Principles: Life and Work by Ray Dalio - Book Summary
IMPORTANT NOTE: This is not the original book - this is an executive summary of Principles by Ray Dalio | Book Summary by FlashBooks ORIGINAL BOOK DESCRIPTION:
Principles: Life and Work Hardcover - September 19, 2017 by Ray Dalio | Ray Dalio, one of the world's most successful investors and entrepreneurs, shares the unconventional principles that he's developed, refined, and used over the past forty years to create unique results in both life and business--and which any person or organization can adopt to help achieve their goals. In 1975, Ray Dalio founded an investment firm, Bridgewater Associates, out of his two-bedroom apartment in New York City. Forty years later, Bridgewater has made more money for its clients than any other hedge fund in history and grown into the fifth most important private company in the United States, according to Fortune magazine. Dalio himself has been named to Time magazine's list of the 100 most influential people in the world. Along the way, Dalio discovered a set of unique principles that have led to Bridgewater's exceptionally effective culture, which he describes as "an idea meritocracy that strives to achieve meaningful work and meaningful relationships through radical transparency." It is these principles, and not anything special about Dalio--who grew up an ordinary kid in a middle-class Long Island neighborhood--that he believes are the reason behind his success. In Principles, Dalio shares what he's learned over the course of his remarkable career. He argues that life, management, economics, and investing can all be systemized into rules and understood like machines. The book's hundreds of practical lessons, which are built around his cornerstones of "radical truth" and "radical transparency," include Dalio laying out the most effective ways for individuals and organizations to make decisions, approach challenges, and build strong teams. He also describes the innovative tools the firm uses to bring an idea meritocracy to life, such as creating "baseball cards" for all employees that distill their strengths and weaknesses, and employing computerized decision-making systems to make believability-weighted decisions. While the book brims with novel ideas for organizations and institutions, Principles also offers a clear, straightforward approach to decision-making that Dalio believes anyone can apply, no matter what they're seeking to achieve. Here, from a man who has been called both "the Steve Jobs of investing" and "the philosopher king of the financial universe" (CIO magazine), is a rare opportunity to gain proven advice unlike anything you'll find in the conventional business press. ABOUT THE AUTHOR: Ray Dalio is the founder and co-chairman of Bridgewater Associates, which, over the last forty years, has become the largest and best performing hedge fund in the world. He is the author of #1 New York Times Bestseller and #1 Amazon Business Book of the Year, Principles. Dalio has appeared on the Time 100 list of the most influential people in the world as well as the Bloomberg Markets list of the 50 most influential people. He lives with his family in Connecticut. REVIEWS: "Ray Dalio has provided me with invaluable guidance and insights that are now available to you in Principles."--Bill Gates "I found it to be truly extraordinary. Every page is full of so many principles of distinction and insights--and I love how Ray incorporates his history and his life in such an elegant way."--Tony Robbins NOTE: This is a book summary of Principles by Ray Dalio - Book Summary by FlashBooks ORIGINAL

Clear and concise steps to develop the confidence and mental edge that sets you apart as a trailblazing leader--the same approach thousands of professional athletes have used to become champions. The Leader's Mind taps into the same tips and techniques honed by top-tier athletes, such as how to get in a "zone," thrive on a team, and stay humble, to become a champion at work and the ultimate team player at home. Based on high-performance psychology research and Dr. Jim Afremow's two decades of experience providing mental training services across the globe to athletes and business leaders, The Leader's Mind will help you master: Valuable leadership lessons through powerful parables and stories from well-known leaders. The actionable steps leaders must take to change their thinking and become the leader they want to be. The necessary mindset to push through the challenges you face and take control of your career and home life. Tips and techniques to excel and overcome seemingly insurmountable odds and challenges. Stop struggling with

the expectations you face at work and at home by fundamentally changing the way you process what's happening in your life. The mental edge that sets elite athletes apart outlined in this book will help you become the champion leader you want to be.

