*Egypt: Child of Atlantis* - J. S. Gordon 2004-05-18

Reveals that Egyptian civilization is far older than commonly believed and that its sacred science was the legacy of the gods who founded Atlantis • Explains the cosmological and astronomical underpinnings of Egyptian philosophy and how they gave structure to the entire society • Explores the importance of the Precession of the Equinoxes in the initiatory nature of Egyptian life This book asserts that the civilization of Egypt existed far longer than is commonly believed and was structured around forms of cosmic knowledge that involved astronomical and geographical competence that modern science has yet to attain. Building on evidence of the prehistoric existence of an ancient worldwide religious culture that extended all the way to Tibet and China, John Gordon traces the origins of Egyptian culture to the legendary lost continent of Atlantis. Based on an understanding of the Precession of the Equinoxes and its inextricable connection to human evolution and divine purpose, he concludes that the sacred science of the ancient Egyptians was the legacy left to them by "fallen star gods," conscious divine beings who founded Atlantis. Egyptologists contend that ancient Egypt was a civilization obsessed with death, that its greatest monuments were tombs, and that its history dates back only some 5,000 years. In contrast Gordon suggests this civilization to have been 50,000 years older. Furthermore, he contends that Egypt was originally not a society obsessed with death, but one that saw in life and death an initiatory transition. This idea was followed by the entire population, which was attuned to the form and nature of cosmic evolution at all levels of being, from the highest to the most mundane.

**The Murder of Moses** - Rand Flem-Ath 2019-06-04

An investigation of how Moses was deceived and murdered by his father-in-law, Reuel • Shows how the magician Reuel staged the Burning Bush that spoke to Moses and assumed Moses' identity after his murder • Explains how early scribes edited the Exodus story to cover Moses' assassination and replacement and fabricated Moses' origin story • Builds upon the Moses research of Goethe, Christopher Marlowe, and Sigmund Freud--who spent the last 40 years of his life obsessed with solving Moses' murder The life of Moses, the greatest prophet of the Old Testament, has always been shrouded in mystery. The Bible mentions no witnesses to Moses' death, no funeral, and no indication of his burial place, and the story of Exodus paints a very contradictory picture of this man so important to both Judaism and Christianity. At times, he is depicted as a meek, stuttering figure and at others his tyrannical commands and fits of rage terrorize the children of Israel. And, for the last years of his life, he chose to hide behind a veil. What is the explanation for these extreme shifts in character? Was Moses mentally ill? As Rand and Rose Flem-Ath reveal, the evidence points to something much more sinister: Moses was murdered and replaced by an impostor. The result of a decade-long investigation, this book continues and builds upon the research of Goethe, Christopher Marlowe, and Sigmund Freud--who spent the last 40 years of his life obsessed with solving Moses' murder--and reaches a startling but well-evidenced conclusion that Moses was deceived and murdered by his father-in-law, Reuel. The authors show how Reuel was a skilled magician trained at Egypt's prestigious House of Life and they reveal his motive: He was the son of Esau, from whom Jacob stole his birthright, the leadership of the Hebrew people, a role that Moses was now assuming. The authors explain how the magician Reuel used his sophisticated skills of manipulation and illusion to fake the Burning Bush that spoke to Moses as well as conceal

his assumption of Moses' identity after the murder. They reveal how the early scribes of the Old Testament inserted lags of time into the Exodus story to cover Moses' assassination and replacement, fabricated Moses' origin story, and changed the location of the "Mountain of God" from Edom, where Reuel was a prince, to Sinai. Unveiling the enigma of Moses' real story--and his murder and replacement--the Flem-Aths dramatically challenge the time line and details of biblical history, exposing a cover-up at the very origins of Western religion.

**The Cygnus Mystery** - Andrew Collines 2012-01-01

The Cygnus Constellation holds the key to proving that life originated in the heavens—and will ultimately return there. Best-selling author Andrew Collins has uncovered an astronomy that is about 17,000 years old, with standing stones, temples, and monuments across the globe oriented towards Cygnus's stars. He also found that the use of deep caves by Palaeolithic man led to the rise of religious thought and the belief in life's stellar origins. Now modern-day technology has confirmed that high-energy particles come from a binary star known as Cygnus X3. Ancient people knew what science is finally verifying: that the DNA of life came originally from deep space.

