Nineteen Eighty-Four - George Orwell
2021-01-09

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism,

mass surveillance, and repressive regimentation of persons and behaviours within society.

Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The

protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

The Road - Cormac McCarthy
2007-03-20

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a

pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's new novel, *The Passenger*.

The only thing Tate and Miles have in common is an undeniable mutual attraction. Once their desires are out in the open, they realize they have the perfect set-up. He doesn't want love, she doesn't have time for love, so that just leaves the sex. Their arrangement could be surprisingly seamless, as long as Tate can stick to the only two rules Miles has for her. Never ask about the past. Don't expect a future. They think they can handle it, but realize almost immediately they can't handle it at all. Hearts get infiltrated. Promises get broken. Rules get shattered. Love gets ugly.

Will the princess save the beast? For Princess Jaya Rao, nothing is more important than family. When the loathsome Emerson clan steps up their centuries-old feud to target Jaya's little sister, nothing will keep Jaya from exacting her revenge. Then Jaya

finds out she'll be attending the same elite boarding school as Grey Emerson, and it feels like the opportunity of a lifetime. She knows what she must do: Make Grey fall in love with her and break his heart. But much to Jaya's annoyance, Grey's brooding demeanor and lupine blue eyes have drawn her in. There's simply no way she and her sworn enemy could find their fairy-tale ending...right? His Lordship Grey Emerson is a misanthrope. Thanks to an ancient curse by a Rao matriarch, Grey knows he's doomed once he turns eighteen. Sequestered away in the mountains at St. Rosetta's International Academy, he's lived an isolated existence—until Jaya Rao bursts into his life, but he can't shake the feeling that she's hiding something. Something that might just have to do with the rose-shaped ruby pendant around her neck... As the stars conspire to keep them apart, Jaya and Grey

grapple with questions of love, loyalty, and whether it's possible to write your own happy ending.