When Genius Failed - Roger Lowenstein 2001-10-09

"A riveting account that reaches beyond the market landscape to say something universal about risk and triumph, about hubris and failure."—The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BUSINESSWEEK In this business classic—now with a new Afterword in which the author draws parallels to the recent financial crisis—Roger Lowenstein captures the gripping roller-coaster ride of Long-Term Capital Management. Drawing on confidential internal memos and interviews with dozens of key players, Lowenstein explains not just how the fund made and lost its money but also how the personalities of Long-Term's partners, the arrogance of their mathematical certainties, and the culture of Wall Street itself contributed to both their rise and their fall. When it was founded in 1993, Long-Term was hailed as the most impressive hedge fund in history. But after four years in which the firm dazzled Wall Street as a \$100 billion moneymaking juggernaut, it suddenly suffered catastrophic losses that jeopardized not only the biggest banks on Wall Street but the stability of the financial system itself. The dramatic story of Long-Term's fall is now a chilling harbinger of the crisis that would strike all of Wall Street, from Lehman Brothers to AIG, a decade later. In his new Afterword, Lowenstein shows that LTCM's implosion should be seen not as a one-off drama but as a template for market meltdowns in an age of instability—and as a wake-up call that Wall Street and government alike tragically ignored. Praise for *When Genius Failed* "[Roger] Lowenstein has written a squalid and fascinating tale of world-class greed and, above all, hubris."—BusinessWeek "Compelling . . . The fund was long cloaked in secrecy, making the story of its rise . . . and its ultimate destruction that much more fascinating."—The Washington Post "Story-telling journalism at its best."—The Economist

World Order - Henry Kissinger 2015-09

a conviction that has guided its policies ever since. Now international affairs take place on a global basis, and these historical concepts of world order are meeting. Every region participates in questions of high policy in every other, often instantaneously. Yet there is no consensus among the major actors about the rules and limits guiding this process, or its ultimate destination. The result is mounting tension. Grounded in Kissinger's deep study of history and his experience as National Security Advisor and Secretary of State, *World Order* guides readers through crucial episodes in recent world history. Kissinger offers a unique glimpse into the inner deliberations of the Nixon administration's negotiations with Hanoi over the end of the Vietnam War, as well as Ronald Reagan's tense debates with Soviet Premier Gorbachev in Reykjavik.

Summary of Principles for Dealing with the Changing

World Order - Alexander Cooper 2022-01-22

Summary of Principles for Dealing with the Changing World Order - Why Nations Succeed and Fail - A Comprehensive Summary A couple of years prior, amazing financial backer Ray Dalio noticed a conjunction of three powers that have never occurred in the course of his life however have happened commonly in history previously: 1) Zero or close to zero loan fees that prompted gigantic debt creation and the printing of cash on the world's significant bank monetary forms; 2) Big political and social struggles inside nations because of the biggest riches, political, and values holes; and 3) The ascent of an incredible ability to challenge the current force to be reckoned with and along these lines, the current world order. As a worldwide large scale financial backer for over 50 years, Dalio has discovered that to understand the enormous impact connections of monetary occasions he needs to concentrate on history. Accordingly, he embraced an investigation of the rise and fall of major civilizations and their business sectors throughout the most recent 500 years. This book is that review. Standards for Dealing with the Changing World Order unmistakably presents Dalio's "Big Cycle" model for how the world works. The model clarifies what has driven the triumphs and disappointments of nations since the beginning and contains basic illustrations for the present financial, political and strategy... To be continued... Here is a Preview of What You Will Get: * A Full Book Summary * An Analysis * Fun quizzes * Quiz Answers * Etc. Get a copy of this summary and learn about the book.

The Golden Couple - Greer Hendricks 2022-03-08

The next electrifying novel from the #1 New York Times bestselling author duo behind *The Wife Between Us*. "Propulsive and thrilling....A page-turner that will keep you guessing until the very end." --Taylor Jenkins Reid, author of *Malibu Rising* Wealthy Washington suburbanites Marissa and Matthew Bishop seem to have it all—until Marissa is unfaithful. Beneath their veneer of perfection is a relationship riven by work and a lack of intimacy. She wants to repair things for the sake of their eight-year-old son and because she loves her husband. Enter Avery Chambers. Avery is a therapist who lost her professional license. Still, it doesn't stop her from counseling those in crisis, though they have to adhere to her unorthodox methods. And the Bishops are desperate. When they glide through Avery's door and Marissa reveals her infidelity, all three are set on a collision course. Because the biggest secrets in the room are still hidden, and it's no longer simply a marriage that's in danger. "An utterly compelling,

spellbinding read." --Lisa Jewell, author of *Then She Was Gone* and *Invisible Girl*

