Creative Production is a workbook guide designed to help users of language-learning apps reach their foreign language fluency goals. Using a foreign language-learning app is a great way to introduce yourself to a language and learn its basic grammar, but many people may find that

even after all the practice points, levels and high rankings that they still do not have a functional mastery of the language. Being functionally fluent in a language is more than drills, translation and grammar. It is communicating your thoughts and understanding the speech and writing of others. It requires flexibility and practicing self-expression. Here, you will do just that: use the grammar and vocabulary learned in your language-learning app to produce in the target language your own unique thoughts and descriptions about your life, beliefs and world. Functional fluency is the ultimate goal of most foreign language students. Creative Production is the guide to reaching that ultimate goal.

Drug War Zone - Howard Campbell 2010-01-01

Thousands of people die in drug-related violence every year in Mexico.

Ciudad Juárez, Chihuahua, adjacent to El Paso, Texas, has become the most violent city in the Mexican drug war. Much of the cocaine, marijuana, and methamphetamine consumed in the United States is imported across the Mexican border, making El Paso/Juárez one of the major drug-trafficking venues in the world. In this anthropological study of drug trafficking and anti-drug law enforcement efforts on the U.S.-Mexico border, Howard Campbell uses an ethnographic perspective to chronicle the recent Mexican drug war, focusing especially on people and events in the El Paso/Juárez area. It is the first social science study of the violent drug war that is tearing Mexico apart. Based on deep access to the drug-smuggling world, this study presents the drug war through the eyes and lives of direct participants. Half of the book consists of oral histories from drug traffickers, and the other half from law enforcement officials. There is much journalistic coverage of the drug war, but very seldom are the lived experiences of traffickers and "narcs" presented in such vivid detail. In

addition to providing an up-close, personal view of the drug-trafficking world, Campbell explains and analyzes the functioning of drug cartels, the corruption that facilitates drug trafficking, the strategies of smugglers and anti-narcotics officials, and the perilous culture of drug trafficking that Campbell refers to as the "Drug War Zone."
