence, creative marketing & promotions and repeat

customers are the key to standing apart from the competition, therefore remaining vital.

Down in the Garden - Anne Geddes
2006-09

Babies as beatific butterflies. Babies as snoozing hedgehogs. Babies as tiny fairies dwelling in a magical garden. It's been ten amazing years since Anne Geddes brought these unmistakable inhabitants to life in *Down In The Garden*, her extraordinary ode to tiny babies and the enchantment they bring. *Down In The Garden* became an international bestseller and was the perfect showcase for this now world-famous photographer's artistic vision. The book captures newborns in a variety of mythical poses: brightly coloured flowers with babies peeking out from behind them, sleeping babies snuggled

inside bright green peapods, sprightly gnomes with darling baby faces. All come together to make Geddes' *Down In The Garden* an artistic masterpiece unlike any other. This special 10th anniversary edition features all the striking images from the full-size volume in a more intimate package. Complemented by gently humorous text, the images reflect Geddes' appreciation for the beauty and innocence of babies. Her masterful imagery immediately communicates her deep and abiding love of children in a universal language understood by people everywhere.

Set the Scene - Tracy Dorr 2014-04-15
No one likes to admit it, but photographers often reach a plateau where they feel like they've reached their creative limit. Adding the

right prop to a portrait setup can elevate every aspect of the image—easing the posing process, inspiring more interesting lighting, and engaging viewers in a more personalized story about the subject. In this book, Tracy Dorr shows you how to make the most of props, making savvy choices for individual and group portraits created in the studio or on location. Packed with inspirational techniques and images from ten contributing photographers (among them, Andrea Crabb, Ashley Warren, Aileen Treadwell, and Mimika Cooney), this book will inspire you to create more evocative images of any subject—from infants to engaged couples—and enhance your brand through the effective use of props.

Digital Photography Complete Course -
DK 2015-08-18

Why be a good photographer when you can be a great one! This guide will help you use your digital camera to its full potential in just 20 weeks. This modular photography course is the ultimate master class in digital photography. This first book in an exciting new series offers a lively and contemporary re-examination of a classic subject. It's geared to young photographers who are having fun with their first digital SLR cameras, and want results that look like the stylish photos in hip magazines and ads. Filled with practical photographic advice and attractive, inspiring images, Baby Photography NOW! helps parents master the skills they need to get the most natural-looking shots of their baby. Learn about the essential equipment, lighting techniques, poses that work especially well, and the best ways to capture precious moments during naptime, bathtime, playtime, and special occasions. There are plenty of expert tips on post-production, polishing the image with Photoshop,

designing an album, and creating gift mementoes, too!

Comic Genius - 2013-10-15

This star-studded tribute to the kings and queens of comedy draws together such legendary names as Steve Martin, Tina Fey, Steve Carell, Eddie Murphy, Robin Williams, Ricky Gervais, and many more. Granted extraordinary access, photographer Matt Hoyle has captured his subjects in portraits that are works of art in themselves—by turns zany and deadpan, laugh-out-loud and contemplative. Accompanying them are first-person reflections from each of the comedians on life and laughter that always cut straight to the heart of comedy: it's funny because it's true. Page after sidesplitting page in Comic Genius offers prose as engaging as each portrait is memorable. Here,

in one handsome package, is the gift of laughter itself. Comic Genius is proud to support Save The Children. All Across the Spectrum - Eileen Lamb 2019-07-25

