**Numerology** - Hans Decoz  
2001-01-01

For lovers of tarot, astrology, and deepening your connection with yourself and others-- a divine roadmap to numerology Ever notice how some numbers seem to follow us throughout the course of our lives? Consider the numbers we choose when buying a lotto ticket--

birth dates, anniversaries, ages, and addresses as well as other hopefully lucky numbers. They each have some personal meaning. Through the centuries, numerologists have been studying the significance of numbers and perfecting their art in the belief that numbers strongly influence both our behavior and our fate. They have learned that

by understanding the meaning of numbers, we can gain greater insight into ourselves. In *Numerology: Key to Your Inner Self*, world-renowned numerologist Hans Decoz and accomplished writer Tom Monte have teamed together to produce an easy-to-understand guide that introduces the reader to the basic concepts and applications of numerology. Presented here is a technique that relates the major questions of an individual's life -his talents, challenges, career, and personal growth--with the basic numeric facts of his existence--his birth date and name. The book begins with a fascinating explanation of what numerology is and an intriguing look at the philosophy that lies behind it. It then examines how numerology works, focusing on the numeric meanings of personal names, birth dates, and language in general. Included is a step-by-step guide to calculating your

own numbers and interpreting them in chart form.

### **Reappraising the History of the Jews in the**

**Netherlands** - J.C.H. Blom  
2021-09-15

The two decades since the last authoritative general history of Dutch Jews was published have seen such substantial developments in historical understanding that new assessment has become an imperative. This volume offers an indispensable survey from a contemporary viewpoint that reflects the new preoccupations of European historiography and allows the history of Dutch Jewry to be more integrated with that of other European Jewish histories. Historians from both older and newer generations shed significant light on all eras, providing fresh detail that reflects changed emphases and perspectives. In addition to such traditional subjects as the Jewish community's relationship with the wider

society and its internal structure, its leaders, and its international affiliations, new topics explored include the socio-economic aspects of Dutch Jewish life seen in the context of the integration of minorities more widely; a reassessment of the Holocaust years and consideration of the place of Holocaust memorialization in community life; and the impact of multiculturalist currents on Jews and Jewish politics. Memory studies, diaspora studies, postcolonial studies, and digital humanities all play their part in providing the fullest possible picture. This wide-ranging scholarship is complemented by a generous plate section with eighty fully captioned colour illustrations.

### **The Man of Jasmine -**

Unica Zürn 1994

Zürn's mental collapse was initiated when she encountered in the real world her childhood fantasy figure "the man of jasmine":

he was the writer Henri Michaux, and her meeting him plunged her into a world of hallucination in which visions of her desires, anxieties and events from her unresolved past overwhelmed her present life. Her return to "reality" was constantly interrupted by alternate visionary and depressive periods.

### **Numerical Secrets of the Bible - Casper J.**

Labuschagne 2016-07-20

Were you intrigued, but disappointed by The Bible Code? Numerical Secrets of the Bible, written by one of Europe's leading biblical scholars, gives you the actual facts about one of the most important recent discoveries in the field of biblical study, namely that the books of the Bible are numerical compositions. The biblical writings were not written in an off-hand manner, but were meticulously composed according to compositional techniques in which the counting of words played a

crucial role. This discovery has far-reaching consequences for our views on the formation and the structure of the text of the Hebrew Bible and of the Greek text of the New Testament. Labuschagne introduces you to the fascinating world of number symbolism in biblical times. He demonstrates how well-known symbolic numbers, such as 7 and 12, and especially the lesser known holy numbers 17 and 26, which represent the numerical value of the name YHWH, were used to give structure to the text and to deepen its contents. Among other fascinating findings, this study confirms the medieval Jewish tradition that the name of God is interwoven in the fabric of the text of Holy Scripture.

