I highly recommend this book."—Ohashi, author of Do-It-Yourself Shiatsu and Reading the Body "Matthew Sweigart's new book provides a fresh look on a subject too often taught using only boring charts and lists. In Pathways of Qi, Matthew takes the reader along on his own personal journey. Although it reads a lot like a novel the text includes an in-depth presentation of the subject. Matthew explains both the scope and the details he has discovered and become familiar with inside the body's electromagnetic field. A very worthwhile read for students, professionals, and even potential clients of Asian Bodywork Therapy (ABT) and acupuncture."—Cindy Banker, Founding President of the American Shiatsu Association and Director of the A.O.B.T.A.'s Council of Schools and Programs "Pathways of Qi is an empowering manual on Meridian Therapy providing practical ways to heal yourself and others. If you're interested in healing, this book is vital for tapping the source of your life force."—Michael Reed Gach, author of Acupressure's Potent Points "A gifted Shiatsu and Qi Gong teacher, Matthew Sweigart harmoniously combines his passion for the healing arts with his lifetime experience with the theories of ancient Chinese philosophy. Written in an easy to understand, refreshing way, Pathways of Qi is a valuable compendium for practitioners and instructors of different traditions."—Nilsa Eberhart Diaz, owner of Zen Shiatsu Caribbean Institute, San Juan, Puerto Rico "Matthew Sweigart's clear illustrations and instructions are enhanced by his wisdom stories that bring these teachings to life. The stories and teachings open your eyes to the Qi that is the source of Life, energy and healing. Pathways of Qi is a reference tool, a collection of wisdom, and a gift to humanity. Thank you for taking the time to record your wisdom for current and future generations. A masterpiece!"—Bonnie Jean Miller, MDI, Kellogg School of Management at Northwestern University

Pick Your Yoga Practice - Meagan McCrary 2013-11-01
On the surface it may appear that yoga is yoga is yoga, but take a closer look and you'll discover myriad different yoga systems and lineages. There are dozens of yoga styles to choose from, and while yoga is for everyone, not every style is the perfect fit for every person. But how do you choose between mysterious-sounding names such as Ashtanga, Kundalini, Bikram, and Kripalu? As Meagan McCrary discovered when she began exploring different classes, finding the right style is essential for establishing a steady yoga practice. Pick Your Yoga Practice is the first book to describe the most prominent yoga styles in depth, including teaching methodology, elements of practice, philosophical and spiritual underpinnings, class structure, physical exertion, and personal attention. Those new to yoga will discover they have options and can confidently attend a class of their choosing, while experienced practitioners will expand their understanding of the vast world of modern yoga, and perhaps find themselves venturing into new territory.
