Inside Interviewing - James Holstein
2003-03-21

Inside Interviewing highlights the fluctuating and diverse moral worlds put into place during interview research when gender, race, culture and other subject positions are brought narratively to the foreground. It explores the 'facts', thoughts, feelings and perspectives of respondents and how this impacts on the research process.

Why Do You Ask? - Alice Freed 2010-01-26

The act of questioning is the primary speech interaction between an institutional speaker and someone outside the institution. These roles dictate their language practices. "Why Do You Ask?" is the first collected volume to focus solely on the question/answer process, drawing on a range of methodological approaches like Conversational Analysis, Discourse Analysis, Discursive Psychology, and Sociolinguistics-and using as data not just medical, legal, and educational environments, but also less-studied institutions like telephone call centers, broadcast journalism (i.e. talk show interviews), academia, and telemarketing. An international roster of well-known contributors addresses such issues as: the relationship between the syntax of the question and its discourse function; the kind of institutional work that questions perform; the degree to which the questioner can control the direction of the conversation; and how questions are used to repackage responses, to construct meaning, and to serve the institutional goals of speakers. *Why Do You Ask?* will appeal to linguists and others interested in institutional discourse, as well as those interested in the grammatical/pragmatic nature of questions.

Interview Questions and Answers - Richard McMunn 2013-05

Police Promotion Super Course - Andrew Borrello

2013-01-07

The contents of this book are designed specifically for law enforcement officers, front-line supervisors, and managers who have reached the point in their careers where they are ready to advance their rank. The focus of this information is on the police promotional oral interview. In a majority of police agencies across the country the oral interview is both the most critical part of the promotion process and the most difficult. An officer's performance during the oral interview is paramount because the process is highly competitive. Officers must "out-score" others also vying for promotion. This is difficult in that candidates may be competing against dozens or even hundreds of other police personnel many of whom may have greater education or more experience. The goal of this book is to provide professional law enforcement officers with a highly effective and valuable preparatory edge. This "edge" translates into real-world techniques, easy-to-apply skills, and a wealth of information on how to be distinctive and perform in an exceptional manner during the oral interview. The police officer, deputy, supervisor, or manager who utilizes the content of this unique book correctly can stand out among the other candidates, be more competitive, achieve preparatory confidence, and up their performance toward higher interview scores.

Law Enforcement Officer - Master the Interview - Craig A. Zendzian, Ph.D. 2004-01-01

Learn how to beat the competition and get the law enforcement job you want by understanding your own underlying Emotional Intelligence and Behavioral Traits, and how they will be measured in interviews. There are seven behavioral competencies found in everyone's emotional makeup that are recognized in The Law Enforcement Officer Emotional Intelligence & Behavioral Competency Profile developed by Dr. Zendzian (2003). These competencies are seen in behaviors that employers will observe when interviewing people for law enforcement positions. The brief time that interviewers and oral board panelists spend with candidates during an interview will provide a snapshot of who they are at that moment in time. It is not only WHAT you say that counts, but HOW well you say it! This Guidebook begins with a discussion of learning styles and focuses on understanding the importance that mental reasoning assumes during an interview. You will learn why you must master each of the seven behavioral competencies. Insight is provided into what interviewers are looking for when rating your responses. You will learn to develop strategies and tactics for performing better when applying your emotional intelligence to questions that are asked. This book contains ALL of the techniques, hints, and skills that people who have mastered interviewing use when answering questions. Now you can know what to expect, along with the types of questions you will be asked, during an oral interview. Avoid scoring low in any interview. You will be guided through correct and incorrect responses to sample questions. There is a list of twenty-five topics from which interview questions have been drafted. Don't show up to an interview unprepared and looking dumbfounded learn

WHAT to say and HOW to say it. Learning how to Master the Interview will result in dramatically higher scores on your next interview.

Applicant to Police Cadet - Xavier Wells
2019-01-21

6 years, that's the time it took me from my first Police application to my first Hiring letter. It's a little-known fact for many starting out, and a very real reality for most that are in the process; that most Applicants don't make it through the hiring process on their first time out. I've probably made all of the mistakes there are to make, from not being prepared for Oral Boards and turning in inaccurate applications. This book doesn't just teach you how to be a standout applicant; it show's how to pick agencies, what Departments look for, and how to plan out your selections so that it benefits not only you but your family as well. In the end, I hope you avoid the hiring process pitfalls that plague so many and learn how to skyrocket the top of any hiring list, in a shorter time than it took me.

Memory-enhancing Techniques for Investigative Interviewing - Ronald P. Fisher 1992

This volume provides background information and step-by-step instructions to provide a systematic approach for use by police interviewers, attorneys, fire marshals, private investigators, and others in eliciting the maximum amount of relevant information from cooperative eyewitnesses. Based on research with police participants, the text uses the language of police investigations to explain the principles and specific techniques used in the cognitive interview. The cognitive interview reflects a multidisciplinary approach, based on research in cognitive psychology and concepts from journalism, oral history, medical interviews, psychotherapeutic interviews, and other sources. Investigative interviewers who are not police officers are advised to modify the general concepts to make them compatible with their particular investigative conditions. Individual chapters explain memory and forgetting and their effects on eyewitness recall, the interviewer's role in facilitating memory, the interactive nature of interviewing, major factors that limit eyewitness recall, techniques to overcome these limitations, where and how to conduct interviews, question formats, and the sequential structure of an interview. Sample

interviews with analysis and a training procedure to learn the cognitive interview are also presented.
