In their James Beard Award-winning cookbook Flatbreads and Flavors Alford and Duguid share more than sixty recipes for flatbreads of every origin and description: tortillas from Mexico, pita from the Middle East, naan from Afghanistan, chapatti from India, pizza from Italy, and French fougasse. [Straight](#) - Hanne Blank 2012-01-31

It's surprising that the term "heterosexuality" is less than 150 years old and that heterosexuality's history has never before been written, given how obsessed we are with it. In Straight, independent scholar Hanne Blank delves deep into the contemporary psyche as well as the historical record to chronicle the realm of heterosexual relations--a subject that is anything but straight and narrow. Consider how Catholic monasticism, the reading of novels, the abolition of slavery, leisure time, divorce, and constipation of the bowels have all at some time been labeled enemies of the heterosexual state. With an extensive historical scope and plenty of juicy details and examples, Straight provides a fascinating look at the vagaries, schisms, and contradictions of what has so often been perceived as an irreducible fact of nature.

[Generations](#) - Neil Howe 1992-09-30

Hailed by national leaders as politically diverse as former Vice President Al Gore and former House Speaker Newt Gingrich, Generations has been heralded by reviewers as a brilliant, if somewhat unsettling, reassessment of where America is heading. William Strauss and Neil Howe posit the history of America as a succession of generational biographies, beginning in 1584 and encompassing every-one through the children of today. Their bold theory is that each generation belongs to one of four types, and that these types repeat sequentially in a fixed pattern. The vision of Generations allows us to plot a recurring cycle in American history -- a cycle of spiritual awakenings and secular crises -- from the founding colonists through the present day and well into this millenium. Generations is at once a

refreshing historical narrative and a thrilling intuitive leap that reorders not only our history books but also our expectations for the twenty-first century.

Fivestarman inspires, instructs, and empowers men to live the authentic and powerful life that God intended, based on five passions: an adventurous spirit, an entrepreneurial drive, gallant relationships, a faithful character, and a philanthropic cause. This book is a clarion call for men who are willing to rise up and resurrect authentic manhood.

Unprotected Texts - Jennifer Wright Knust 2011-01-25

"An explosive, fascinating book that reveals how the Bible cannot be used as a rulebook when it comes to sex. A terrific read by a top scholar." –Bart Ehrman, author of *Misquoting Jesus* Boston University's cutting-edge religion scholar Jennifer Wright Knust reveals the Bible's contradictory messages about sex in this thoughtful, riveting, and timely reexploration of the letter of the gospels. In the tradition of Bart Ehrman's *Jesus Interrupted* and John Shelby Spong's *Sins of Scripture*, Knust's *Unprotected Texts* liberates us from the pervasive moralizing—the fickle dos and don'ts—so often dictated by religious demagogues. Knust's powerful reading offers a return to the scripture, away from the mere slogans to which it is so often reduced.

Thinking God - Alan Brill 2002

This work is the first study in any language of the thought and writings of Rabbi Zadok HaKohen of Lublin (1823-1900), who created a blend of ecstatic Hasidism and intellectual Talmud study. With extensive citations of his writings, it will be an entry point to his thought for many American readers. To illuminate R. Zadok's innovative spiritual path, in which one attains mystical experience through intellectual study of Torah, Brill explores the realm of spiritual psychology with particular attention to individual growth, sin, determinism, and pluralism. He shows that R. Zadok's thought combined mystical, Aristotelian, and psychological elements. This work also sheds important light on Lithuanian talmudic intellectualism and Polish Hasidism. It is the first book to present a critical, analytical portrait of hasidic theology. Particular attention is paid to R. Zadok's teacher, Rabbi Mordechai Leiner of Izbica, whose individualistic philosophy undergirds R. Zadok's teachings on the subject of free will. Finally, this superb study addresses the question of how a Jewish thinker in a traditional milieu was able to derive a theology with many elements we would consider modern, even though he was largely insulated from and, in theory, opposed to contemporary Western, non-religious thinkers. Published in association with Yeshiva University Press

Judaism and Other Religions - Alan Brill 2010-04-14

With insight and scholarship, Alan Brill crisply outlines the traditional Jewish approaches to other religions for an age of globalization. He provides a fresh perspective on Biblical and Rabbinic texts, offering new ways of thinking about other faiths. In the majority of volume, he develops the categories of theology of religions for Jewish text and arranges the texts according classification widely used in interfaith work: inclusivist, exclusivist, universalist, and pluralist. *Judaism and Other Religions* is essential for a Jewish theological understanding of the various issues in encounters with other religions. Does God Have a Nature? - Alvin Plantinga 1980

Sets of contingent objects, perhaps, are as contingent as their members; but properties, propositions, numbers and states of affairs, it seems, are objects whose non-existence is quite impossible. If so, however, how are they related to God? Suppose God has a nature: a property he has essentially that includes each property essential to him. Does God have a nature? And if he does, is there a conflict between God's sovereignty and his having a nature? How is God related to such abstract objects as properties and propositions? These are the questions I want to explore. - Introduction.