Principles - Ray Dalio 2022-11-22

"With this new journal, Dalio takes his goal one step further to help readers reflect on and record their own principles. He does that by providing a series of guided exercises and questions for reflecting on what you're like, what you value, and what principles will best help you achieve your goals. These exercises draw from key concepts in the original *Principles* book, including: 1. How to identify your strengths, weaknesses, motivations, and preferences 2. How to use the "five-step process" to achieve your goals 3. How to become both "assertive and open-minded at the same time" 4. How to maximize your learning from your mistakes (which are inevitable)."--from amazon.com.

The Productivity Project - Chris Bailey 2016-01-05
'A fun, interesting, and useful read!' David Allen, bestselling author of *Getting Things Done* Nearly all of us want to be more productive, but finding the method that works for you among the hundreds and hundreds of different tips, tricks and hacks can be a daunting prospect. After graduating college, Chris Bailey decided to dedicate a whole year to doing just that - experimenting with as many of the techniques as he could, and finding the things that work. Among the experiments that he undertook are: going several weeks on little to no sleep; cutting out caffeine and sugar; taking a daily siesta; living in total isolation for 10 days; stretching his workweek to 90 hours; and getting up at 5:30 every morning, all the while monitoring the impact of his experiments on the quality and quantity of his work. The results were often surprising! This book is the result of Chris's year-long journey, distilling the lessons he learned into a few core truths about how we get things done (or, indeed, don't). Among the many counterintuitive insights Chris discovered that had the biggest impact on his productivity were striving for imperfection; scheduling less time for important tasks; the 20 second rule to distract yourself from distractions; and the concept of productive procrastination. In this accessible and fun guide, Chris Bailey offers over 30 tried-and-tested best practices that will help everyone to accomplish more - and become more awesome.

Summary of Principles - Summareads Media 2020-02-09

The Hero with a Thousand Faces - Joseph Campbell 1988
In this compelling and influential work, Joseph Campbell scours the myths of the world to reveal the characteristics common to heroes from all cultures and periods.

*Nobody Wants to Read Your Sh*t* - Steven Pressfield
2016-06-12

There's a mantra that real writers know but wannabe writers don't. And the secret phrase is this: NOBODY WANTS TO READ YOUR SH*T. Recognizing this painful truth is the first step in the writer's transformation from amateur to professional. From Chapter Four: "When you understand that nobody wants to read your shit, you develop empathy. You acquire the skill that is indispensable to all artists and entrepreneurs—the ability to switch back and forth in your imagination from your own point of view as writer/painter/seller to the point of view of your reader/gallery-goer/customer. You learn to ask yourself with every sentence and every phrase: Is this interesting? Is it fun or challenging or inventive? Am I giving the reader enough? Is she bored? Is she following where I want to lead her?"

Our Future Below - Insight Editions 2022-03-22

A 360° look at the bold exploration mission piloted by leading scientists, prominent storytellers, and cutting-edge marine technology aboard the OceanXplorer vessel to unlock the secrets hiding in our ocean's vast ecosystem and bring bioscience to new frontiers. The OceanX project unifies next-generation technology, fearless science, and compelling storytelling to educate, inspire, and connect the world with our oceans. With an accomplished team of scientists, researchers, and philanthropists, OceanX has created change on a global scale, combating the detrimental effects of climate change and pollution in the ocean's ecosystems. This spirit of protection and conservation is at the heart of their endeavors. OceanX shares their rich discoveries and advancements through compelling media to create a global community deeply engaged with understanding, enjoying, and protecting our ocean's ecosystems for future generations. Come aboard and explore the most advanced research vessel in marine science—the