*Your Soul Contract Decoded*  
- Nicolas David Ngan  
2012-01-01

Harness the guiding powers of numerology to better understand yourself, and your life, more fully—from

your purpose and goals to your talents and karmic patterns. Spiritual seekers are feeling an increasingly strong urge from within to connect with and manifest their life purpose. They are seeking out tools and knowledge to awaken to this purpose and are doing whatever it takes to achieve this. Scripture Twisting - James W. Sire 2009-09-20

How often have you encountered some bizarre doctrine only to be stunned to hear a Bible verse quoted to support it? With new religious cults springing up almost daily and old ones growing rapidly, this is more and more common. How are they seemingly able to twist Scripture to mean something orthodox

Christians have never believed it to mean in two thousand years? James Sire, author of *The Universe Next Door* and *How to Read Slowly*, has isolated twenty separate kinds of reading errors which are characteristically made by cultists as they interpret the Bible. He covers the full range from simple misquotation to complex argumentation which links one slightly eccentric interpretation to another, mixes in a few orthodox readings and ends with a conclusion totally foreign to the biblical world view. Sire also handles twisted translation, overspecification, virtue by association, ignoring the context and other flawed interpretations. A book to help us all become better readers of the Scriptures.

**Let the Numbers Guide You** - Shiv Charan Singh  
2020-05-11

Numerology is perhaps the oldest of the divination arts and at the heart of many religious systems - Hebrew, Chaldean, Indian, Chinese and others. This title provides the real spiritual base for the use of numbers, illustrating why they have their own integrity. It explains why they relate to particular psychological states and shows how they can be used for diagnosing life's problems and providing solutions. It shows how numbers are a mirror of our very essence, explaining the relevance of time cycles and dates of birth. It also highlights the universal message of the ten Sikh

gurus and shows how you can become a Ten-in-One Being. As an offering of the formula behind all formulas, it offers no quick fixes, but presents numerology as a multi-faceted jewel that you can refer to again and again in your life. Not limited to any one numerology system, it reveals the ground of them all.

Describing the essence of numbers it goes beyond the usual fortune telling or application of a particular system to put the soul back into numerology. It covers dates of birth, time calendars and spiritual bodies, telling you more about yourself in a friendly way than you imagine there is to know.

### **How the World is Made -**

John Michell 2009

Galileo described the universe as a large book written in the language of mathematics, which can only be read by those with knowledge of its characters triangles, circles and other geometrical figures. In How the World Is Made John Michell explains how ancient

peoples who grasped the timeless principles of sacred geometry were able to create flourishing societies. His more than 300 colour illustrations reveal the secret code within these geometrical figures and how they express the spiritual meanings in the key numbers of 1 through 12. He identifies the various regular shapes and shows their constructions; their natural symbolism; their meetings, matings and ways of breeding; and their functions within the universal order. In the process, Michell helps us see the world in a new light. Disparate shapes and their corresponding numbers are woven together, resolving themselves into an all-inclusive world image that pattern in the heavens, as Socrates called it, which anyone can find and establish within themselves.

The Big Book of Numerology

- Shirley Blackwell Lawrence  
2019-08-01

This is unlike any other book on numerology, because it reveals the science behind this ancient mystical art and explains why it works. It is also the first book to present a thorough explanation of the numbers and letters, starting with their origins--the how and why of their design--and exploring their nature in names and

language. In addition, it introduces the Inner Guidance Number, a powerful tool for accessing our inner knowing. Note: This is a repackaging of *The Secret Science of Numerology: The Hidden Meaning of Numbers and Letters* by Shirley Lawrence (New Page, 2001; ISBN: 9781564145291), which has until recently only been available via Lightning Source.

*Angel Numbers* - Doreen Virtue 2005-04-01  
"Why do I always see the numbers 444 (or 111, 333, etc.) everywhere I go?" is one of the most frequently asked questions that Doreen Virtue receives at her worldwide workshops. In her best-selling book *Healing with the Angels*, Doreen included a chapter that briefly explained the meanings behind these number sequences, and many people have commented that they carry the book with them everywhere to help them

interpret the numbers they see daily. By popular request from Doreen's audience members, *Angel Numbers* has been created to serve as a pocket guide containing the angelic meanings of numbers from 0 to 999. Designed to fit into a purse or pocket for easy transport, *Angel Numbers* provides an interpretation of more complex number sequences than was previously available in *Healing with the Angels*. This new book focuses on numbers such as 123, 337, 885, and so on. Whether you're seeing these numbers on license plates, telephone numbers, the clock, or other locations, they're very real messages from the angels. *Angel Numbers* will help you instantly understand the meaning of these signs!

Bach and the Riddle of the Number Alphabet - Ruth Tatlow 1991-02-21

In 1947 Friedrich Smend published a study claiming that J. S. Bach used a natural-order alphabet (A = 1 to Z = 24) in his works. He demonstrated that Bach incorporated significant words into his music, and provided himself with a symbolic compositional theme. Here, Dr Tatlow investigates the plausibility of Smend's claims with new evidence, challenging Smend's conclusions.

