Science of Propagation -

The new book, SCIENCE OF PROPAGATION (DAWA'H), is about Dawa'h methodology: Science of Propagation () is a new thought process which has not been mentioned in the Islamic literature. However, Allah (SWT) has introduced the matter of Dawa'h in a scientific way in the verse 125 of Nahal where the philosophical terms Wisdom, Sermonizing and Argument are connected in a logical fashion. Therefore, in the present book the wisdom triangle, wisdom process triangle, Dawa'h methodology, structure and decision making process of a Dawa'h organization, perspectives of sermon, science of argument, and few topics of argument that usually a Daa'ee faces during Islamic Dawa'h works are explained. To explain the subject matters, 20 (twenty) figures and 5 (five) tables have been introduced.

Du'A - Abu Ammaar Yasir Qadhi 2001-08-01

Muhammad the Greatest -

"And most certainly, thou (O Muhammad) are of most sublime and exalted character." (The Holy Qur'an, 68:4) How the Topic Arose About ten years ago, a distant cousin of mine - Mr. Mohamed Mehtar Farooki gave me a typed quotation by the French historian, Lamartine. The quotation [A detailed exposition of the quotation will be found on page 38] purported to prove that Muhammad (pbuh), the prophet of Islam, was the greatest man that ever lived. Mr. Mehtar was in the habit of passing information on to me, believing that I might put the same to some good use at the proper time and place. Before this he had presented me with "The Call of the Minaret," an expensive book written by (Bishop Kenneth Cragg). By analysing this book I discovered the masterful deceit of the Christian Orientalists.

The True Message of Jesus Christ - Bilal Philips 2004-01-01

Fiqh Us Seerah - Muhammad Al Ghazali 2022-12-30

Many books have been written about the life of the Prophet Muhammad (SAW), However, In writing this book, the author (Sheikh Muhammad al-Ghazali) had a specific objective. He used the life of the Prophet (SAW) to go into depths that many historians had only touched upon from the various aspects of his (saw) life. This book goes into detail and provides reasons and explanations for whatever took place. It is a blend of modern analysis and ancient detail. Its objective is to nurture faith, purify characters and fan the struggle to embrace the truth and be faithful to it. Indeed, the life of the Prophet (SAW) has been documented as a message for practical implementation, not intellectual entertainment'. You may think that you

have studied the life of Muhammad by following his history from birth to death but this is a grave mistake. You will never really understand the Seerah unless you study the noble Qur'an and the purified Sunnah. The amount that you derive from these will tell the strength of your connection with the prophet of Islam, sallallahu `alaihi wa sallam' Drawing upon his profound classical Islamic learning and an extensive knowledge of modern science, Sheikh al-Ghazali has broken new ground in the study of Seerah, bringing to bear a fresh but wholly authentic approach. This is a work which all serious students should have, to complement the Seerah of the Prophet Muhammad (SAW)

The Battles of the Prophet (saw) - Ibn Kathir 2019-07-18

This Book is extracted from the Book of Imam Ibn Kathir 'Al-Bidayah Wan-Nihayah' one of the most important texts written about the History of the World until the time of the author. As with many Translation of Ibn Kathirs Works this is an Abridged version without impairing the contents of the book. All of the Prophet's battles occurred after the Hijrah, within a span of ten years. The Prophet sallallâhu 'alayhi wa sallam had to fight in many of these battles. Muhammad in the Bible - Dr. Jamal A. Badawi 1995

I will raise them up a prophet from among their brethren, like unto thee, and will put my words in his mouth; and he shall speak unto them all that I shall command him. Upon whom to these characteristics of the awaited prophet apply? Upon Jesus or Muhammad (peace be upon them). This book examines these prophecies in a very logical and scientific method. The book hopes to analyse the references made and the description given for the awaited Prophet, with the goal to establish who that Prophet actually was.

