Re-viewing Fascism - Jacqueline Reich
2002-05-07

When Benito Mussolini proclaimed that "Cinema is the strongest weapon," he was telling only half the story. In reality, very few feature films during the Fascist period can be labeled as propaganda. Re-viewing Fascism considers the many films that failed as "weapons" in creating cultural consensus and instead came to reflect the complexities and contradictions of Fascist culture. The volume also examines the connection between cinema of the Fascist period and neorealism—ties that many scholars previously had denied in an attempt to view Fascism as an unfortunate deviation in Italian history. The postwar directors Luchino Visconti, Roberto Rossellini, and Vittorio de Sica all had important roots in the Fascist era, as did the Venice Film Festival. While government censorship loomed over Italian filmmaking, it did not prevent frank depictions of sexuality and representations of men and women that challenged official gender policies. Re-viewing Fascism brings together scholars

from different cultural and disciplinary backgrounds as it offers an engaging and innovative look into Italian cinema, Fascist culture, and society.

Tarnac, a Preparatory Act - Jean-Marie Gleize 2014

Poetry. Literary Nonfiction. Politics. Edited by Joshua Clover. Translated from the French by Joshua Clover, Abigail Lang, and Bonny Roy. Published in 2011 by Editions du Seuil, Tarnac, un acte préparatoire interrogates in poetic form the fallout from and precedent for the notorious cause célèbre of the Tarnac Nine--associated with the Invisible Committee, pseudonymous authors of *The Coming Insurrection*. It is his Anglo-American debut full-length, though as editor of the journal *Nioques*, he is well-known to American readers for, among other things, importing to France the work of some more daring poets from the U.S. Gleize's formulations of *nudité* and *littéralité* give some sense of his poetics, antithetical to the verse of flourish and ornament, but also to the performance of allusive depth and immanent ambiguity. Directness, detail, and documentation are keywords. In translation, TARNAC, A PREPARATORY ACT not only lends insight into radical aesthetic politics that characterize ongoing transatlantic--indeed global--intellectual affinities, but it introduces to American readers an inestimably important figure of French letters. About the translators: Bonnie Roy is a young scholar and poet specializing in contemporary work; Abigail Lang teaches at the Université Paris-Diderot where she is a scholar of modernist poetry, and a noted translator of English-language poetry into French; Joshua Clover has published two volumes of poetry, *Madonna anno domini* and *The Totality for Kids*. His poems have also appeared three times in *Best American Poetry*, and he has written two books of film and cultural criticism: *The Matrix* and *1989: Bob Dylan Didn't Have This to Sing About*. He teaches at the University of California, Davis. Can we situate an act of political autonomy in/as the provisional autonomy (surfaces) of a poem? // TARNAC, A

PREPARATORY ACT riffs on/around a 2008 case against Julien Coupat, alleged leader of the Tarnac Nine, a putative 'anarchist' cell, who was accused of 'criminal conspiracy to commit a terrorist act.' // Jean-Marie Gleize considers the implication of an arrest for something 'preparatory, ' that is, something like speech. // Can a poem (a preliminary act) be insurrectionary?--Charles Bernstein
Frederick the Second - Ernst Kantorowicz 2017-06-20

FREDERICK THE SECOND is the story of the remarkable man whose power and sphere of influence straddled the worlds of Christendom and of Islam. The last of the Hohenstaufens, Holy Roman Emperor and King of Sicily and Jerusalem, Frederick II was an energetic and versatile ruler, a man of great ambition in whose lifetime the conflict between Emperor and Pope reached a new intensity. Excommunicated three times by the Church, he was an absolute monarch whose power, defended in almost continuous struggle, extended over much of Germany and Italy as well as the Holy Land. Frederick was a complex man of cultured tastes and licentious manners who had unusually wide intellectual interests. At his Sicilian court scholars of all religions were welcomed--Christian, Jewish, Mohammedan. He founded the University of Naples in 1224 and was a patron of the arts and sciences. The life of this dynamic man is fully explored in Ernst Kantorowicz's notable biography, filled with dramatic incident and absorbing detail, and written with style and scholarship.

The Outlaws - Ernst Von Salomon 2013

It is November 1918. Germany has just surrendered after four years of the most savage warfare in history. It is teetering on the brink of total social and economic collapse, and the German people now lie at the mercy of new, liberal politicians who despise everything Germany once stood for. The Communists are rioting in the streets, threatening to topple the new government in Weimar and bring about their own revolution. The frontline soldiers are returning from the hell of the war to find an unrecognizable land, the principles and