OceanXplorer. With captivating, behind-the-scenes photography, illustrations, and first-hand narratives from OceanX's elite crew, *Our Future Below* brings readers to the forefront of this cutting-edge effort to protect the sea. From the construction of the OceanXplorer ship to the fascinating scientific research conducted on-board to the groundbreaking discoveries during expeditions, this is the story of how humanity woke up to the importance of marine conservation. LEGENDARY AUTHORS Learn about the visionary team and scientists that assembled and built the OceanX exploration program with narratives from OceanX's founders, Vincent Pieribone, Ray Dalio, Mark Dalio, and James Cameron. STUNNING PHOTOGRAPHY Breathtaking and never-before-seen photography showcase OceanXplorer's innovative design and cutting-edge technology; the scientists, explorers, and crew at work; and the underwater ecosystems of creatures deep below. OCEANXPLOERER Featuring 4 labs, 4 state-of-the-art deep-sea vehicles, a media center, a dive center, Sonar Array, and even a helicopter, take a detailed tour of the magnificent OceanXplorer like never before. DISCOVERY Brave explorers plunge to unfathomable depths so unknown that nearly each passing lifeform is alien to scientists. From the wreckage of Air France Flight 447, to over 180 new species of biofluorescent fish, and to the Galapagos catshark, OceanXplorer continues to uncover rare, deep-sea creatures, push new frontiers, and map uncharted areas of the world. CONSERVATION IN SPOTLIGHT Highlighted projects include saving America's Great Barrier Reef, bringing endangered species back from the brink of extinction, and actively combating against the widespread, destructive effects of climate change and pollution.

The Parable of the Pipeline - Burke Hedges 2007

The Warren Buffett Way - Robert G. Hagstrom 2013-09-13 Warren Buffett is the most famous investor of all time and one of today's most admired business leaders. He became a billionaire and investment sage by looking at companies as businesses rather than prices on a stock screen. The first two editions of *The Warren Buffett Way* gave investors their first in-depth look at the innovative investment and business strategies behind Buffett's spectacular success. The new edition updates readers on the latest investments by Buffett. And, more importantly, it draws on the new field of behavioral finance to explain how investors can overcome the common obstacles that prevent them from investing like Buffett. New material includes: How to think like a long-term investor - just like Buffett Why "loss aversion", the tendency of most investors to overweight the pain of losing money, is one of the biggest obstacles that investors must overcome. Why behaving rationally in the face of the ups and downs of the market has been the key to Buffett's investing success Analysis of Buffett's recent acquisition of H.J. Heinz and his investment in IBM stock The greatest challenge to emulating Buffett is not in the selection of the right stocks, Hagstrom writes, but in having the fortitude to stick with sound investments in the face of economic and market uncertainty. The new edition explains the psychological foundations of Buffett's approach, thus giving readers the best roadmap yet for mastering both the principles and behaviors that have made Buffett the greatest investor of our generation.

The Psychology of Money - Morgan Housel 2020-09-08 Doing well with money isn't necessarily about what you know. It's about how you behave. And behavior is hard to teach, even to really smart people. Money-investing, personal finance, and business decisions-is typically taught as a math-based field, where data and formulas tell us exactly what to do. But in the real world people don't make financial decisions on a spreadsheet. They make them at the dinner table, or in a meeting room, where personal history, your own unique view of the world, ego, pride, marketing, and odd incentives are scrambled together. In *The Psychology of Money*, award-winning author Morgan Housel shares 19 short stories exploring the strange ways people think about money and teaches you how to make better sense of one of life's most important topics.

Principles for Dealing with the Changing World Order - Ray Dalio 2021-11-30

NEW YORK TIMES BESTSELLER * MORE THAN ONE MILLION COPIES SOLD "A provocative read...There are few tomes that coherently map such broad economic histories as well as

Mr. Dalio's. Perhaps more unusually, Mr. Dalio has managed to identify metrics from that history that can be applied to understand today." -Andrew Ross Sorkin, *The New York Times* From legendary investor Ray Dalio, author of the #1 New York Times bestseller *Principles*, who has spent half a century studying global economies and markets, *Principles for Dealing with the Changing World Order* examines history's most turbulent economic and political periods to reveal why the times ahead will likely be radically different from those we've experienced in our lifetimes-and to offer practical advice on how to navigate them well. A few years ago, Ray Dalio noticed a confluence of political and economic conditions he hadn't encountered before. They included huge debts and zero or near-zero interest rates that led to massive printing of money in the world's three major reserve currencies; big political and social conflicts within countries, especially the US, due to the largest wealth, political, and values disparities in more than 100 years; and the rising of a world power (China) to challenge the existing world power (US) and the existing world order. The last time that this confluence occurred was between 1930 and 1945. This realization sent Dalio on a search for the repeating patterns and cause/effect relationships underlying all major changes in wealth and power over the last 500 years. In this remarkable and timely addition to his *Principles* series, Dalio brings readers along for his study of the major empires-including the Dutch, the British, and the American-putting into perspective the "Big Cycle" that has driven the successes and failures of all the world's major countries throughout history. He reveals the timeless and universal forces behind these shifts and uses them to look into the future, offering practical principles for positioning oneself for what's ahead. *Action Workbook Based On Principles By Ray Dalio* - Grady Newman 2019-11-11