The Quran - Mufti Taqi Usmani 2017-02-12

The Holy Qur'an is the sacred book of Islam. It is the word of God whose truth was revealed to the Prophet Muhammad (PBUH) through the angel Gabriel over a period of 23 years. As it was revealed, so it was committed to memory by his companions, though written copies were also made by literate believers during the lifetime of the Prophet. The first full compilation was by Abu Bakar, the first Caliph, and it was then recompiled in the original dialect by the third Caliph Uthman, after the best reciters had fallen in battle. Muslims believe that the truths of The Holy Qur'an are fully and authentically revealed only in the original classical Arabic. However, as the influence of Islam grows and spreads to the modern world, it is recognised that translation is an important element in introducing and explaining Islam to a wider audience. This translation, by Mufti Taqi Usmani, is considered to be the most faithful rendering available in English. Mufti Muhammad Taqi Usmani is one of the leading Islamic scholars living today. He is an expert in the fields of Islamic Jurisprudence, Economics, Hadith and Tasawwuf. Born in Deoband in 1362H(1943 CE), he graduated par excellence from Dars e Nizami at Darul Uloom, Karachi, Pakistan. Then he specialized in Islamic Jurisprudence under the guidance of his eminent father, Mufti Muhammad Shafi, the late Grand Mufti of Pakistan. Since then, he has been teaching hadith and Fiqh at the Darul-Uloom, Karachi. He has authority to teach hadith from his father Mufti Muhammad Shafi, Maulana Idrees Khandhelawi, Qari Mohammed Tayyeb, Maulana Saleemullah Khan, Mufti Rasheed, Moulana

Sehban Mahmood, Allama Zafar Ahmed Usmani, Sheikhul Hadith Moulana Zakariya Khandelawi, Sheikh Hassan Meshat (ra) and others. In tradition to the scholars of Deoband, recognizing the importance of Tasawwuf, he traversed the path under the guidance of Sheikh Dr. Abdul Hayy Arifi and Moulana Maseehullah Khan both khulafa of Hakeemul Ummat Moulana Ashraf Ali Thanvi (rahmetullah ajmaeen). And is authorized by both of his mentors in Silsila e Ashrafia: Chistiyyah, Naqshbandiyah, Qadiriyyah and Suharwardiyah. In addition to his busy schedule he is himself a mentor to numerous spiritual aspirants all over the world. He also holds a degree in law and was a Judge at the Sharia Appellate Bench of the Supreme Court of Pakistan till recently. He is a consultant to several international Islamic financial institutions and has played a key part in the move toward interest free banking and the establishment of Islamic financial institutions. He is considered to be an authority on this subject. He is the deputy chairman of the Jeddah based Islamic Fiqh Council of the Organization of Islamic Conference (OIC). He has been writing on various Islamic topics and is author of more than 60 books and numerous articles.

[The Qur'an](#) - Muhammad Abdullah Draz 2017-10-10

This book is unique in its approach to the Qur'an. It argues the point that only God could author such a book, and that Muhammad could have never produced anything like it. While this objective has been attempted by several Muslim scholars who highlighted one aspect or another of the topics highlighted in the Qur'an, Dr. Draz's work is perhaps the first that relies totally on the merits of the Qur'anic text for an irrefutable proof. Dr. Draz discusses the arguments made at the time of the Prophet and later on which suggested that the Qur'an was taught to Muhammad by various teachers, and shows how they all collapse at the first test. When he has irrefutably established the fact that the Qur'an could only be a divine revelation, Dr. Draz goes on to analyze the Qur'anic style, showing how it combines merits that could never be found together in any human writing. Equipped with a profound literary sense and a powerful Arabic style, Dr. Draz discusses the main characteristics of the Qur'anic style, as well as the unity of theme that runs through each chapter, or surah. The work is now presented to English readers as it gives students of the Qur'an valuable insight, enabling them to understand the Qur'an better.

The Noble Life of the Prophet - 'Alī Muḥammad Muḥammad Ṣallābī 2005

[The Life of Prophet Muhammad](#) ([📖](#) [📖](#) [📖](#) [📖](#) [📖](#) [📖](#) [📖](#) [📖](#)) - ~~Muṣṭafā Al-Sibā'i~~ [Mustafa Al-Sibai](#) 2021-02-14

It is very important for anyone who wants to spread the message of Islam to study the life of the Prophet (blessings and peace of Allah be upon him) and discover how he undertook the mission of da'wah, or calling to Islam. This book is a blueprint for da'wah. From studying his biography we learn the lessons of patience and perseverance in the face of adversity and opposition, and the readiness to sacrifice everything for the cause of Islam. In this book, Dr. as-Sibā'ie shows us how the Prophet's approach was gentle yet determined and clear-cut, with no compromise on basic issues. The author takes the most important events of the Messenger's life, summarizes them in order to offer a brief overview, then outlines the lessons that we learn from these events. This is an excellent introduction both to the principles of da'wah and to the seerah, the study of the life of the Prophet (blessings and peace be upon him). It should be on the bookshelf of every Muslim who wants to call others to Allah.