**Hidden History** - Brian Haughton 2007-01-15

An archaeologist explores history's most fascinating enigmas, from the ancient Druids to the mysteries of the Mayan calendar and the lost city of Atlantis. Across thousands of years of history, so-called lost civilizations still speak to us through their artifacts and architecture. In Hidden History, archaeologist Brian Haughton fills the gap between archaeology and alternative history using the latest available data and a common sense, open-minded approach. Divided into three sections, this expertly researched volume shares the secrets of Mysterious Places, Unexplained Artifacts, and Enigmatic People. Haughton introduces readers to the greatest mysteries of the ancient world, from the labyrinthine palace of Knossos on Crete to the pyramids of Egypt, the remote jungle temples of Peru, and the megalithic mystery of Stonehenge. **The Theory Of Celestial Influence** - Rodney Collin 2019-01-15

Before Paulo Coelho and Eckhart Tolle came Rodney Collin. A huge 462 page book full of essential knowledge. How To Become Supernatural Man, The Universe and Cosmic Mystery is an exploration of the universe and man's place in it. Rodney Collin examines 20th-century scientific discoveries and traditional esoteric teachings and concludes that the driving force behind everything is neither procreation nor survival, but expansion of awareness. Collin sets out to reconcile the considerable contradictions of the rational and imaginative minds and of the ways we see the external world versus our inner selves. For readers familiar with Gurdjieff's cosmology will here find further examinations of the systems outlined in by Ouspensky in Search of the Miraculous.

**Late Imperial Culture** - Roman De La Campa 1995-05-17

"A diverse range of theoretically sophisticated and historically informed contributors take as given two fundamental facts about the culture of imperialism: firstly, that it has a long and complex history which, in the present epoch, merits its being designated 'late'; and, secondly, that its impact on the contemporary world is far from exhausted. Together they

highlight the contradictions in the serried cultural practices of imperialism in its different historical periods."-- Publisher description. *The Message of the Sphinx* - Graham Hancock 2009-06-10  
NATIONAL BESTSELLER • Two Egypt experts posit a revolutionary theory: The Sphinx and other great Egyptian monuments are older than common history books tell us and are arranged in such a way as to send us a message from the silent past. Guardian of the ancient mysteries, the keeper of secrets . . . For thousands of years the Great Sphinx of Egypt has gazed toward the east, its eyes focused on eternity, reading a message in the stars that mankind has long forgotten. And today as our civilization stands poised at the end of a great cycle, it is a message that beckons insistently to be understood. All the clues are in place. Geology and archeo-astronomy have already indicated that the lion-bodied Sphinx may be vastly older than Egyptologists currently believe, dating not from 2500 B.C., but from 10,500 B.C.—the beginning of the astrological Age of Leo. And we now know that the three pyramids of Giza, standing on high ground half a mile to the west of the Sphinx, are in fact a precise map of the three stars of Orion's belt, formed in fifteen million tons of solid stone. Are these monuments trying to tell us something? And, if so, what? In *The Message of the Sphinx*, Robert Bauval and Graham Hancock present a tour de force of historical and scientific detective work that unravels the millennial code embodied in these structures. Using sophisticated computer simulations of ancient skies, they unravel the riddle of the Sphinx, and they present a startling new theory concerning the enigmatic Pyramid Texts and other archaic Egyptian scriptures. Their discoveries lead the authors to this question: Does mankind have a rendezvous with destiny—a rendezvous not in the future, but in the distant past, at a precise place and time? The secrets can be kept no longer. *The Message of the Sphinx* brings them to light.

**New Realities of the Twenty-first Century, Part 1** - Prophet Wildman 2017-02-07

*New Realities of the Twenty-first Century, Part 1* by Prophet Wildman  
The psychic/parapsychic experience in the supernatural is one that is not readily understood or accepted by the masses. After enjoying the gift of psychic future predictive awareness for more than fifty years, Prophet Wildman had a deep understanding of the psychic and parapsychic experience. However, it wasn't until 2008 when he began receiving Holy subject (Tribulation) awareness as a precognitive psychic medium that he really began to delve deeper into this relatively unknown subject and explore psychic and parapsychic experiences as they related to the supernatural and Christianity. Prophet Wildman wows his readers with first-hand experiences, both from the perspective of being Christian and of being a psychic medium, while also providing a comprehensive dissection and decoding of the Tribulation event as it relates to the prophecy. Wildman's deeply personal experiences, along with factual statements and others' first-hand experiences, provide the reader with a comprehensive read that will strengthen one's faith in Christ and Christianity, while opening up rarely explored doors to the supernatural, psychic and parapsychic worlds. Explore the unknown with Prophet Wildman as he weaves his unwavering Christian beliefs with everything from extraterrestrials and ultraterrestrials to vampires, U.F.O.s, and government cover-ups. An open mind and a strong religious conviction are all that's needed to begin searching and discovering some of the biggest mysteries of our time.

