Chiunque tu sia. In qualunque cosa tu creda. Tutto sta per cambiare. Robert Langdon, professore di simbologia e iconologia religiosa a Harvard, è stato invitato all'avveniristico museo Guggenheim di Bilbao per assistere a un evento unico: la rivelazione che cambierà per sempre la storia dell'umanità e rimetterà in discussione dogmi e principi dati ormai come acquisiti, aprendo la via a un futuro tanto imminente quanto inimmaginabile. Protagonista della serata è Edmond Kirsch, quarantenne miliardario e futurologo, famoso in tutto il mondo per le sbalorditive invenzioni high-tech, le audaci previsioni e l'ateismo corrosivo. Kirsch, che è stato uno dei primi studenti di Langdon e ha con lui un'amicizia ormai ventennale, sta per svelare una stupefacente scoperta che risponderà alle due fondamentali domande: da dove veniamo? E, soprattutto, dove andiamo? Mentre Langdon e centinaia di altri ospiti sono ipnotizzati dall'eclatante e spregiudicata presentazione del futurologo, all'improvviso la serata sfocia nel caos. La preziosa scoperta di Kirsch, prima ancora di essere rivelata, rischia di andare perduta per sempre. Scosso e incalzato da una minaccia incombente, Langdon è costretto a un disperato tentativo di fuga da Bilbao con Ambra Vidal, l'affascinante direttrice del museo che ha collaborato con Kirsch alla preparazione del provocatorio evento. In gioco non ci sono solo le loro vite, ma anche l'instimabile patrimonio di conoscenza a cui il futurologo ha dedicato tutte le sue energie, ora sull'orlo di un oblio irreversibile. Percorrendo i corridoi più oscuri della storia e della religione, tra forze occulte, crimini mai

sepolti e fanatismi incontrollabili, Langdon e Vidal devono sfuggire a un nemico letale il cui onnisciente potere pare emanare dal Palazzo reale di Spagna, e che non si fermerà davanti a nulla pur di ridurre al silenzio Edmond Kirsch. In una corsa mozzafiato contro il tempo, i due protagonisti decifrano gli indizi che li porteranno faccia a faccia con la scioccante scoperta di Kirsch e con la sconvolgente verità che da sempre ci sfugge. Dan Brown ha ambientato la nuova, emozionante avventura del suo personaggio di maggior successo, Robert Langdon, nelle suggestive cornici di Bilbao, Barcellona e Madrid, fra capolavori dell'arte, edifici storici, testi classici e simboli enigmatici. Brillante riflessione sull'eterno conflitto tra scienza e fede e sulle sfide che le nuove tecnologie e l'intelligenza artificiale ci pongono quotidianamente, *Origin* è un romanzo ricco di spunti colti e di invenzioni narrative, in cui passato e futuro si incontrano in una contemporaneità sorprendente. Crash Override - Zoe Quinn 2017-09-05

You've heard the stories about the dark side of the internet--hackers, #gamergate, anonymous mobs attacking an unlucky victim, and revenge porn--but they remain just that: stories. Surely these things would never happen to you. Zoe Quinn used to feel the same way. She is a video game developer whose ex-boyfriend published a crazed blog post cobbled together from private information, half-truths, and outright fictions, along with a rallying cry to the online hordes to go after her. They answered in the form of a so-called movement known as #gamergate--they hacked her accounts; stole nude photos of her; harassed her family, friends, and colleagues; and threatened to rape and murder her. But instead of shrinking into silence as the online mobs wanted her to, she raised her voice and spoke out against this vicious online culture and for making the internet a safer place for everyone. In the years since #gamergate, Quinn has helped thousands of people with her advocacy and online-abuse crisis resource Crash Override Network. From locking down victims' personal accounts to working with tech companies and lawmakers to inform policy, she has firsthand knowledge about every angle of online abuse, what powerful institutions are (and aren't) doing about it, and how we can protect our digital spaces and selves. Crash Override offers an up-close look inside the controversy, threats, and social and cultural battles that started in the far corners of the internet and have since permeated our online lives. Through her story--as target and as activist--Quinn provides a human look at the ways the internet impacts our lives and culture, along with practical advice for keeping yourself and others safe online.