Blasting the Foundations of Atheism - Abul Feda' Ibn Mass'oud 2020-03-05

In his bold and bigoted quest to ridicule the very idea of "God" and "religion", rendering the whole thing as nothing but a big ancient "delusion", Richard Dawkins delivers what I view to be - in fact - some of the greatest services an atheist has ever done to the cause of truth and the message of tawheed. Even an amateur philosopher like himself should realize that it takes much more to argue against the reliability of innate rationality and natural language, not to mention the mental consistency of all humans ever since the dawn of time (except for atheists in general and Darwinians in particular). Yet, he does not, thinking perhaps that this is all he needs to do to deliver his message to an audience of commoners and laypeople; and this serves me pretty well

indeed. In his book "The God Delusion", Dawkins seeks to convince the lay reader that ever since time immemorial, humans have been "fooled" or "deluded" to see "design" where in fact there is not, and to see order and purpose where in fact there is none. He calls his ideological mission an attempt to "raise" people's consciousness to the level where they are finally prepared to embrace such outrageous claims, both intellectually and spiritually. Thus I only find it convenient and justifiable that a book written to serve - among other pertinent ends - as a response to The God Delusion would come out under the title: Blasting the foundations of Atheism. But how does blowing Dawkins' book serve as a means to blast all atheism? Well, I think that if one was to take some time and carefully examine every quasi argument that Dawkins puts forth in his boldly titled book, they would at least offer the reader fair insight into the "psyche" and "rationale" of an atheist, a militant one no less, who claims to have come to a near certainty that God is only a delusion! So if written with care, such an insight would suffice, in my view, to effectively destroy the foundations of all atheism. After all, atheism should be viewed as a psychological condition, and the core thesis of atheism is indeed every bit as ridiculous as what the very title of Dawkins' book demonstrates. Thus I chose to exploit The God Delusion as a perfect instrument for my ends, and for that I am very grateful to Richard Dawkins. Originally, I set out to refute every false or inconsistent claim that Dawkins bothered to advance in his book, and further expand on my arguments against atheistic thought along every quotation that I choose to pick. Naturally, I ended up with a volume little over a thousand pages large. Thus I was advised to split it in two volumes, the first of which would be printed separately, and would suffice to blow at least the two core chapters of Dawkins' book out of the water: chapters three and four. It is my pleasure to present the first of the two volumes of the book Blasting the Foundations of Atheism: its Pseudoscience and Pseudo-reason; a book which is not only addressed to sincere truth seekers worldwide but also to those who are on the verge of atheism

[The Lofty Virtues of Ibn Taymiyyah](#) - Ibn Taymiyyah 2018-09-28

If I had to swear standing between the corner of the Ka'bah and the spot of Ibrahim, I would swear that I have not laid my two eyes on anyone like him, nor has he seen anyone as knowledgeable as himself. The author said: When I learned of the death of the scholar and educator of this Ummah - the Imam, the mujtahid, the defender of the pure Shariah and Prophetic Sunnah, Shaykh al-Islam Taqi ad-Din Abi al-Abbas Ahmad bin Abd al-Halim bin Abd as-Salam bin Taymiyyah (may Allah sanctify his soul and brighten his grave) - some of the scholars and those who loved good for the Muslims said to me: You saw and befriended the Shaykh, and you came to know him and his characteristics. If only you could write a few words regarding what you saw in order to benefit whoever of this Ummah comes across them, since mercy descends when we remember the righteous people. So, I responded: I only accompanied him for a few days, and I only know few of this many virtues. However, I saw that they intended good and that what they were requesting of me was a right and obligation upon me, as the scholar should be keen to spread and distribute what he thinks will be of value to the Muslims. So, I produced a small effort describing his virtues which will give the intelligent reader an idea of the honor and excellence of this man. I divided it into sections in order that it be a guide to those who reflect, and I included all that I could remember under each one...