**The God of the Witches** - Margaret Alice Murray 1970

This celebrated study of witchcraft in Europe traces the worship of the pre-Christian and prehistoric Horned God from paleolithic times to the medieval period. Murray, the first to turn a scholarly eye on the mysteries of witchcraft, enables us to see its

existence in the Middle Ages not as an isolated and terrifying phenomenon, but as the survival of a religion nearly as old as humankind itself, whose devotees held passionately to a view of life threatened by an alien creed. The findings she sets forth, once thought of as provocative and implausible, are now regarded as irrefutable by folklorists and scholars in related fields. Exploring the rites and ceremonies associated with witchcraft, Murray establishes the concept of the "dying god"--the priest-king who was ritually killed to ensure the country and its people a continuity of fertility and strength. In this light, she considers such figures as Thomas a Becket, Joan of Arc, and Gilles de Rais as spiritual leaders whose deaths were ritually imposed. Truly a classic work of anthropology, and written in a clear, accessible style that anyone can enjoy, *The God of the Witches* forces us to reevaluate our

thoughts about an ancient and vital religion.

*Bach's Numbers* - Ruth Tatlow 2015-08-06

In the eighteenth century the universal harmony of God's creation and the perfection of the unity (1:1) were philosophically, morally and devotionally significant. Ruth Tatlow employs theoretical evidence and practical demonstrations to explain how and why Bach used numbers in his published compositions.

Programming in C - Reema Thareja 2018-09-30

Beginning with the basics of computers, the book provides an in-depth analysis of various constructs of C. The key topics include iterative and decision-control statements, functions, recursion, arrays, strings, pointers, structures and unions, and file management. It deals separately with the fundamental concepts of linked lists - the preferred data structure for dynamic

allocation of memory. The book also includes a chapter on different searching and sorting algorithms and analysis of time and space complexity of algorithms.

**Numerology for the New Age** - Lynn Buess

1978-12-01

Our own vibrations and cyclical patterns are numerologically determined by our dates of birth and given names. By understanding these cycles, we can learn to more efficiently express our potential, human and divine. This volume concentrates more on the experiential value of numerology than the historical. Lynn Buess has come into national prominence since the success of his first book *The Tarot and Transformation*. His popularity as a speaker and instructor has taken him across the country many times to universities, churches, professional organizations, and New Age Centers of Light. He has appeared on numerous

television shows and on radio talk shows from coast to coast. Although his work with Tarot and Numerology causes most people to associate him with symbolical studies, Lynn spends most of his time today working with various alternative metaphysical healing methods. Since his gift of healing awakened years ago, he has demonstrated and taught numerous techniques of psycho-spiritual healing. He is also the author of *Synergy Session(R)*, which teaches an entirely new system of multiple-level wholistic counseling/healing. Along with his national tours, he has taught courses on parapsychology, healing, Tarot, meditation, and self-awareness at several colleges and one university within the University System of Georgia. As a tireless worker, Lynn is dedicated to bringing sincere seekers into a deeper awareness of the LIGHT within.

*The Heart of Numerology* -

Lynn Buess 2012-10-01  
Perhaps you have read a little about numerology and wondered just how it manages to reveal so much. If you have been looking for more information to take you beyond the elementary texts and teachings of numbers, you have come to the right place. By choosing the study of this symbolic matrix, you have chosen a path that can take you into the most sublime heights and penetrating depths of human consciousness and beyond. Do you want to know a secret? Many of them can be revealed as you weave your way through a multidimensional journey of symbolic delight that numerology presents. Lynn Buess, MA, EdS, has served more than one half of a century studying, teaching, and counseling in the field of symbols, cycles, and numbers. Lynn is well qualified to be the one to outline this journey and help show you the way. He is the only practicing professional

numerologist to have completed two accredited graduate degrees in which he specialized in the meaning of numbers and symbols and the psychological application of these symbols to life. In his teaching, he reveals the

psychology, cosmology, and spirituality of numerology. To him, numbers are not a static set of symbols; rather, they are like cosmic chords of sound and light that help make up the rhythms of the cosmic dance. Would you like to dance?
