Cuvier's History of the Natural Sciences - Georges Cuvier 2019-10-24
Here, for the first time in English, is Georges Cuvier's extraordinary "History of the Natural Sciences from Its Origin to the Present Day." Based on a series of public lectures presented by Cuvier from 1829 to 1832, this first of a five-volume series, translated from the original French and heavily annotated with commentary, is a detailed chronological survey of the natural sciences spanning more than three millennia. It is truly astonishing in its detail and scope. Cuvier was fluent in many languages, English, German, Spanish, and certainly Latin, in addition to French. He was therefore well prepared to investigate and interpret firsthand the scientific literature of Europe as a whole. The work is an affirmation of Cuvier's vast encyclopedic knowledge, his complete command of the scientific and historical literature, and his incomparable memory. This history is remarkable also for providing in one place a large set of useful references to a vast ancient literature that is not easily found anywhere else. This huge body of information provides us furthermore with unique insight into Cuvier's concept of the natural sciences, and to the vast breadth and progress of this human endeavor. With this work, Cuvier fills an important gap in philosophical thought between the time of Carl Linnaeus and Charles Darwin.

Bayeux in the Late Eighteenth Century - Olwen H. Hufton 1967

A study on the effects of the French Revolution upon the cathedral town of Bayeux. Le Songe Du Vieil Pelerin - Philippe de Mezieres 2009-06-18

This French medieval text is now published in its entirety, accompanied by an introduction and extensive synopses in English. Philippe de Mezieres (1327-1405) was a French soldier, publicist and statesman who travelled widely through much of the Christian world and served a number of rulers, particularly the King of Cyprus and Charles V and VI of France. Throughout his life Philippe de Mezieres was obsessed by the ideal that the West must reform itself in the light of the Christian view of the good life and he urged all Christian rulers to join together in a final crusade to

liberate the Holy Land and the eastern Christian empires. This is the underlying theme of *Le Songe du Vieil Pelerin*, Philippe de Mezieres' major work. It is divided into three parts: the first is a wide-ranging survey of the Christian world, the second an examination of the state of France and the third a study of the duties and requirements of authority. The style is highly allegorical but contains much personal observation and historical fact.

Beton Rouge - Simone Buchholz 2018-12-21

On a warm September morning, an unconscious man is found in a cage at the entrance to the offices of one of the biggest German newspapers. Closer inspection shows he is a manager of the company, and that he's been tortured. Three days later, another manager appears in similar circumstances. Chastity Riley and her new colleague Ivo Stepanovic are tasked with uncovering the truth behind the attacks, an investigation that goes far beyond the revenge they first suspect, to the dubious past shared by both victims. Traveling to the south of Germany, they step into the elite world of boarding schools, where secrets are currency, and monsters are bred—monsters who will stop at nothing to protect themselves. A smart, dark, probing thriller, full of all the hard-boiled poetry and acerbic wit of the very best noir, *Beton Rouge* is both a classic whodunit and a scintillating expose of society, by one of the most exciting names in crime fiction.

The War for Gaul - Julius Caesar 2021-07-13

"Imagine a book about an unnecessary war written by the ruthless general of an occupying army - a vivid and dramatic propaganda piece that forces the reader to identify with the conquerors and that is designed, like the war itself, to fuel the limitless political ambitions of the author. Could such a campaign autobiography ever be a great work of literature - perhaps even one of the greatest? It would be easy to think not, but such a book exists -and it helped transform Julius Caesar from a politician on the make into the Caesar of legend. This remarkable new translation of Caesar's famous but underappreciated War for Gaul captures, like never before in English, the gripping and powerfully concise style of the future emperor's dispatches from the front lines in what are today France, Belgium, Germany, and Switzerland. While letting Caesar tell his battle stories in his own way, distinguished classicist James O'Donnell also fills in the rest of the story in a substantial introduction and notes that together explain why Gaul is the "best bad man's book ever written"--A great book in which a genuinely bad person offers a bald-faced, amoral description of just how bad he has been. Complete with a chronology, a map of Gaul, suggestions for further reading, and an index, this feature-rich edition captures the forceful austerity of a troubling yet magnificent classic - a book that, as O'Donnell says, 'gets war exactly right and morals exactly wrong.'" -- Front jacket flap

Wheel Within a Wheel - Frances Elizabeth Willard 1997

Written toward the turn of the nineteenth century by Frances Willard, the founder of the WCTU (Women's Christian Temperance Union) and well-known suffragette, *A Wheel Within a Wheel* offers lively insight into the mind of an independent woman who also reflected the temper of her times. Brave enough to take up bicycle riding when she was fifty-three years old, Willard reported that her bicycling costume ""consisted of a skirt and blouse of tweed, with belt, rolling collar, and loose cravat, the skirt three inches from the ground; a round straw hat, and walking-shoes with gaiters. It was a simple, modest suit, to which no person of common sense could take exception.""

Running Through the Ages, 2d ed. - Edward S. Sears 2015-06-08

Beginning with prehumans running down prey, this book describes how ancient, medieval and modern runners have come to run ever faster. Writers of antiquity left few detailed accounts of running but in the early 1800s detailed accounts of running feats and matches appeared in newspapers, journals and books. Nineteenth century pioneers like George Seward, Harry Hutchens, Walter George and Bernie Wefers are here given long-deserved recognition. The six-day Go-as-You-Please races of the 1870s and 1880s—featuring running's first great female performer, Amy Howard—are discussed. Twentieth century luminaries Helen Stephens, Jesse Owens, Paavo Nurmi, Emil Zatopek, Bob Hayes, Abebe Bikila and Joan Benoit-Samuels are included, along with the Bunion Derby races of 1928-1929. New material for this revised and expanded second edition includes coverage of the 1970s running boom, women marathon pioneers, the impact of drugs on running, and the feats of 21st century runners such as Usain Bolt, Paula Radcliffe and Haile Gebrselassie.