Action workbook, based on "Principles" by Ray Dalio. Hopping over the Rabbit Hole - Anthony Scaramucci 2016-10-11

Develop the Scaramucci mindset that drives entrepreneurial success *Hopping over the Rabbit Hole* chronicles the rise, fall, and resurgence of SkyBridge Capital founder Anthony Scaramucci, giving you a primer on how to thrive in an unpredictable business environment. The sheer number of American success stories has created a false impression that becoming an entrepreneur is a can't-miss endeavor-but nothing could be further from the truth. In the real world, an entrepreneur batting .150 goes directly to the Hall of Fame. Things happen. You make a bad hire, a bad strategic decision, or suffer the consequences of an unforeseen market crash. You can't control what happens to your business, but you can absolutely control how you react, and how you turn bumps in the road into ramps to the sky. Anthony Scaramucci has been there and done that, again and again, and has ultimately come out on top; in this book, he shares what he wishes he knew then. Your chances of becoming an overnight billionaire are approximately the same as your chances of being signed to the NBA. Success is hard work, and anxiety, and tiny hiccups that can turn into disaster with a single misstep. This book shows you how to use adversity to your ultimate advantage, and build the skills you need to respond effectively to the unexpected. Learn how to deal with unforeseen events Map a strategic backup plan, and then a backup-backup plan Train yourself to react in the most productive way Internalize the lessons learned by a leader in entrepreneurship For every 23-year-old billionaire who just created a new way to send a picture on a phone, there are countless others who have failed, and failed miserably. *Hopping over the Rabbit Hole* gives you the skills, insight, and mindset you need to be one of the winners.

Summary: Principles - Life and Work by Ray Dalio - ExecutiveGrowth Summaries 2018-08-25

Note: This is a SUMMARY of Ray Dalio's bestseller, *Principles: Life & Work* *Principles* became a #1 New York Times Bestseller for very specific reasons... Ray Dalio was raised in a middle-class family in Long Island, NY and later became one of the 100 wealthiest people in the world (according to Forbes). He found Bridgewater Associates out of his two-bedroom apartment and grew it to become the world's most successful hedge fund managing over \$160 billion in assets. Bridgewater is renown for their policies of radical transparency and open-mindedness. If you work there, you're always

expected to say what you think and be brutally honest, no matter your seniority. It's a unique company culture, and it runs on the Principles discussed in this book. These simple but profound Principles took 40 years to perfect. They were refined and evolved over that time. Each time Dalio and his partners encountered a new problem or challenge, they tried to find the underlying principle at work and tried to learn from their pain and struggle. Dalio has been called the "Da Vinci" of investing, but his knowledge base spreads much wider than the world economy. He is a bold and independent thinker with unusual and refreshingly grounded ideas on how to manage and grow a successful company as well as on how to live a fuller life. Who will benefit from this book? Dalio's principles will inspire any would-be entrepreneur and anyone who wants to find practical ways to make better decisions, deal with reality, and improve his or her lot in life. His no-nonsense, logical, and fire-tested strategies are useful to improve your ability to study, think clearly, and get ahead in business, as well as any other sphere of your life. Why read the summary? Reading is primarily an investment of your time with the aim of gaining useful knowledge and perspective. However, it's often true that people start out reading a long book with all the best intentions, but when life gets in the way, there's never enough time to finish it. As such, reading our summary is the perfect way to introduce you to the full material and grasp the essential insights of Ray Dalio's life-changing book, Principles. Why read ExecutiveGrowth Summaries in particular? Examines history's most turbulent economic and political periods to reveal why the times ahead will likely be radically different from those in recent memory.

