Visual/Spatial Portals to Thinking, Feeling and Movement - Serena Wieder 2012

Clinical psychologist Serena Wieder Ph.D. redefines the building blocks of development and the challenges that derail a child's functioning and learning. For Wieder, vision and space -- what is seen by the eyes, transformed by the mind and experienced as movement, plays a crucial but heretofore underestimated crucial role in the development of a child's thoughts and feelings. Co-author Harry Wachs, O.D., a pioneer of developmental vision therapy, offers therapy focused on visual/spatial aspects of development supporting cognition. Based on decades of experience, Wieder and Wachs guide therapists and parents in interventions for use at home, school and therapy offices involving affect based Floortime approaches and other problem-solving experiences, addressing unrecognized challenges that often derail life competencies, learning and development. A new step-by-step Manual presents tools to develop visual/spatial learning. This groundbreaking book changes the way parents and therapists understand child development and work to promote each child's potential in meaningful ways.

The City of Ember - Jeanne DuPrau 2003-05-13

A modern-day classic. This highly acclaimed adventure series about two friends desperate to save their doomed city has captivated kids and teachers alike for almost fifteen years and has sold over 3.5 MILLION copies! The city of Ember was built as a last refuge for the human race. Two hundred years later, the great lamps that light the city are beginning to flicker. When Lina finds part of an ancient message, she's sure it holds a secret that will save the city. She and her friend Doon must race to figure out the clues before the lights go out on Ember forever! Nominated to 28 State Award Lists! An American Library Association Notable Children's Book A New York Public Library 100 Titles for Reading and Sharing Selection A Kirkus Reviews Editors' Choice A Child Magazine Best Children's Book A Mark Twain Award Winner A William Allen White Children's Book Award Winner "A realistic post-apocalyptic world. DuPrau's book leaves Doon and Lina on the verge of undiscovered country and readers wanting more." —USA Today "An electric debut." —Publishers Weekly, Starred "While Ember is colorless and dark, the book itself is rich with description." —VOYA, Starred "A harrowing journey into the unknown, and cryptic messages for readers to decipher." —Kirkus Reviews, Starred

Diet and Health - National Research Council 1989-01-01

Diet and Health examines the many complex issues concerning diet and its role in increasing or decreasing the risk of chronic disease. It proposes dietary recommendations for reducing the risk of the major diseases and causes of death today: atherosclerotic cardiovascular diseases (including heart attack and stroke), cancer, high blood pressure, obesity, osteoporosis, diabetes mellitus, liver disease, and dental caries.

Supplying Washington's Army - Erna Risch 1981

See/Saw - Geoff Dyer 2022-10-06

'Wide-ranging and eclectic' TLS'Seductively curious' Observer'A visual and intellectual journey' HeraldSee/Saw is an illuminating history of how photographs frame and change our perspectives. Starting from single images by the world's most important photographers - from Eugène Atget to Alex Webb - Geoff Dyer shows us how to read a photograph, as he takes us through a series of close readings that are by turns moving, funny, prescient and surprising.

The Sergeants Major of the Army - 2010

The German Campaign in Russia - George E. Blau 1955

15 Minutes Including Q and A - Joey Asher 2010

Every day, business people bore listeners with presentations that ramble on, make no clear points, and fail to address the audiences' key concerns. This book lays out a plan for ridding the world of lousy presentations. Learn how to: • Create "rifle shot" presentations that hit the mark and satisfy listeners. • Answer questions in a way that inspires confidence. • Deliver messages in a style that makes you look and sound like a leader. • Overcome fear of public speaking.

Dinosaurs, Grades 1 - 2 - 2012-09-01

Get ready to learn all about prehistoric life! The fun and interactive pages in Learn About Dinosaurs entertain your child while simultaneously teaching basic skills. Topics include recognizing letters and numbers, matching fossils and animals, and identifying same and different. Each 32-page workbook in the Learn About series is designed to provide a fun learning experience. The broad selection of topics appeals to a wide range of young learners and parents, and each workbook features engaging, interactive activities and easy-to-follow directions. The colorful covers and grade-appropriate content make this series an excellent tool.