School Blues - Daniel Pennac 2011-08-04

Daniel Pennac has never forgotten what it was like to be a very unsatisfactory student, nor the day one of his teachers saved his life by assigning him the task of writing a novel. This was the moment Pennac realized that no-one has to be a failure for ever. In *School Blues*, Pennac explores the many facets of schooling: how fear makes children reject education; how children can be captivated by inventive thinking; how consumerism has altered attitudes to learning. Haunted by memories of his own turbulent time in the classroom, Pennac enacts dialogues with his teachers, his parents and his own students, and serves up much more than a bald analysis of how young people are consistently failed by a faltering system. *School Blues* is not only universally applicable, but it is unquestionably a work of literature in its own right, driven by subtlety, sensitivity and a passion for pedagogy, while embracing the realities of contemporary culture.

Women of Kurdistan: A Historical and Bibliographic Study - Shahrzad Mojab 2021-04-19

Women of Kurdistan: A Historical and Bibliographic Study documents a century long history of Kurdish women's struggles against oppressive gender relations and state violence. It speaks to bibliographic silences on Kurdish women; silences that are systemic and structured, with many factors contributing to their (re)production. The book records extensive literature on violence perpetrated by the family, community, and the state as well as presenting the reader with a vibrant archive of resistance and struggle of Kurdish women. The analysis avoids the fashionable state-centered scholarship, which purifies processes of nation-building, state-building, and disguises their violence. The image depicted of the women of Kurdistan in this bibliography is shaped also by the languages we have chosen: English, French, and German. It is a record of material in languages that are not spoken by the majority of the Kurds. It will, therefore, be different from a bibliography of works in the Kurdish language, which have a majority of Kurdish authors, with more entries on topics such as poetry, fiction, education, and arts. "Love and learning made the making of this bibliography imaginable. It began more than 20 years ago when Amir was expanding his theoretical ground for class analysis of nationalism and peasant movement in the Kurdish region of Mukriyan (Hassanpour, 2021). Simultaneously, I was engaged with debates on Marxist feminism and transnational feminism while grappling with post-al tendencies in feminism such as post-colonialism, post-structuralism, and post-modernism. We wanted to better understand the explanatory power and political implications of Marx's dialectical historical materialism in explicating the intersecting and refracting relations of

gender, class, race, culture, nation, and nationalism. This commitment, nonetheless, did not remain in the realm of epistemology as a disembodied intellectual exercise. As a member of a dominant nation—a Shirazi born Iranian—I wanted to critically confront this national “identity” and the sense of “belonging.” Amir sought to scrutinize patriarchal structures and gender relations in Kurdish history, society, culture, and nation. This intertwined mind and heart desire put us onto a path of renewed discoveries of our personal and intellectual relations. In a nutshell, this was the beginning of the making of *Women of Kurdistan: A Historical and Bibliographic Study*." *Women of Kurdistan* provides a meticulously researched source book for readers interested in women, gender, and sexuality in Kurdistan and the Middle East. It covers a wealth of bibliographic material, including both scholarly and non-academic publications, many of which have not previously been accessible to broader audiences. But *Women of Kurdistan* is more than a source of information. It is also an eloquent reflection on the entanglement of knowledge production and political power, and a call to recognize scholarship’s potential in shaping historical change. Above all, it is a passionate statement about the impossibility to comprehend the intersection of colonial, capitalist, and nationalist forces without attention to women’s lives and struggles. - Marlene Schäfers, British Academy Newton International Fellow, University of Cambridge. *Women of Kurdistan* is simply an excellent template for how to chronicle women’s resistance politics. By framing the Kurdish women’s struggles within a historical materialism under different modes of production and discussing the political influence of five different nations on the Kurdish peoples, the authors offer a rich context that surpasses the common fetishization of women’s armed resistance. Internationally known for their Marxist and feminist works, Mojab and Hassanpour apply theories of nationalism, capitalism, peasantry, knowledge production, and relationship between state and non-state to understand the Kurdish experience, while honouring the struggle, voice, and poetry of Kurdish women activists. The book is as unapologetically critical of regional and religious hegemonies as it is of Kurdish patriarchies and is candid about the slipperiness of the concept of the “ideal Kurdish woman,” while skeptical of the benefits of transnationalization for the women honoured in this book. - Afiya Zia, author of *Faith and Feminism: Religious Agency or Secular Autonomy?*

Understanding American Sports - Gerald R. Gems 2009-09-10

Since the nineteenth century the USA has served as an international model for business, lifestyle and sporting success. Yet whilst the language of sport seems to be universal, American sports culture remains highly distinctive. Why is this so? How should we understand American sport? What can we learn about America by analyzing its sports culture? *Understanding American Sports* offers discussion and critical analysis of the everyday sporting and leisure activities of ‘ordinary’ Americans as well as the ‘big three’ (football, baseball, basketball), and elite sports heroes. Throughout the book, the development of American sport is linked to political, social, gender and economic issues, as well as the orientations and cultures of the multilayered American society with its manifold regional, ethnic, social, and gendered diversities. Topics covered include: American college sports the influence of immigrant populations the unique status of American football the emergence of women’s sport in the USA With co-authors from either side of the Atlantic, *Understanding American Sports* uses both the outsider’s perspective and that of the insider to explain American sports culture. With its extensive use of examples and illustrations, this is an engrossing and informative resource for all students of sports studies and American culture.
