Oliver Twist Illustrated - Charles Dickens

Oliver Twist; or, the Parish Boy's Progress is Charles Dickens's second novel, and was first published as a serial 1837-39.[1] The story centres on orphan Oliver Twist, born in a workhouse and sold into apprenticeship with an undertaker. After escaping, Oliver travels to London, where he meets "The Artful Dodger", a member of a gang of juvenile pickpockets led by the elderly criminal, Fagin. Oliver Twist is notable for its unromantic portrayal by Dickens of criminals and their sordid lives, as well as for exposing the cruel treatment of the many orphans in London in the mid-19th century.[2] The alternative title, The Parish Boy's Progress, alludes to Bunyan's The Pilgrim's Progress, as well as the 18th-century caricature series by William Hogarth, A Rake's Progress and A Harlot's Progress.[3] In this early example of the social novel, Dickens satirises the hypocrisies of his time, including child labour, the recruitment of children as criminals, and the presence of street children. The novel may have been inspired by the story of Robert Blincoe, an orphan whose account of working as a child labourer in a cotton mill was widely read in the 1830s. It is likely that Dickens's own youthful experiences contributed as well. Oliver Twist has been the subject of numerous adaptations for various media, including a highly successful musical play, Oliver!, and the multiple Academy Award-

winning 1968 motion picture. Disney also put its spin on the novel with the animated film called *Oliver & Company* in 1988.

Artful - Ali Smith 2013-01-24

“A stimulating combination of literary criticism, essay, and fiction” (The New Yorker) from the incomparable Ali Smith *Artful* is a celebration of literature’s worth in and to the world—it is about the things art can do, the things art is made of, and the quicksilver nature of all artfulness. A magical hybrid that refuses to be tied down to either fiction or the essay form, *Artful* is narrated by a character who is haunted—literally—by a former lover, the writer of a series of lectures about art and literature. Ali Smith’s heady powers as a novelist and short story writer harmonize with her keen perceptions as a reader and critic to form a living thing that reminds us that life and art are never separate.

"The last great work of the age of reason, the final instance when all human knowledge could be presented with a single point of view ... Unabashed optimism, and unabashed racism, pervades many entries in the 11th, and provide its defining characteristics ... Despite its occasional ugliness, the reputation of the 11th persists today because of the staggering depth of knowledge contained with its volumes. It is especially strong in its biographical entries.
