Clinical Encounters in Sexuality: Psychoanalytic Practice and Queer Theory - Noreen Giffney 2017

Clinical Encounters in Sexuality makes an intervention into the fields of clinical psychoanalysis and sexuality studies, in an effort to think about a range of issues relating to sexuality from a clinical psychoanalytic perspective. The editors have chosen queer theory as an interlocutor for the clinical contributors, because it is at the forefront of theoretical considerations of sexuality, as well as being both reliant upon and suspicious of psychoanalysis as a clinical practice and discourse. The book brings together a number of psychoanalytic schools of thought and clinical approaches, which are sometimes at odds with one another and thus tend not to engage in dialogue about divisive theoretical concepts and matters of clinical technique. The volume also stages, for the first time, a sustained clinical psychoanalytic engagement with queer theory. The central questions we present to readers to think about are: What are the discourses of sexuality underpinning psychoanalysis, and how do they impact on clinical practice? In what ways does sexuality get played out for, and between, the psychoanalytic practitioner and the patient? How do social, cultural and historical attitudes towards sexuality impact on the transference and countertransference, consciously and unconsciously? Why is sexuality so prone to reification? Genesis 1-25 - Charles E. Hummel 2011-10-18

Do you struggle to know and follow God's call for you in the world? In this fourteen session LifeGuide® Bible Study on Genesis, tells us that even the giants of faith—Abraham, Isaac, Jacob and Joseph—struggled to obey their Creator. But Genesis also reveals the amazing truth that the God who called a world and a nation into being also calls each of us to serve him. Sirat Al Nabi (Saw) and the Orientalists - Vol. 1 A - Muhammad Mohar Ali 2018-12-27

The orientalists have been studying the seerah of the prophet with a view to casting doubt and raising suspicions and discrediting the life and personality of the Prophet (saw). Their approach has evolved over the period of time. At times they have been vicious in their attacks as was the case in the 18th century which with time during the 19th and 20th century became seemingly sympathetic to his life. This study by Dr Muhammad Mohar Ali critically analyses the works of three famous orientalists, William Muir, D.S Margoliouth and W. Montgomery Watt. Dr Ali refutes the charges levelled by them against the life and character of

the Prophet (saw) with an erudition which the treatment of such a subject requires.
