Notjohn's Guide to E-book Formatting - N. J. Notjohn 2017

The self-publisher's bible! In this clear and entertaining ten-step guide, a prolific American author reveals how he formats his books for sale throughout the world. The secret, he

explains, is to use the universal "epub" format to create a single e-book file that will be accepted by every digital retailer, from Amazon.com through Barnes & Noble, the Apple iBookstore, and smaller booksellers like the Canada-based Kobo. "Most beginners write their books in Word or Open Office," he explains, "and they expect the same document to convert easily to an e-book and a paperback. Sometimes that happens, but more often it doesn't, because word processors litter the book file with hidden formatting. The result can be a disaster." Instead, the book should be converted to clean HTML, the markup language used to create a web page. (All e-books are web pages at heart, and the Kindle and other e-book readers are just special-purpose web browsers.) The conversion takes seconds and costs nothing. It can then be plugged into a

simple template that "Notjohn" includes in this Guide and makes available on his blog for anyone to use. If all else fails, there's Plan B: a stripped-down template for books that consists mostly of text. He concludes with a chapter on how best to present your e-book on the Kindle platform, with hints on encrypting the book, copyrighting it, and pricing it for the greatest return. Revised and updated 2018 edition, with a new chapter on adapting the e-book to a paperback.

Fred W. McDarrah: New York Scenes - 2018-09-25

During his 50-year association with the Village Voice, Fred W. McDarrah (1926-2007) covered the city's downtown scenes, producing an unmatched and encyclopedic visual record of people, movements, and events. McDarrah frequented the bars, cafés, and galleries where writers, artists, and musicians gathered, and he was welcome in the apartments and lofts of the city's avant-garde cultural aristocracy. He captured every vital moment, from Jack Kerouac reading poetry, to Bob Dylan hanging out in Sheridan Square, to Andy Warhol filming in the Factory, to the Stonewall Riots. Through his lens, we see the legendary birth of ideas and attitudes that continue to shape the character and allure of New York today.
The Free State of Jones,

Movie Edition - Victoria E. Bynum 2016-01-25
Between late 1863 and mid-1864, an armed band of Confederate deserters battled Confederate cavalry in the Piney Woods region of Jones County, Mississippi. Calling themselves the Knight Company after their captain, Newton Knight, they set up headquarters in the swamps of the Leaf River, where they declared their loyalty to the U.S. government. The story of the Jones County rebellion is well known among Mississippians, and debate over whether the county actually seceded from the state during the war has smoldered for more than a century. Adding further controversy to the legend is the story of Newt Knight's interracial romance with his wartime accomplice, Rachel, a slave. From their relationship there developed a mixed-race community that endured long after the Civil War had

ended, and the ambiguous racial identity of their descendants confounded the rules of segregated Mississippi well into the twentieth century. Victoria Bynum traces the origins and legacy of the Jones County uprising from the American Revolution to the modern civil rights movement. In bridging the gap between the legendary and the real Free State of Jones, she shows how the legend--what was told, what was embellished, and what was left out--reveals a great deal about the South's transition from slavery to segregation; the racial, gender, and class politics of the period; and the contingent nature of history and memory. In a new afterword, Bynum updates readers on recent scholarship, current issues of race and Southern heritage, and the coming movie that make this Civil War story essential reading. The Free State of Jones film, starring Matthew

McConaughey, Gugu Mbatha-Raw, and Keri Russell, will be released in May 2016.