Yemen - Victoria Clark 2010-02-23

"Yemen is the dark horse of the Middle East. Every so often it enters the headlines for one alarming reason or another -- links with al-Qaeda, kidnapped Westerners, explosive population growth -- then sinks into obscurity again. But, as Victoria Clark argues in this riveting book, we ignore Yemen at our peril. The poorest state in the Arab world, it is still dominated by its tribal makeup and has become a perfect breeding ground for insurgent and terrorist movements. Clark returns to the country where she was born to discover a perilously fragile state that deserves more of our understanding and attention. On a series of visits to Yemen between 2004 and 2009, she meets politicians, influential tribesmen, oil workers and jihadists as well as ordinary Yemenis. Untangling Yemen's history before examining the country's role in both al-Qaeda and the wider jihadist movement today, Clark presents a lively, clear, and up-to-date account of a little-known state whose chronic instability is increasingly engaging the general reader"--Publisher description.

The Continental Army - Robert K. Wright 1983

A narrative analysis of the complex evolution of the Continental Army, with the lineages of the 177 individual units that comprised the Army, and fourteen charts depicting regimental organization.

Afterparties - Anthony Veasna So 2021-08-03

INSTANT NEW YORK TIMES BESTSELLER WINNER OF THE NATIONAL BOOK CRITICS CIRCLE'S JOHN LEONARD PRIZE FOR BEST FIRST BOOK WINNER OF THE FERRO-GRUMLEY AWARD FOR LGBTQ FICTION Named a Best Book of the Year by: New York Times * NPR * Washington Post * LA Times * Kirkus Reviews * New York Public Library * Chicago Public Library * Harper's Bazaar * TIME * Maureen Corrigan, Fresh Air * Boston Globe* The Atlantic A vibrant story collection about Cambodian-American life—immersive and comic, yet unsparing—that offers profound insight into the intimacy of queer and immigrant communities Seamlessly transitioning between the absurd and the tenderhearted, balancing acerbic humor with sharp emotional depth, Afterparties offers an expansive portrait of the lives of Cambodian-Americans. As the children of refugees carve out radical new paths for themselves in California, they shoulder the inherited weight of the Khmer Rouge genocide and grapple with the complexities of race, sexuality, friendship, and family. A high school badminton coach and failing grocery store owner tries to relive his glory days by beating a rising star teenage player. Two drunken brothers attend a wedding

afterparty and hatch a plan to expose their shady uncle's snubbing of the bride and groom. A queer love affair sparks between an older tech entrepreneur trying to launch a "safe space" app and a disillusioned young teacher obsessed with Moby-Dick. And in the sweeping final story, a nine-year-old child learns that his mother survived a racist school shooter. The stories in *Afterparties*, "powered by So's skill with the telling detail, are like beams of wry, affectionate light, falling from different directions on a complicated, struggling, beloved American community" (George Saunders).

Into the Wild - Jon Krakauer 2009-09-22

Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality.

Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

When Women Ruled the World - Kara Cooney 2018-10-30

This riveting narrative explores the lives of six remarkable female pharaohs, from Hatshepsut to Cleopatra—women who ruled with real power—and shines a piercing light on our own perceptions of women in power today. Female rulers are a rare phenomenon—but thousands of years ago in ancient Egypt, women reigned supreme. Regularly, repeatedly, and with impunity, queens like Hatshepsut, Nefertiti, and Cleopatra controlled the totalitarian state as power-brokers and rulers. But throughout human history, women in positions of power were more often used as political pawns in a male-dominated society. What was so special about ancient Egypt that provided women this kind of access to the highest political office? What was it about these women that allowed them to transcend patriarchal obstacles? What did Egypt gain from its liberal reliance on female leadership, and could today's world learn from its example? Celebrated Egyptologist Kara Cooney delivers a fascinating tale of female power, exploring the reasons why it has seldom been allowed through the ages, and why we should care.

Dixon - Dixon Women's Improvement Club 2005

The charming town of Dixon lies on the pastoral plains of Solano County. Its history stretches back to the 1850s and a settlement called Silveyville, where Elijah Silvey guided in pony express riders and stagecoaches with a red lantern swung from the porch of his hotel. When the California Pacific Railroad bypassed their young town to build a depot on Thomas Dickson's ranch, the cooperative citizens of Silveyville opted to move their buildings four miles to the station on log rollers, pulled by gangs of men and 40-mule teams. Legend has it that the first train schedules arrived with the name misspelled as "Dixon," but Thomas Dickson agreeably went along with the change. Now a town of almost 18,000, it is home to the Dixon May Fair, the oldest fair in the state, and the Lambtown, U.S.A. Festival. It remains, as it has throughout its history, the same cooperative, close-knit community.