Summary: %principles by Ray Dalio: Life and Work - Flash Reads 2018-07-26

Principles by Ray Dalio (Book Summary) IMPORTANT NOTE: This is a book summary of Principles: Life and Work by Ray Dalio - this is not the original version of this title. ORIGINAL BOOK DESCRIPTION: "Significant...The book is both instructive and surprisingly moving." --The New York Times Ray Dalio, one of the world's most successful investors and entrepreneurs, shares the unconventional principles that he's developed, refined, and used over the past forty years to create unique results in both life and business--and which any person or organization can adopt to help achieve their goals. In 1975, Ray Dalio founded an investment firm, Bridgewater Associates, out of his two-bedroom apartment in New York City. Forty years later, Bridgewater has made more money for its clients than any other hedge fund in history and grown into the fifth most important private company in the United States, according to Fortune magazine. Dalio himself has been named to Time magazine's list of the 100 most influential people in the world. Along the way, Dalio discovered a set of unique principles that have led to Bridgewater's exceptionally effective culture, which he describes as "an idea meritocracy that strives to achieve meaningful work and meaningful relationships through radical transparency." It is these principles, and not anything special about Dalio--who grew up an ordinary kid in a middle-class Long Island neighborhood--that he believes are the reason behind his success. In Principles, Dalio shares what he's learned over the course of his remarkable career. He argues that life, management, economics, and investing can all be systemized into rules and understood like machines. The book's hundreds of practical lessons, which are built around his cornerstones of "radical truth" and "radical transparency," include Dalio laying out the most effective ways for individuals and organizations to make decisions, approach challenges, and build strong teams. He also describes the innovative tools the firm uses to bring an idea meritocracy to life, such as creating "baseball cards" for all employees that distill their strengths and weaknesses, and employing computerized decision-making systems to make believability-weighted decisions. While the book brims with novel ideas for

organizations and institutions, Principles also offers a clear, straightforward approach to decision-making that Dalio believes anyone can apply, no matter what they're seeking to achieve. Here, from a man who has been called both "the Steve Jobs of investing" and "the philosopher king of the financial universe" (CIO magazine), is a rare opportunity to gain proven advice unlike anything you'll find in the conventional business press.

Atomic Habits - James Clear 2018-10-16

The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

The Essays of Warren Buffett - Warren Buffett 2021

As in previous editions of *The Essays of Warren Buffett*, this one retains the architecture and philosophy of the original edition but adds selections from Warren Buffett's most recent annual shareholder letters. All the letters are woven together into a fabric that reads as a complete and coherent narrative of a sound business and investment philosophy. As an aid to all readers, and to enable readers of the previous editions to see what is new in this one, a disposition table at the end of the book shows the various places in this collection where selections from each year's letter appear. Footnotes throughout indicate the year of the annual report from which essays are taken. To avoid interrupting the narrative flow, omissions of text within excerpts are not indicated by ellipses or other

punctuation. This new edition is called for not because anything has changed about the fundamentals of Buffett's sound business and investment philosophy but because articulation of that philosophy is always delivered in the context of contemporary events and business conditions so periodic updating is warranted to maintain its currency

Learn or Die - Edward D. Hess 2014-09-30

To compete with today's increasing globalization and rapidly evolving technologies, individuals and organizations must take their ability to learn—the foundation for continuous improvement, operational excellence, and innovation—to a much higher level. In *Learn or Die*, Edward D. Hess combines recent advances in neuroscience, psychology, behavioral economics, and education with key research on high-performance businesses to create an actionable blueprint for becoming a leading-edge learning organization. *Learn or Die* examines the process of learning from an individual and an organizational standpoint. From an individual perspective, the book discusses the cognitive, emotional, motivational, attitudinal, and behavioral factors that promote better learning. Organizationally, *Learn or Die* focuses on the kinds of structures, culture, leadership, employee learning behaviors, and human resource policies that are necessary to create an environment that enables critical and innovative thinking, learning conversations, and collaboration. The volume also provides strategies to mitigate the reality that humans can be reflexive, lazy thinkers who seek confirmation of what they believe to be true and affirmation of their self-image. Exemplar learning organizations discussed include the secretive Bridgewater Associates, LP; Intuit, Inc.; United Parcel Service (UPS); W. L. Gore & Associates; and IDEO.