The subject of the jinn is one which is of interest to many people. Folk stories abound, and many superstitious practices have arisen in many cultures with regard to protection against the jinn. This book cuts through all the confusion and identifies correct teachings on all these subjects. The jinn are real and they can indeed harm humans, but this book will teach you how to protect yourself.

The Nature of Fasting - Ibn Taymiyyah 2018-10-12

This is a translation one of the smaller publications from the works of Shaykh Al-Islam Taqiuddin Ahmad bin 'Abdul-Halim Ibn Taymiyyah. It has been published in this form a variety of times with a number of minor additions to the text under the title, "Hagigatus-Siyam," or, "The Nature of Fasting." We have revised our version to meet the source section of Majmu' AI-Fatawa (25:219) from where it appears that the original booklet - with the exception of the questions, of which most appear on earlier pages - has been taken. We have inserted brackets to signify the additions, which earlier publishers probably took from other sections of his writings. We have also added brief references to the text for the Hadiths.

Noble Words - Ahmad ibn 'Abd al-Halim Ibn Taymiyyah 2003

Islam Is Your Birthright -

Each person is born in a religious environment that is not of his/her own choice. From the very beginning of human existence in this world, they are assigned the religion of their family or the ideology of the state. By the time individuals reach their teens they usually accept the beliefs of their parents or that of their particular society. However, when some people mature and are exposed to other beliefs and ideologies, they begin to question the validity of their own beliefs. Seekers of truth often reach a point of confusion upon

realizing that believers of every religion, sect, ideology and philosophy all claim to have the one and only correct religion or ideology. There are only three possibilities. They are either all correct; all wrong or only one is correct and the rest are wrong.

Muslim Christian Dialogue - Hasan M. Baagil 1984

C. Why have there been in the last decade many discussions held between Christians and Muslims about their beliefs? M. I think because we both have several things in common. We believe in the One Creator Who sent many Prophets and in Jesus as the Messiah as well as the Word of God who was denied by the Jews. Our Holy Qur'an mentions in Surah 3:45: [Remember] when the angels said: 'O Mary! Verily Allah gives you the glad tidings of a Word from Him, his name will be Messiah Jesus, the son of Mary, held in honor in this world and in the hereafter, and of those who are near to Allah...'
Dialogues have been held everywhere in Europe, Canada, the United States, and Australia. Even the Vatican has participated: discussions were held between Vatican theologians and Egyptian Muslim scholars in Rome in 1970 and in Cairo in 1974..

Political Islam - John L. Esposito 1997

"For more than a decade, policymakers and observers in the Muslim world and the West have struggled with the specter of political Islam -- or "Islamic fundamentalism"--Often confounded by myriad and contradictory images. This book offers a thorough, objective examination of the impact of political Islam on domestic and international politics in countries ranging from North Africa to South Asia. Covering both governments and Islamic movements and organizations, the authors analyze the multifaceted nature and dynamics of contemporary Islamic politics in the context of three perspectives: the struggle between governments and illegal opposition; Islam within the political process; and the international relations of political Islam. They make a seminal contribution to the understanding of a phenomenon that incorporates extremists as well as moderates, and demagogues as well as representative populist movements." -- Publisher description.

Beyond Mere Christianity - Brandon Toropov 2005

Written in response to C.S. Lewis influential 1952 work. Mere Christianity. which stands as a masterpiece of Christian apologetics. By Brandon Toropov. in English. Beyond Mere Christianity - C.S. Lewis the Betrayal of Christianity
The book is called Beyond Mere Christianity for two reasons. First. in response to C.S. Lewis influential 1952 work. Mere Christianity. which stands as a masterpiece of Christian apologetics. The second reason. perhaps less obvious. is that a case can be made. based on current. responsible Gospel scholarship. that Jesus was calling his people to the Salvation that lies beyond the worship of the merely created. the Salvation that relies instead on the direct worship of the Creator. I believe emphatically that the authentic words of Jesus invite us to move beyond what is conventionally understood as Christianity for this Salvation.