JESUS, JAMES, JOSEPH, and the past and future Temple - David Heilbron Price 2019-08-12

In Roman times, the historic records say the world's most beautiful city was Jerusalem. Amid the city, the Temple shone out in gold and white stone. About a million man-years were involved in its ingenious structure. It astounded the world. To the north lay the fortress city of Antonia, connected by a causeway. Another causeway crossed the ravine of the Kidron to the Mount of Olives. Worldwide the exiled tribes of Israel supplied vast quantities of gold and treasures. Millions came to worship. James the brother of Jesus had a throne inside the Temple. He prayed in the Holy Place. He followed in the steps of his father Joseph. Jesus had a far higher office than either. It is described both in the New Testament and early writers of the first centuries. The facts of the resurrection were so clear that Roman emperor Tiberius immediately proclaimed Jesus a God. Others like Caligula tried to destroy the Temple and Jerusalem. Rome also tried to destroy the real facts about Jesus, James and Joseph in the Temple.

The Gullah People and Their African Heritage - William S. Pollitzer 2005-11-01
The Gullah people are one of our most distinctive cultural groups. Isolated off the South Carolina-Georgia coast for nearly three centuries, the native black population of the Sea Islands has developed a vibrant way of life that remains, in many ways, as African as it is American. This landmark volume tells a multifaceted story of this venerable society, emphasizing its roots in Africa, its unique imprint on America, and current threats to its survival. With a keen sense of the limits to establishing origins and tracing adaptations, William S. Pollitzer discusses such aspects of Gullah history and culture as language, religion, family and social relationships, music, folklore, trades and skills, and arts and crafts. Readers will learn of the indigo- and rice-growing skills that slaves taught to their masters, the echoes of an African past that are woven into baskets and stitched into quilts, the forms and phrasings that identify Gullah speech, and much more. Pollitzer also presents a wealth of data on blood composition, bone structure, disease, and other biological factors. This research not only underscores ongoing health challenges to the Gullah people but also helps to highlight their complex ties to various African peoples. Drawing on fields from archaeology and anthropology to linguistics and medicine, *The Gullah People and Their African Heritage* celebrates a remarkable people and calls on us to help protect their irreplaceable culture.

The Footsteps of the Messiah - Arnold G. Fruchtenbaum 1982

Occult Holidays, Or, God's Holy Days--which? - Fred R. Coulter 2006

Confused and disillusioned, many today are wondering, "Is there a God? Where is He? What, if anything, is God doing?" Mankind sees scant evidence in religion of God's direct involvement in the course of humanity. Shackled by tradition and religious myths, even professing "Christianity" gropes in a vacuum of ignorance regarding God's true plan for mankind. Why? Because man has (for the most part, unknowingly) rejected the key to that plan-the knowledge of the seventh-day Sabbath and holy days of God. Instead, traditional holidays-including Sunday-have been adopted and accepted as "Christian." Declaring the "end from the beginning," the true God of the Bible is actively involved in the affairs of man, ordering events according to His master plan as outlined by His Sabbath and feast days. Obviously, Satan the devil hates God's plan-for it also pictures his ultimate removal as the "god of this present age." In what is perhaps one of the greatest conspiracies in the history of mankind, Satan has devised a cleverly disguised counterfeit "Christianity" to blind men from the knowledge of God's true plan. Analogous to King Jeroboam of ancient Israel-who substituted false "feast days" in place of God's true holy days-Satan has deceptively ensnared an unsuspecting world into believing that pagan occult holidays are acceptable forms of worship toward God. In *Occult Holidays or God's Holy Days-Which?*, Fred R. Coulter brings to light this satanic conspiracy, uncovering in detail the occult roots of today's so-called "Christian" holidays-Halloween, Christmas, Easter, etc.-proving that such holidays are, in reality, a form of Satan worship. Mr. Coulter demonstrates how God's seven annual holy days form a type of framework upon which are hung the various aspects of God's plan as they are fulfilled over time. This publication

fully illustrates how God's seventh-day Sabbath and holy days picture His plan of salvation for all of mankind, concentrating on the establishment of the Kingdom of God and the eternal rule of Jesus Christ.
