A Guide to English Grammar - Bessie Brooks

There is elements of language that allow us to better understand the world. Abstractions in language help us classify ideas into groups so that we may generalize or specify parts within a label. For instance a car is made up of many parts, such as the engine, the wheels, the body, etc. We call it a car instead of of "an engine driving the wheels with a body attached to carry

passengers", to make it easier for us not only to transfer the thought within our mind, but also to others. Also, by calling it a car, we have differentiated the object from a train or a bike, both being other modes of transportation.

Abstractions are part of our mental grids that help us by chopping reality into fragments so that we may organize it and put it into our grasp of understanding. Something such as the temperature cannot be measured because it is infinitely variable. It is just our environment reduced to numbers so that we can conceive it in our minds. Again, our world is divided into pieces

so the human mind can understand it bit by bit. From seeing a car to measuring the temperature, language offers an explanation to our experience and it is a powerful tool to help us think.

very important in effective communication to maintain both the speaking and writing ways of communication better. The term “tense” has been derived from the latin word “tempus” meaning time. Tense is one aspect of English grammar that often leaves us confused. Tenses can be broadly categorised into past, present, and future in connection with a situation, action or state. It is with tenses that many errors are committed. Nowadays most communication is through writing, be it courtesy mails, proposals, invoices, quotations, invites – everything needs to be written. So people who are into advancing

their careers, their businesses, and those on the lookout for personal enrichment have no choice but to polish their grammar, especially the tenses. So what do we do? First of all figure out that Can we continue with the level of English we have now? Is it absolutely necessary that we improve? If the answer for the first is a ‘no’ and for the second it is a ‘yes’, then, this is the next step. Things that you would need Will, dedication, and an open mind. One hour set aside everyday for a minimum 30 days, exclusively for investing in yourself, a quiet and bright room with no interruptions, mobiles switched off and most

importantly, as you learn and work, it is important and essential to read aloud. This will give you practice and increase your comfort level with tenses.

English Language and Literature Studies -
Linguistics, grade: 2+ (B), University of Würzburg
(Philosophy Institute), course: Proseminar, 2
entries in the bibliography, language: English,

abstract: In general, Jespersen, unlike the CGEL,
doesn't explain the use of the following tenses as
one would expect from a standard grammar (the
CGEL clearly explains the meanings and the use
of the three tenses in question by clarifying these
aspects by means of easily comprehensible
examples), but relates the Present Perfect, the
Past Tense and the Past Perfect to each other
and gives various quotations for each aspect he
deals with. Therefore, it may sometimes be a bit
confusing to comprehend every detail of
Jespersen's way of argumentation.

ELEMENTS OF ENGLISH GRAMMAR -

Fernando Herrero Salas 2016-03-23

Esta pequeña Gramática inglesa, titulada ELEMENTS OF ENGLISH GRAMMAR ha sido concebida para su uso en las clases de enseñanza del Inglés, específicamente pensando en alumnos de 14 a 18 años, de forma que sin

demasiadas explicaciones teóricas dispongan de unos cuadros sinópticos tanto de la morfología de los componentes básicos de la gramática inglesa como también de los elementos sintácticos que permitan una rápida comprensión y utilización de ellos a la hora de expresar un pequeño discurso coherente de forma inteligible, sea ello en forma escrita o hablada. Es necesaria, por tanto, su presentación y utilización en clase de forma que puedan entender o consultar luego rápidamente, por su cuenta, las estructuras y funciones que se presentan en esta pequeña obra, y que van redactados en un Inglés simple. Todas las

estructuras van acompañadas de un buen número de ejemplos, sin dejar ninguna de las variantes teóricas tratadas sin ejemplificación clara. De especial utilidad son los cuadros dedicados a las Funciones y a la Sintaxis ya que la trabazón de un discurso lingüístico viene determinada por la correcta comprensión de los conjuntos y conjunciones que rigen la adecuada matización de la información comunicativa.

Advanced English Practice - B. D. Graver 1977

Why is the Present Perfect such a problematic tense? - Cornelia Gitterle 2005-06-07

Seminar paper from the year 2003 in the subject English - Pedagogy, Didactics, Literature Studies, grade: Sehr Gut, University of Innsbruck (Anglistik und Amerikanistik), 19 entries in the bibliography, language: English, abstract: It has to be mentioned that this paper mainly deals with the Present Perfect Simple because otherwise this topic would have become too complex. Furthermore, the present perfect is not always used the same way in British and American English. In the current paper, however, the used examples represent British Standard English. It will be shown that the Present Perfect is a

problematic tense to learn and to teach because it has so many notions and uses. It will be proved that a major difficulty in learning this tense arises from the interference from the learner's mother tongue. As far as teaching is concerned, when introducing a new piece of grammar we always have to teach not only the form, but also its functions, and not only meaning but also use. Therefore, teaching the present perfect is quite a difficult task. This paper will also discuss critical questions teachers should ask themselves and the various notions and uses of the present perfect in detail, providing at the same time

possible ways of teaching them with quoted activities from different coursebooks.