Tree of Codes - Jonathan Safran Foer 2010

A masterful work of storytelling, a unique sculptural object created through a collaborative process between Visual Editions and author. A curiosity with the die-cut technique was combined with the pages' physical relationship to one another and how this could somehow be developed to work with a meaningful narrative. This led to Jonathan deciding to use an existing piece of text and cut a new story out of it - his favourite book, *The Street of Crocodiles* by Bruno Schulz. Writing, cutting and proto-typing has created a new story cut from the words of an old favourite.

Bless Me, Ultima - Rudolfo Anaya 2022-03-15

A collectible hardcover 50th-anniversary edition of the bestselling Chicano novel of all time, featuring a new foreword by Erika L. Sánchez, the New York Times bestselling author of *I Am Not Your Perfect Mexican Daughter* A Penguin Vitae Edition Although only six years old, Antonio Marez is perceptive beyond his years. He was brought into the world with the help of Ultima, a curandera, or folk healer, in touch with nature and the spirit world. Revered by some as a wisewoman but rebuked by others as a witch, Ultima has now come back to stay with Tony's family in New Mexico. As Tony seeks out his destiny—torn between his mother's farming forebears and his father's wandering vaquero roots, between Spanish Catholicism and the gods of his indigenous ancestors—Ultima's loving tutelage will help him navigate questions of life and death, good and evil, and reveal to him the vastness of the heritage that shapes him, in this pioneering work of literature. Penguin Vitae—loosely translated as "Penguin of one's life"—is a deluxe hardcover series from Penguin Classics celebrating a dynamic and diverse landscape of classic fiction and nonfiction from seventy-five years of classics publishing. Penguin Vitae provides readers with beautifully designed classics that have shaped the course of their lives, and welcomes new readers to discover these literary gifts of personal inspiration, intellectual engagement, and creative originality.

The Antitrust Revolution - John E. Kwoka 1994

The Levant Express - Micheline R. Ishay 2019-08-20

A surprisingly hopeful assessment of the prospects for human rights in the Middle East, and a blueprint for advancing them The enormous sense of optimism unleashed by the Arab Spring in 2011 soon gave way to widespread suffering and despair. Of the many popular uprisings against autocratic regimes, Tunisia's now stands alone as a beacon of hope for sustainable human rights progress. Libya is a failed state; Egypt returned to military dictatorship; the Gulf States suppressed popular protests and tightened control; and Syria and Yemen are ravaged by civil war. Challenging the widely shared pessimism among regional experts, Micheline Ishay charts bold and realistic pathways for human rights in a region beset by political repression, economic distress, sectarian conflict, a refugee crisis, and violence against women. With due attention to how patterns of revolution and counterrevolution play out in different societies and historical contexts, Ishay reveals the progressive potential of subterranean human rights forces and offers strategies for transforming current realities in the Middle East.

The Quartermaster Corps - William F. Ross 1965

Alcoholics Anonymous - Alcoholics Anonymous World Services 1986

The basic text for Alcoholics Anonymous.

The Rust Programming Language (Covers Rust 2018) - Steve Klabnik 2019-09-03

The official book on the Rust programming language, written by the Rust development team at the Mozilla Foundation, fully updated for Rust 2018. The Rust Programming Language is the official book on Rust: an open source systems programming language that helps you write faster, more reliable software. Rust offers control over low-level details (such as memory usage) in combination with high-level ergonomics, eliminating the hassle traditionally associated with low-level languages. The authors of *The Rust Programming Language*, members of the Rust Core Team, share their knowledge and experience to show you how to take full advantage of Rust's features—from installation to creating robust and scalable programs. You'll begin with basics like creating functions, choosing data types, and binding variables and then move on to more advanced concepts, such as:

- Ownership and borrowing, lifetimes, and traits
- Using Rust's memory safety guarantees to build fast, safe programs
- Testing, error handling, and effective refactoring
- Generics, smart pointers, multithreading, trait objects, and advanced pattern matching
- Using Cargo, Rust's built-in package manager, to build, test, and document your code and manage dependencies
- How best to use

Rust's advanced compiler with compiler-led programming techniques You'll find plenty of code examples throughout the book, as well as three chapters dedicated to building complete projects to test your learning: a number guessing game, a Rust implementation of a command line tool, and a multithreaded server. New to this edition: An extended section on Rust macros, an expanded chapter on modules, and appendixes on Rust development tools and editions.