Anne Geddes My First Year - Anne Geddes 2014-10-07

The Exorcist - William Peter Blatty
2011-10-04
Originally published in 1971, The
Exorcist remains one of the most
controversial novels ever written and
went on to become a literary
phenomenon. Inspired by a true story
of a child's demonic possession in
the 1940s, William Peter Blatty
created an iconic novel that focuses
on Regan, the eleven-year-old
daughter of a movie actress residing
in Washington, D.C. A small group of
overwhelmed yet determined

individuals must rescue Regan from her unspeakable fate, and the drama that ensues is gripping and unfailingly terrifying. Two years after its publication, *The Exorcist* was, of course, turned into a wildly popular motion picture, garnering ten Academy Award nominations. On opening day of the film, lines of the novel's fans stretched around city blocks. In Chicago, frustrated moviegoers used a battering ram to gain entry through the double side doors of a theater. In Kansas City, police used tear gas to disperse an impatient crowd who tried to force their way into a cinema. The three major television networks carried footage of these events; CBS's Walter Cronkite devoted almost ten minutes to the story. *The Exorcist* was, and is, more than just a novel and a film: it is a true

landmark. Purposefully raw and profane, *The Exorcist* still has the extraordinary ability to disturb readers and cause them to forget that it is "just a story." Published here in this beautiful fortieth anniversary edition, it remains an unforgettable reading experience and will continue to shock and frighten a new generation of readers.

Photographing Your Baby - Eastman Kodak Company 1984

Offers practical advice on photographing infants during their first two years and provides information on all the technical aspects involved

Learning to See Creatively - Bryan Peterson 2003-10-01

Almost everyone can "see" in the conventional sense, but developing photographic vision takes practice.

Learning to See Creatively helps photographers visualize their work, and the world, in a whole new light. Now totally rewritten, revised, and expanded, this best-selling guide takes a radical approach to creativity. It explains how it is not some gift only for the “chosen few” but actually a skill that can be learned and applied. Using inventive photos from his own stunning portfolio, author and veteran photographer Bryan Peterson deconstructs creativity for photographers. He details the basic techniques that went into not only taking a particular photo, but also provides insights on how to improve upon it—helping readers avoid the visual pitfalls and technical dead ends that can lead to dull, uninventive photographs. This revised

edition features the latest information on digital photography and digital imaging software, as well as an all-new section on color as a design element. Learning to See Creatively is the definitive reference for any photographers looking for a fresh perspective on their work.

Storytelling Portrait Photography -
2016-12-19

Photojournalists are trained to scout important events, capture mood and emotion, predict peak action, and create images that, in an instant, tell a compelling and memorable story. In this book, award-winning photojournalist Paula Ferazzi Swift (from Framingham, MA) shows readers how she adapted her photojournalistic approach to create a thriving family portrait business. In an increasingly

competitive market, professional portrait photographers need to hone their skills to capture heirloom-quality images that are a step above the rest. With the tips in this book, readers will learn how to use – or cultivate – a photojournalist’s precision capture skills to chronicle family moments that matter. Ferazzi Swift offers ideas for creating a strong and lasting client connection, eliciting memorable moments, finding storytelling locations, inspiring natural action and reactions, and capturing the inter-relationships between siblings and between children and their parents. Armed with the skills in this book, photographers will be able to capture more genuine, charming, memorable, and expressive portraits that truly depict the family’s interests, the subject’s

personalities, milestone moments, meaningful locations, and the unique bond the family shares.

Kids - 2018-05-15

Lift your spirits and warm your heart with photos of adorable kids!

Art of Newborn Photography - Melanie East 2017-03-31

Photographing newborns is a uniquely special experience and capturing the beauty of a newborn baby requires specific skills. In this practical book, Melanie East, one of the UK's leading newborn photographers, shares her secrets, from preparing for the newborn session through to post-production work. Advice is given on posing newborn babies using tried and tested techniques, while emphasizing the baby's safety at all times. Also Melanie gives clear instruction on choosing and using equipment near

babies. Supported by her inspiring images, it is invaluable reading for photographers new to the genre, as well as professionals wishing to hone their skills. Contents: Advice on posing newborn babies using tried and tested techniques, while emphasizing the baby's safety at all times; Clear instruction on choosing and using equipment near babies; Tips on lighting, textures and tones, and using props to create interest in the newborn portrait; Ideas for taking beautiful and enchanting images that parents will adore. This practical book will be of special interest to family and portrait photographers and is beautifully illustrated with 153 colour photographs.

Your Child in Pictures - Me Ra Koh
2013-10-01