Mistress Masham's Repose - T.H. White 2012-03-07

"She saw: first, a square opening, about eight inches wide, in the lowest step...finally she saw that there was a walnut shell, or half one, outside the nearest door...she went to look at the shell—but looked with the greatest astonishment. There was a baby in it." So ten-year-old Maria, orphaned mistress of Malplaquet, discovers the secret of her deteriorating estate: on a deserted island at its far corner, in the temple long ago nicknamed Mistress Masham's Repose, live an entire community of people—"The People," as they call themselves—all only inches tall. With the help of her only friend—the absurdly erudite Professor—Maria soon learns that this settlement is no less than the kingdom of Lilliput (first seen in Gulliver's Travels) in exile. Safely hidden for centuries, the Lilliputians are at first endangered by Maria's well-meaning but clumsy attempts to make their lives easier, but their situation grows truly ominous when they are discovered by Maria's greedy guardians, who look at The People and see only a bundle of money.

348 Coincidence! Among Myself and Dan Brown - Aydin Turkgucu 2022-01-08

348 Coincidence! Among Myself and Dan Brown I have been writing books about the interaction of Virtual Reality and Artificial Intelligence-Based universe model with beliefs, and the future of this model as well as giving seminars as a computer programmer since 1995. Therefore, with the aim of forging a link between the beliefs of humans and science & technology, I have developed discourses

specific to me that are based on new knowledge and experiences. I broke new grounds with the new methods that I brought in the world of books. My books which had press and media coverage for its original contents received positive feedbacks from the relevant experts as well. My last four books written since 2009 were translated into English and were published. My readers who read Dan Brown's novel "Origin" published on October 3, 2017 called me and said "We were under the impression that we were reading your books while reading 'Origin' novel of Dan Brown." Thereupon, I purchased the book. I was shocked when I read the constituent elements of my original works for which I own the copyright. I quickly realized crucial similarities in regard to purpose and fiction of the book, pattern of the stories, characters, the scenes used, the celebrities featured, findings and predictions. This comparison revealed over 300 similarities which made me deduce the emergence of copyright infringement. In my research, I learnt from the news published in October 2017 that a plagiarism lawsuit was commenced against Dan Brown for his novel "Da Vinci Code". In other words, I was not the first injured party. Dan Brown divorced Blythe Brown, his wife of 21 years and his pillar of support in 2019. Blythe Brown asserted on June 30, 2020 She learnt the truth after getting divorced and "He concealed his life full of lies in the US, Europe and Caribbean." Furthermore, 'I trusted this man for decades as my life's love. We worked so hard together, struggling to build something meaningful... I don't recognise the man that Dan has become. IT IS TIME TO REVEAL HIS DECEIT AND BETRAYAL. AFTER SO MUCH PAIN, IT IS TIME FOR TRUTH. IT IS TIME TO RIGHT THESE WRONGS.' I learnt she will sue for damages. I care about these statements of Blythe considerably, because their divorce suits that ended with infidelity brought out the flames which were unlikely to be discovered. His infidelity was to his ex-wife Blythe. What did Blythe mean with "DECEIT"? What might be the "DECEIT" of a worldwide known author? Either reproduction without permission (plagiarism) or well-hidden negative perception methods. May be both of them. I did not think about another possibility. This plagiarism claims in the same article of Tom Leonard dated July 2, 2020 by Blythe Brown, herself. "Having repeatedly denied plagiarism claims, Brown said in 2017: 'You can say you hate my book but don't say I'm a liar or a cheater.' Yet his ex-wife is now alleging he is both of these" The aim of this book is (1) to present the readers the bilateral likeness table with 348 items that compare Dan Brown's "Origin" book published in 2017 and my articles and videos, and ask their opinions (2) to indicate why Dan Brown had to quote, in light of his explanations before and during the writing process of "Origin" and after its publication. My intention was not to offend Dan Brown or the publishing house, therefore I did my best to settle the matter with consensus. I hadn't taken legal action, yet. In addition, I hadn't announced press and media the process of claiming my right which would last about three years and gain worldwide attention. I think of commencing the lawsuit process after your possible contributions to the information and documents shared in this book. Aydin Turkgucu 2015-2017 Nobel Peace Prize Nominee