Department of Defense Dictionary of Military and Associated Terms - 1994

Sign Painters - Faythe Levine 2013-07-02

There was a time, as recently as the 1980s, when storefronts, murals, banners, barn signs, billboards, and even street signs were all hand-lettered with brush and paint. But, like many skilled trades, the sign industry has been overrun by the techno-fueled promise of quicker and cheaper. The resulting proliferation of computer-designed, die-cut vinyl lettering and inkjet printers has ushered a creeping sameness into our visual landscape. Fortunately, there is a growing trend to seek out traditional sign painters and a renaissance in the trade. In 2010 filmmakers Faythe Levine, coauthor of *Handmade Nation*, and Sam Macon began documenting these dedicated practitioners, their time-honored methods, and their appreciation for quality and craftsmanship. *Sign Painters*, the first anecdotal history of the craft, features stories and photographs of more than two dozen sign painters working in cities throughout the United States. With a foreword by legendary artist (and former sign painter) Ed Ruscha, this vibrant book profiles sign painters young and old, from the new vanguard working solo to collaborative shops such as San Francisco's New Bohemia Signs and New York's Colossal Media's Sky High Murals.

The Ordnance Department: on Beachhead and Battlefield - Lida Mayo 1968

The Quartermaster Corps - Erna Risch 1955

Built from Scratch - Bernie Marcus 2019-08-20

One of the greatest entrepreneurial success stories of the past twenty years When a friend told Bernie Marcus and Arthur Blank that "you've just been hit in the ass by a golden horseshoe," they thought he was crazy. After all, both had just been fired. What the friend, Ken Langone, meant was that they now had the opportunity to create the kind of wide-open warehouse store that would help spark a consumer revolution through low prices, excellent customer service, and wide availability of products. *Built from Scratch* is the story of how two incredibly determined and creative people—and their associates—built a business from nothing to 761 stores and \$30 billion in sales in a mere twenty years. *Built from Scratch* tells many colorful stories associated with The Home Depot's founding and meteoric rise; shows that a company can be a tough, growth-oriented competitor and still maintain a high sense of responsibility to the community; and provides great lessons useful to people in any business, from start-ups to the Fortune 500.

Lo-Life - Jackson Blount 2016-12-06

Lo-Life: An American Classic takes the reader on a tripto New York City in the early 80s—a time when crimeand violence ran the streets. The infamous Lo-Lifegang emerged from this tumultuous time. Formedby crews of teenagers from the Brownsville and CrownHeights neighborhoods of Brooklyn, they made a namefor themselves by dressing head-to-toe in expensive RalphLauren clothing, or "Lo." Polo apparel—and other preppy80s fashion labels like Guess, Nautica, and Benetton,among others—represented an aspirational lifestyle forthese kids from rough neighborhoods just struggling toget by. Fighting for style and survival, the Lo-Lifestargeted these brands, and would acquire them by anymeans necessary, including stick-ups, shoplifting, and hustling. A reign of terror ensued, when your new wintercoat could make you the target for a robbery—or worse. What started as an informal gang uniform organizedaround clean designs and bright colors, became adevotion to a lifestyle brand, and eventually created anassociation between the streets and luxury that wouldfundamentally change the fashion industry. *Lo-Life: AnAmerican Classic* documents the personal collectionsof exclusive archival vintage photographs amassed bythe crew and interviews with original members,presenting the first comprehensive oral history of thisnotorious New York collective. *Lo-Life* is the remarkable story of a small group of teenagersfighting to make a name for themselves who eventuallymade themselves seen, heard, and emulated globally. Love and Loyalty!

