**Five Hundred Years without Love** - Alex Lacson 2021-04-30

This is about a man, his lost love, the imperfect world he lives in, and how he finds his true love after he discovers his true self and life's purpose when he realized that much of the world's imperfections are caused by lack of love for others, fueled by greed and selfishness, which cause social cancer. Anton Hinirang was unhappy for the last twenty-four years, after losing his first and only love, when Marian's parents forced her to marry someone with money and stature. Decades later, not even success could make Anton happy. When his unhappiness was complicated by tragic events that happened to his father and two siblings, caused by his country's social ills, it woke and changed Anton forever. It led to his self-discovery of his life's purpose, which in turn led him to find his true love. In its core, the story is about love, how its absence can render a person's life unhappy and miserable, and how lack of love in people's hearts, especially among leaders, can cause poverty and misery among many in society and the world. Alex Lacson is a bestselling author in the Philippines. He is known as a builder of hope in his country, especially among the youth. Alex believes that love is the answer to most of the problems confronting humanity today; love as expressed in kindness, compassion, generosity, fairness and justice. Though a lawyer by profession, Alex's first passion is writing. He served as a newspaper columnist for seven years. He also worked as editor-in-chief of a lawyers' magazine for a few years before he wrote in 2005 his first book, which became an instant national bestseller in the Philippines. Alex is a graduate of the College of Law, University of the Philippines. In 2002, he took a short summer program at Harvard Law School, Harvard University, Cambridge, Massachusetts, US. He also took a leadership training at Haggai Institute, Singapore in 2007.

[Metroimperial Intimacies](#) - Victor Román Mendoza 2015-11-11

In Metroimperial Intimacies Victor Román Mendoza combines historical, literary, and archival analysis with queer-of-color critique to show how U.S. imperial incursions into the Philippines enabled the growth of unprecedented social and sexual intimacies between native Philippine and U.S. subjects. The real and imagined intimacies—whether expressed through friendship, love, or eroticism—threatened U.S. gender and sexuality norms. To codify U.S. heteronormative behavior, the colonial government prohibited anything loosely defined as perverse, which along with popular representations of Filipinos, regulated colonial subjects and depicted them as sexually available, diseased, and degenerate. Mendoza analyzes laws, military records, the writing of Philippine students in the United States, and popular representations of Philippine colonial subjects to show how their lives, bodies, and desires became the very battleground for the consolidation of repressive legal, economic, and political institutions and practices of the U.S. colonial state. By highlighting the importance of racial and gendered violence in maintaining control at home and abroad, Mendoza demonstrates that studies of U.S. sexuality must take into account the reach and impact of U.S. imperialism.
