**Worlds First Complete Guide to Laptop and Notebook Repair** - Garry Romaneo 2011-03-27

The book was released due to the need for a "REAL" Laptop Repair Book. I myself have read every book released, and Not one will instruct you on how to repair the Laptops internal Components, as all the books available relating to Laptop Repair were written by Desktop Computer Technicians that have No Business writing a Laptop Repair Book! I do not want to mislead anyone into buying my book(s), I happen to know Laptop Repair, and have released this book to teach the "unknown" to the rest of the world. This book goes into great detail on the repairing of the Laptops Motherboard and it's many failures and faults. This book will show you not only how to repair a Laptop Computer, it will instruct you on how to repair the Laptops Motherboard. This is the only book released to date that will show you the components of a Laptop Motherboard and how to Properly Test, Diagnose and Repair any issue that may arise. You will learn how to properly troubleshoot the most commonly occurring issues and achieve successful repair results. The book will teach you what tools are used and how to use the tools. It will teach you the proper way to solder and more importantly how to desolder micro components. You will learn my Patented/Trademarked and Copyrighted DIY Video Chip/GPU Reflow Of the BGA method (not like the YouTube Knucklehead methods floating around out there). This Book is a first of it's kind, the other books claiming to be Laptop Repair Books do not show you Motherboard Repairing, which 99% of the time you will need to know. They Do not show you step by step instructions on repairing major issues such as any occurring Motherboard issue, This book however does. This Book shows you step by step instructions on DC Jack repairing, screen repairing, motherboard repairing and all other related issues. Amust have for any aspiring Technician or any Do It Yourselfer. The target audience that would benefit from this book would include: current and aspiring computer repair technicians and facilities, Schools, Colleges, Laptop Repair technicians and all other areas of the IT (internet technology) field. The book was written to allow a novice or even the one-timer to

be able to follow along and achieve successful results. Going Above And Beyond CompTia A+ Certification !!!