Genesis - Guido Tonelli 2021-04-13

A breakout bestseller in Italy, now available for American readers for the first time, *Genesis: The Story of How Everything Began* is a short, humanistic tour of the origins of the universe, earth, and life—drawing on the latest discoveries in physics to explain the seven most significant moments in the creation of the cosmos. Curiosity and wonderment about the origins of the universe are at the heart of our experience of the world. From Hesiod's *Chaos*, described in his poem about the origins of the Greek gods, *Theogony*, to today's mind-bending theories of the multiverse, humans have been consumed by the relentless pursuit of an answer to one awe inspiring question: What exactly happened during those first moments? Guido Tonelli, the acclaimed, award-winning particle physicist and a central figure in the discovery of the Higgs boson (the "God particle"), reveals the extraordinary story of our genesis—from the origins of the universe, to the emergence of life on Earth, to the birth of human language with its power to describe the world. Evoking the seven days of biblical creation, Tonelli takes us on a brisk, lively tour through the evolution of our cosmos and considers the incredible challenges scientists face in exploring its mysteries. *Genesis* both explains the fundamental physics of our universe and marvels at the profound wonder of our existence.

Accidental Love - Gary Soto 2006

The award-winning author of "Baseball in April and Other Stories" deftly captures all the angst, expectation, and humor that comes with first love in this swift, lighthearted romance.

Army Food Program - Department of the Army 2012-07-24

This regulation encompasses garrison, field, and subsistence supply operations. Specifically, this regulation comprises Army Staff and major Army command responsibilities and includes responsibilities for the Installation Management Command and subordinate regions. It also establishes policy for the adoption of an à la carte dining facility and for watercraft to provide subsistence when underway or in dock.

Additionally, the regulation identifies DOD 7000.14-R as the source of meal rates for reimbursement purposes; delegates the approval authority for catered meals and host nation meals from Headquarters, Department of the Army to the Army commands; and authorizes the use of the Government purchase card for subsistence purchases when in the best interest of the Government. This regulation allows prime vendors as the source of garrison supply and pricing and provides garrison menu standards in accordance with The Surgeon General's nutrition standards for feeding military personnel. Also, included is guidance for the implementation of the U.S. Department of Agriculture Food Recovery Program.

Gulp: Adventures on the Alimentary Canal - Mary Roach 2014-04

The humorous science writer offers a tour of the human digestive system, explaining why the stomach doesn't digest itself and whether constipation can kill you.

Military Government in the Ryukyu Islands, 1945-1950 - Arnold G. Fisch 1988

Military government on Okinawa from the first stages of planning until the transition toward a civil administration.

Organization Theory and Design - Jonathan Murphy 2014

Organizing involves continuous challenges in the face of uncertainty and change. How is globalization impacting organizations? How will new strategies for a turbulent world affect organizational design?In this second edition of *Organization Theory and Design*, developed for students in the UK, Europe, the Middle East and Africa, respected academics Jonathan Murphy and Hugh Willmott continue to add an international perspective to Richard L. Daft's landmark text. Together they tackle these questions in a comprehensive, clear and accessible study of the subject.

The Most Beautiful Opera Houses in the World - 2013-10-29

Opera houses--temples to the art of Mozart, Verdi, Tchaikovsky, and more--have been created by some of the most talented architects and designers of their generations, inspiring centuries of veneration from audiences, filled with royalty and commoners alike. In this sumptuous book, photographer Guillaume de Laubier and journalist Antoine Pecqueur explore more than 25 of the world's most beautiful opera houses, from Tokyo to Covent Garden, from Oslo to Chicago, from Milan to New York. The buildings are described in their historical contexts, while stunning photography reveals the theaters' most captivating spaces. In addition to offering sweeping views of ornate auditoriums and facades, the book opens doors normally closed to the public, entering the artists' dressing rooms, rehearsal halls, scenery workshops, and more, presenting a wide-ranging and compelling look into a spectacular world. Praise for *The Most Beautiful Opera Houses in the World*: "Performance

spaces take the spotlight in *The Most Beautiful Opera Houses in the World* and you don't need to be a music buff to appreciate their range. The photographs by Guillaume de Laubier capture 32 theaters across the globe in rich detail . . . Who knew empty stages made for such good theater?" --Wall Street Journal "With the growing popularity of massive arenas, it is often difficult to think back to a time when going out for a night of music was synonymous with elegance. But a new book has rediscovered the high art of these exquisite theater spaces. *The Most Beautiful Opera Houses in the World* contains hundreds of photographs showing the exteriors and auditoriums of these cultural treasures--and is a reminder why these architectural wonders are worth a visit." -- FOXNews.com

