Voices from Post-Saddam Iraq: Living with Terrorism, Insurgency, and New Forms of Tyranny - Victoria Fontan 2008-12-30

Even today, most Americans can not understand just why the fighting continues in Iraq, whether our nation should be involved there now, and how we could change our tactics to help establish a lasting peace in the face of what many fear will become a full-fledged civil war. In the book at hand, Victoria Fontan - a professor of peace and conflict studies who lived, worked and researched in Iraq - shares pointed insights into the emotions of Iraq's people, and specifically how democratization has in that country come to be associated with humiliation. Including interviews with common people in Iraq

this work makes clear how laudable intentions do not always bring the desired result when it comes to international conflict and cross-cultural psychology. For example, Fontan explains, one might consider the comment of a young Shiite: The greatest humiliation of all was to see foreigners topple Saddam, not because we loved him, but because we could not do it ourselves. This gripping text is focused on a new and growing area of human psychology - humiliation studies. In it, this leader at the United Nations-mandated University for Peace spotlights aspects of U.S. actions - and Iraqi perceptions - that have fueled ongoing conflict and left some increasingly outspoken residents of the U.S., and the rest of the world, demanding that foreign forces be withdrawn and the Iraqis left to their own accord. The work examines issues including how and when the Iraqis began to see the United

States, as not a liberator but as an occupier; how both Abu Ghraib and our ensuing handling of the scandal heightened Iraqi humiliation and fighting; how we've fueled the ethno-religious unrest that still rages today; and how the Post-Saddam elections paved the way for civil war. Fontan also describes the role of women in Iraq who may ultimately be an important key to peace and explains her views on the new role the U.S. may play to better help establish peace.

Gardens of the Righteous - Muhammad Zafrulla Khan 2012-12-06

Partners of Zaynab - Diane D'Souza 2014-09-03

How do pious Shia Muslim women nurture and sustain their religious lives? How do their experiences and beliefs differ from or overlap with

those of men? What do gender-based religious roles and interactions reveal about the Shia Muslim faith? In *Partners of Zaynab*, Diane D'Souza presents a rich ethnography of urban Shia women in India, exploring women's devotional lives through the lens of religious narrative, sacred space, ritual performance, leadership, and iconic symbols. Religious scholars have tended to devalue women's religious expressions, confining them to the periphery of a male-centered ritual world. This viewpoint often assumes that women's ritual behaviors are the unsophisticated product of limited education and experience and even a less developed female nature. By illuminating vibrant female narratives within Shia religious teachings, the fascinating history of a shrine led by women, the contemporary lives of dynamic female preachers, and women's popular prayers and rituals of petition,

Partners of Zaynab demonstrates that the religious lives of women are not a flawed approximation of male-defined norms and behaviors, but a vigorous, authentic affirmation of faith within the religious mainstream. D'Souza questions the distinction between normative and popular religious behavior, arguing that such a categorization not only isolates and devalues female ritual expressions, but also weakens our understanding of religion as a whole. Partners of Zaynab offers a compelling glimpse of Muslim faith and practice and a more complete understanding of the interplay of gender within Shia Islam.

The Power of Prayer (Channeling Brain Waves Through Dhikr) - Ahmed Hulusi
2014-06-20

"Prayer is the weapon of a believer."
- Muhammad (saw) Prayer is the act of actualizing one's wants through the divine powers present within. There

is of course a scientific explanation to this act. Essentially prayer is 'guided brain waves.' Just as the dimension of knowledge transforms into energy and the quantum field to form the universe, the wants and desires of consciousness emanate from the dimension of knowledge to reveal themselves as the wants and desires of man and become actualized through the densification of guided brain waves. Due to this, the stronger the concentration level, the faster the response will be to the prayer. "And he who turns away from My dhikr (the absolute reality of which I have reminded him), indeed, he will have a restricted life (limited by the conditions of his body and mind), and We will resurrect him as blind in the period of Doomsday." Quran 20:124 Since only a very small percentage of the brain is employed while a large part of brain capacity remains unused, dhikr allows the activation of this larger percentage. The bio-

electrical energy produced in specific regions in the brain via dhikr spreads to other regions and activates the dormant cells thereby increasing brain activity. Whatever the dhikr is about, the frequency corresponding to that meaning is emanated to the cells and thus brain capacity relevant to that particular meaning is increased.

Muhammad: His Character and Conduct -
Adil Salahi 2014-08-18

Muslims all over the world see
Muhammad as God's last messenger to
mankind. Through his actions, he
showed the way to live a life that
provides for all the needs of body,
mind, and soul, and elevates man's
aspirations towards a sublime ideal
in a very simple, direct, and
truthful manner. He built a state
that was dedicated to truth and
justice and to the liberation of man
throughout the world. He wrote to
emperors, kings, and rulers, calling
on them to believe in God and to
follow His message, yet, at the same
time, he lived a life of poverty,
leaving aside the riches that were
offered to him. At a time when the

Prophet is much maligned by writers, cartoonists, and various other detractors, this book aims to show Muhammad's true character in detail, both in its most everyday and most extraordinary moments. Adil Salahi's writings include the acclaimed Muhammad: Man and Prophet and Pioneers of Islamic Scholarship, and the English translation of the eighteen-volume In the Shade of the Qur'an. His main career has been in radio and print journalism, and for over thirty years he was editor of "Islam in Perspective," a twice-weekly full-page column in the Arab News, a Saudi daily newspaper.

Hajj Booklet - Moulana Sadiq Hasan - XKP 2015-11-06

Hajj is an important cornerstone of Islam. It is a great worship and an important responsibility which must be discharged by those who are able, irrespective of age or gender. If Hajj becomes wajib but is not performed the person dies the death of a Jew or a Christian and will be
