present-day fear of nuclear annihilation to a loving, yet also terrifying infinite loop in time that includes a sideways step outside the universe as we know it. Put yourself in the hands of a master and take your imagination for a series of thrill-rides. “One of the most important science fiction authors. Brunner held a mirror up to reflect our foibles because he wanted to save us from ourselves.” —SF Site

The Bridge Across Forever -

Richard Bach 2006-11-21

More than one year on the New York Times bestseller list!

Richard Bach's timeless and uplifting classic of hope and love "We're the bridge across forever, arching above the sea, adventuring for our pleasure, living mysteries for the fun of it, choosing disasters triumphs challenges impossible odds, testing ourselves over and again, learning love and love and love!" "The opposite of

loneliness, it's not togetherness. It is intimacy." "Look in a mirror and one thing's sure: what we see is not who we are." "Next to God, love is the word most mangled in every language. The highest form of regard between two people is friendship, and when love enters, friendship dies." "There are no mistakes. The events we bring upon ourselves, no matter how unpleasant, are necessary in order to learn what we need to learn; whatever steps we take, they're necessary to reach the places we've chosen to go." *Above the Clouds -* Jonathan Bach 1993

"Jonathan Bach, the son of author Richard Bach, was named after the soaring, learning spirit of his father's most famous book, Jonathan Livingston Seagull." "Jonathan was two years old when Richard left the family and divorced his wife, creating what society calls a "broken home." From the day he was told that Richard didn't want to be a dad, Jonathan had an excuse to hate his father, to see

him as nothing more than a failure and a coward." "Above the Clouds is the true story of how Jonathan's compelling search to learn the truth amid a sea of half-truths gave him the courage at age twenty-one to plow through his confusion and meet Richard. It is how Jonathan and Richard finally begin to know each other." "As Jonathan establishes a loving relationship with his father, he discovers that Richard is not a failure as a father. He learns that being from a broken home is not a destiny for self-destruction; that we can choose not to learn or we can check our assumptions by opening our minds; we can stay safe in the walls we build to protect us or we can shatter them to make peace with the past and live an enlightened future."--BOOK JACKET. Illusions - Richard Bach
2012-08-01

In the cloud-washed airspace between the cornfields of Illinois and blue infinity, a man puts his faith in the propeller of his biplane. For disillusioned writer and itinerant barnstormer Richard Bach, belief is as real as a full tank of gas and sparks firing in the cylinders...until he meets Donald Shimoda--former mechanic and self-described messiah who can make wrenches fly and Richard's imagination soar.... In *Illusions*, the unforgettable follow-up to his phenomenal bestseller *Jonathan Livingston Seagull*, Richard Bach takes to the air to discover the ageless truths that give our souls wings: that people don't need airplanes to soar...that even the darkest clouds have meaning once we lift ourselves above them... and that messiahs can be found in the unlikeliest places--like hay

fields, one-traffic-light
midwestern towns, and most of
all, deep within ourselves.

AN OPRAH'S BOOK CLUB SELECTION An Instant New York Times Bestseller Shortlisted for the 2021 Booker Prize Longlisted for the 2021 National Book Award for Fiction Longlisted for the 2022 Andrew Carnegie Medal for Excellence in Fiction A heartrending new novel from the Pulitzer Prize-winning and #1 New York Times best-selling author of *The Overstory*. The astrobiologist Theo Byrne searches for life throughout the cosmos while single-handedly raising his unusual nine-year-old, Robin,

following the death of his wife. Robin is a warm, kind boy who spends hours painting elaborate pictures of endangered animals. He's also about to be expelled from third grade for smashing his friend in the face. As his son grows more troubled, Theo hopes to keep him off psychoactive drugs. He learns of an experimental neurofeedback treatment to bolster Robin's emotional control, one that involves training the boy on the recorded patterns of his mother's brain... With its soaring descriptions of the natural world, its tantalizing vision of life beyond, and its account of a father and son's ferocious love, *Bewilderment* marks Richard Powers's most intimate and moving novel. At its heart lies the question: How can we tell our children the truth about this beautiful, imperiled planet?

One - Richard Bach 1989-10-02
I gave my life to become the person I am right now. Was it worth it? Would we change if we knew what waits beyond space and time? "With One, the

ninth novel from the ever spiritual and imaginative author of *Jonathan Livingston Seagull*, [Richard] Bach continues his quest for a deeper understanding of human nature. . . . Although the elements of a great science fiction novel are present, the plot is secondary to the novel's theme of humanity's ability to control destiny"—The Boston Herald "If you have ever tried to judge a book by its cover . . . One lives up to this question [in the headline] . . . and more . . . Bach gives the reader much to ponder, so much so in some chapters that the thoughtful may be tempted to read no more than a page at a sitting. Not because it's cumbersome reading, but because the ideas are worth savoring."—USA Today "One is a provocative book . . . it gives beautiful, hope-filled answers."—Indianapolis News "Uplifting . . . Each of the inspirational set pieces preaches the same message: of the power of each individual to choose the ways of peace, brotherhood and love, to live

with a reverence for nature and at harmony with the universe. Back again displays an inventive imagination and inspirational zeal.”—Publishers Weekly “One presents a number of provocative speculations: What would it be like to meet yourself when you were older or younger? How would your life turn out if you had made different choices, split up with your spouse, been born in a different time and place? . . . With love and hope as their guides and ‘what matters most’ as their destination, the Bachs touch down in different times and places, where they commune with some of their alternative selves.”—The New York Times Book Review “This is a strange and though-provoking fantasy from the man who gave us Jonathan Livingston Seagull and Illusions, one that is imaginative, playful, and, in places, startling in concept.”—The Anniston Star “Instead of soaring and diving through space, passengers on this flight must be prepared to cruise slowly, making several

stops to look at their motivation and lifestyles as the Bachs look at their own.”—Detroit Free Press

[Life with My Guardian Angel](#) -

Richard Bach 2018-04-25

Let's pretend that I was killed on that day, when I wasn't. The day when my guardian angel managed to throw my F-86F half a second from becoming a fireball in the desert, up into a clear sky, way above what would have been the impact point. If she hadn't done this, if she hadn't spared my life time after time in the 80-some years that we've been together, I wouldn't have written this book that brings those strange times together, and suggests why we choose any lifetime in the first place. For 78 of those years, I had no idea that she existed, hadn't heard about guardian angels and what their job might be. Hadn't heard that our angel stays with us from the minute we're born till the time that our mission is done, and we come home to the place we call heaven. Today I've just about finished a lifetime, and at last I can understand what it is that we do as mortals, and why we choose these over all the other possibilities. Thank you, dear guardian angel, and please consider that with your

consent and signature, our contract will extend to yet another lifetime.
