New AQA Science GCSE Additional Applied Revision Guide - Gerry Blake
2014-11

Following the latest AQA GCSE Science specifications, this Revision Guide uses an accessible and concise approach to recap the essential knowledge students need to succeed. A checklist at the end of each unit clearly lists what students need to know and breaks revision down into manageable sections, while practice

questions and study tips help prepare students for the exams. Mathematical skills that are needed for the exams are highlighted and supported with short, visual explanations.

GCSE Science 9-1 - AQA GCSE Chemistry for Combined Science: Trilogy 9-1 Student Book - Ann Daniels 2016-06
Covering the whole of the new 2016 GCSE Chemistry course, this book is structured around a brand new innovative assessment framework that uses regular check points and tailored intervention to help all students make progress. This book has been entered into the AQA approval process. Written by a team of expert authors for the 2016 AQA specification, this book covers the whole of the new GCSE Chemistry course. It combines clear and comprehensive explanations with a

wealth of practice opportunities, and builds the skills that students will need to succeed. Track students progress in the new linear GCSE course through a brand new, innovative assessment framework. Teaching is organised into four semesters that function as checkpoints. Each spread starts with language and ideas at a lower level and increases in complexity, engaging students of all ability levels Key concept spreads highlight concepts that students must grasp before they can move on Stipulated practicals spreads in each chapter build and test students development of the appropriate skills (e.g. analysing, evaluating and applying to different contexts) Maths skills are embedded throughout the book and tested at the appropriate level Real-life contexts

and applications are included to show the students the relevance of the concepts they are studying Prepare students for the demands of the new specification with differentiated questions, worked examples and lots of opportunities to practice Co-teach both Foundation and Higher tier with a single book (the Higher-only content is clearly flagged)"

New AQA Science GCSE Biology - Ann Fullick 2014-11

This Student Book has been written by experienced teachers and subject experts specifically for the latest AQA GCSE Science specification, providing differentiated content to support, stretch and challenge all abilities. How Science Works is integrated throughout, with additional online activities offering comprehensive guidance and support.

Practice makes permanent: 600+ questions for AQA GCSE Combined Science Trilogy - Jo Ormisher
2020-08-24

Practise and prepare for AQA GCSE

Combined Science with hundreds of topic-based questions and one complete set of exam practice papers designed to strengthen knowledge and prepare students for the exams. This extensive practice book raises students' performance by providing 'shed loads of practice', following the 'SLOP' learning approach that's recommended by teachers. - Consolidate knowledge and understanding with practice questions for every topic and type of question, including multiple-choice, multi-step calculations and extended response questions. - Develop the mathematical, literacy and practical skills required for the exams; each question indicates in the margin which skills are being tested. - Confidently approach the exam having completed one set of exam-style

practice papers that replicate the types, wording and structure of the questions students will face. - Identify topics and skills for revision, using the page references in the margin to refer back to the specification and accompanying Hodder Education Student Books for remediation. - Easily check answers with fully worked solutions and mark schemes provided in the book.

AQA GCSE Chemistry for Combined Science (Trilogy) Student Book - Lawrie Ryan 2016-03-04