traditions they had sacrificed so much to defend now the stuff of mockery. The narrator of *The Outlaws*, a 16-year-old military cadet, is too young to have served in the trenches, but feels the sting of this betrayal no less than they. Since Germany's armies have been all but disbanded, he joins the paramilitary Freikorps - groups of veterans who refuse to lay down their arms, and who have pledged to stop the Communists - and begins fighting, first in the streets of Germany's cities, and then in the Baltic states, defending Germany's eastern frontiers from Communist subversion while ignoring the calls to disengage by the meek politicians at home. After months of intense fighting abroad, the Freikorps soldiers return to settle scores with their enemies in Germany, dreaming of a nationalist counter-revolution, and, their trigger fingers still itchy, fix their sights on bringing down the hated new government once and for all... *The Outlaws* is a chronicle of the experiences of the men who fought in the Freikorps, but it is also an adventure and a war story about an entire generation of soldiers who loved their homeland more than peace and comfort, and who refused to accept defeat at any price. "What we wanted we did not know; but what we knew we did not want. To force a way through the prisoning wall of the world, to march over burning fields, to stamp over ruins and scattered ashes, to dash recklessly through wild forests, over blasted heaths, to push, conquer, eat our way through towards the East, to the white, hot, dark, cold land that stretched between ourselves and Asia - was that what we wanted? I do not know whether that was our desire, but that was what we did. And the search for reasons why was lost in the tumult of continuous fighting." - p. 65 Ernst von Salomon (1902-1972) was one of the writers of the German Conservative Revolution of the 1920s. Like the narrator of *The Outlaws*, he was a military cadet at the end of the First World War, and joined the Freikorps, participating in many of the events described in the book, including the assassination of Foreign Minister Walther

Rathenau, for which he was imprisoned. He went on to write many books and film scripts.

The Vatican Necropoles - Paolo Liverani 2010

This is the first published summary of the entire complex of the great necropoles of Rome, which were situated on Vatican Hill. The work concerns one of the most extensive, richest, and least-known Roman archaeological phenomena and bears witness to the work of creating an underground museum that has been followed internationally as a model of conservation practice. From the submerged world of the necropoles emerges the funeral

'normality' of the Roman world, from poorer cremations in wooden urns, to sumptuous sarcophagi, to sepulchres adorned with frescoes and mosaics. One can also observe Egyptian cults influencing the practice of epicurean philosophy. In addition, we can catch a glimpse of the first traces of Christianity, which include the presence of St. Peter the Apostle's tomb.

The Holy Land - Alda Merini 2002

For Merini, it seems, the Holy Land is not the Promised Land of Canaan, but the forty years spent getting there, coming to terms with the terrifying atrocities of hell, the mystical ecstasies of paradise, and the "intense pain...of plunging back into the banality of daily living." Merini's wandering may be understood as the poet's search for the obscure laws which govern her visions, metamorphoses, and creations."--BOOK JACKET.

Life and Death of Harriett Freen - May Sinclair 2021-05-14

Raised in a restrictive and oppressive household, Harriet Freen is used to sacrificing her own happiness and comfort for the sake of others, in fact, she's proud of it. Taught that women were to be submissive, pious, kind, and quiet, Harriet molds herself into the perfect Victorian woman. Though she struggles with the crushing expectations of Victorian gender roles, Harriet finds comfort in her close relationship with Prissy, her best friend. As the two grow older, they conform to their expected mold. With Prissy's support, Harriet continues her dedication to being the perfect woman, and is in pursuit of a husband. However, when Harriet finally falls in love, she is overcome by a crisis of conscience. Her entire perception of herself is shaken and her beliefs are challenged, because she has fallen for an unavailable man. Unsure how to process her feelings, Harriet begins to isolate herself in shame, because she cannot possibly tell anybody, not even Prissy, that she is in love with her best friend's fiancé. Originally published under one-hundred years ago, May Sinclair's *Life and Death of Harriet Freen* explores questionable ideals still present in modern

society. With topics of romance, gender roles, and identity, *Life and Death of Harriet Freen* is both timeless and a perfect record of the harmful ideals of English Victorian society. As a pioneer of the stream-of-consciousness literary style, Sinclair's prose is captivating and brilliant, allowing her characters to feel real and familiar to readers, creating a narrative that is undeniably compelling. This edition of *Life and Death of Harriet Freen* by May Sinclair now features an eye-catching new cover design and is printed in a font that is both modern and readable. With these accommodations, this edition of *Life and Death of Harriet Freen* creates an accessible and pleasant reading experience for modern audiences while restoring the original brilliance and insight of May Sinclair's work.

The Translator's Turn - Douglas Robinson
1991

Despite landmark works in translation studies such as George Steiner's *After Babel* and Eugene Nida's *The Theory and Practice of Translation*, most of what passes as contemporary "theory" on the subject has been content to remain largely within the realm of the anecdotal. Not so Douglas Robinson's ambitious book, which, despite its author's protests to the contrary, makes a bid to displace (the deconstructive term is apposite here) a gamut of earlier cogitations on the subject, reaching all the way back to Cicero, Augustine, and Jerome. Robinson himself sums up the aim of his project in this way: "I want to displace the entire rhetoric and ideology of mainstream translation theory, which ... is medieval and ecclesiastical in origin, authoritarian in intent, and denaturing and mystificatory in effect." -- from <http://www.jstor.org> (Sep. 12, 2014).