You Are Beautiful and You Are Alone - Jennifer Otter Bickerdike
2021-08-10

A new, definitive biography of the iconic and mysterious singer, Warhol superstar, Velvet Underground collaborator: influential solo artist Nico. *YOU ARE BEAUTIFUL AND YOU ARE ALONE* is a new biography of Nico, the mysterious singer best known for her work with the Velvet Underground and her solo album *Chelsea Girl*. Her life is tangled in myth--much of it of her own invention. Rock and roll cultural historian Jennifer Bickerdike delivers a definitive book that unravels the story while making a convincing case for Nico's enduring importance. Over the course of her career, Nico was an ever-evolving myth: art film house actress, highly coveted fashion model, Dietrich of Punk, *Femme Fatale*, *Chelsea Girl*, *Garbo of Goth*, *The Last Bohemian*, *Heroin Junkie*. Lester Bangs described her as 'a true enigma.' At age 27, Nico became Andy Warhol's newest Superstar, featuring in his one commercial break out hit film *Chelsea Girls* and garnering the position of chanteuse for the Velvet Underground. It wasn't Nico's musical chops which got her the gig; it was her striking beauty. Her seeming otherworldly and unattainable presence was further amplified by her reputation for dating rock stars (Brian Jones, Bob Dylan, Jim Morrison, among others). She became famous for being Nico. Yet Nico's talent and her contribution to rock culture are often overlooked. She spent most of her career as a solo artist on the road, determined to make music, seemingly against all the odds, enduring empty concert halls, abusive fans, and the often perilous reality of being an ageing artist and drug addict. She created mesmerizing and unique projects that inspired a generation of artists, including Henry Rollins, Morrissey, Siouxsie Sioux and the Banshees and Iggy Pop. Drawing on the archives at the Andy Warhol Museum and at Nico's record labels, various private collections, and rarely seen footage, and featuring exclusive new interviews from those who knew her best, including Iggy Pop and Danny Fields, and those inspired by her legacy, *YOU ARE BEAUTIFUL AND YOU ARE ALONE* reveals the complicated, often compromised, self-destructive and always head strong woman behind the one-dimensional myths.

Fodor's USA. - Fodor's Travel Publications, Inc 2001

The Office BFFs - Jenna Fischer 2022-05-17

INSTANT #1 NEW YORK TIMES BESTSELLER An intimate, behind-the-scenes, richly illustrated celebration of beloved *The Office* co-stars Jenna Fischer and Angela Kinsey's friendship, and an insiders' view of Pam Beesly, Angela Martin, and the iconic TV show. Featuring many of their never-before-seen photos. Receptionist Pam Beesly and accountant Angela Martin had very little in common when they toiled together at Scranton's Dunder Mifflin Paper Company. But, in reality, the two bonded in their very first days on set and, over the nine seasons of the series' run, built a friendship that transcended the show and continues to this day. Sharing everything from what it was like in the early days as the show struggled to gain traction, to walking their first red carpet—plus exclusive stories on the making of milestone episodes and how their lives changed when they became moms—*The Office BFFs* is full of the same warm and friendly tone Jenna and Angela have brought to their *Office Ladies* podcast.

Pain Management and the Opioid Epidemic - National Academies of Sciences, Engineering, and Medicine 2017-09-28

Drug overdose, driven largely by overdose related to the use of opioids, is now the leading cause of unintentional injury death in the United States. The ongoing opioid crisis lies at the intersection of two public health challenges: reducing the burden of suffering from pain and containing the rising toll of the harms that can arise from the use of opioid medications. Chronic pain and opioid use disorder both represent complex human conditions affecting millions of Americans and causing untold disability and loss of function. In the context of the growing opioid problem, the U.S. Food and Drug Administration (FDA) launched an Opioids Action Plan in early 2016. As part of this plan, the FDA asked the National Academies of Sciences, Engineering, and Medicine to convene a committee to update the state of the science on pain research, care, and education and to identify actions the FDA and others can take to respond to the opioid epidemic, with a particular focus on informing FDA's development of a formal method for incorporating individual and societal considerations into its risk-benefit framework for opioid approval and monitoring.