*The Atlantis Blueprint* - Colin Wilson 2008-12-10

A spellbinding blend of history and science, scholarship and speculation, this landmark work presents startling new evidence that traces archaeology's most enduring mysteries back to the lost civilization of Atlantis.... The Great Pyramid. Stonehenge. Machu Picchu. For centuries, these and other sacred sites have inspired wonder among those who ponder their origins. Conventional science tells us they were constructed by local peoples working with the primitive tools of a fledgling civilization. But these megaliths nonetheless continue to attract pilgrims, scholars, and adventurers drawn by the possibility that their true spiritual and technological secrets remain hidden. Who could have built these elaborate monuments? How did they do it? And what were their incomprehensible efforts and sacrifices designed to accomplish? Now comes a revolutionary theory that connects these mysteries to reveal a hidden global pattern -- the ancient work of an advanced civilization whose warnings of planetary cataclysm now reverberate across one hundred millennia. International bestselling author Colin Wilson and Canadian researcher Rand Flem-Ath join forces to share startling evidence of a fiercely intelligent society dating back as much as 100,000 years -- one that sailed the oceans of the world, building monuments to preserve and communicate its remarkable wisdom. The Atlantis

Blueprint is their term for a sophisticated network of connections between these sacred sites that they trace to Atlantis: a sophisticated maritime society that charted the globe from its home base in Antarctica ... until it was obliterated by the devastating global changes it anticipated but could not escape. Here is adventure to realms beyond our imaginings ... to shifting poles, changing latitudes ... into the world of ancient mariners who recharted the globe ... to astonishing discoveries about our ancestors. Here are the great mysteries ... the incredibly complex geography of the Temple of Luxor ... the startling sophistication of Egyptian science and math ... and tantalizing similarities among the Hebrew, Greek, and Mayan alphabets to the Chinese lunar zodiac. The Atlantis Blueprint opens up a Pandora's box of ancient mysteries, lost worlds, and millennial riddles. It is a story as controversial, fascinating, dangerous -- and inspiring -- as any ever told.

**Atlantis and the Kingdom of the Neanderthals** - Colin Wilson 2006-06-27

The history of Neanderthal influence from Atlantis to the contemporary era • Provides evidence of Neanderthal man's superior intelligence • Explores the unexplained scientific and architectural feats of ancient civilizations • Presents an alternative history of humankind since 7500 B.C. with an emphasis on esoteric traditions and the history of Christianity from the Essenes onward  
In *Atlantis and the Kingdom of the Neanderthals* Colin Wilson presents evidence of a widespread Neanderthal civilization as the origin of sophisticated ancient knowledge. Examining remarkable archaeological discoveries that date back millennia, he suggests that civilization on Earth is far older than we have previously realized. Using this information as a springboard, Wilson then fills in the gaps in the past 100,000 years of human history, providing answers to previously unexplained scientific and architectural feats of ancient civilizations. Wilson shows that not only did Atlantis exist but that the civilizing force behind it was the Neanderthals. Far from being the violent brutes they are traditionally depicted as, Wilson shows that the Neanderthals had sophisticated mathematical and astrological knowledge, including an understanding of the precession of the equinoxes, and that they possessed advanced telepathic abilities akin to the "group consciousness" evident in flocks of birds and schools of fish. These abilities, he demonstrates, have been transmitted through the ages by the various keepers of the hermetic tradition--including the Templars, Freemasons, and other secret societies. In the course of his investigation, Wilson also finds new information about historical links between the Masonic tradition and the Essenes that indicate that America was "discovered" long before Columbus set sail and that Jesus actually survived crucifixion and fled to France with his wife Mary Magdalene.

*Atlantis beneath the Ice* - Rand Flem-Ath 2012-02-10

Scientific and mythological evidence that Antarctica was once Atlantis • Reveals how the earth's crust shifted in 9600 BCE, dragging Atlantis into the polar zone beneath miles of Antarctic ice • Examines ancient yet highly accurate maps, including the Piri Reis map of 1513, which reveals a pre-glacial Antarctica • Shows how myths of floods and disaster from around the world all point to a common source  
In this completely revised and expanded edition of *When the Sky Fell*, Rand and Rose Flem-Ath show that 12,000 years ago vast areas of Antarctica were free from ice and home to the kingdom of Atlantis, a proposition that also elegantly solves the mysteries of ice ages and mass extinctions, the simultaneous worldwide rise of agriculture, and the source of devastating prehistoric climate change. Expanding upon Charles Hapgood's theory of earth crust displacement, which was championed by Albert Einstein, they examine ancient yet highly accurate world maps, including the Piri Reis map of 1513, and show how the earth's crust shifted in 9600 BCE, dragging Atlantis into the polar zone where it now lies beneath miles of Antarctic ice. From the Cherokee, Haida, and Okanagan of North America to the earliest records of Egypt, Iran, Mexico, and Japan, they reveal that ancient myths of floods, lost island paradises, and visits from advanced godlike peoples from all corners of the globe all point to the same worldwide catastrophe that resulted in Atlantis's demise. The authors explain how the remaining Atlanteans, amid massive earthquakes and epic floods, evacuated and spread throughout the world, resulting in the birth of the first known civilizations. Including rare material from the archives of Charles Hapgood, Albert Einstein, and Dwight D. Eisenhower, the Flem-Aths explain how an earth crust displacement could happen again in the future, perhaps in correspondence with high solar activity. With new scientific, genetic, and linguistic evidence in support of Antarctica as the location of long-lost Atlantis, this updated edition convincingly shows that Atlantis was not swallowed by the sea but was entombed beneath miles of polar ice.

**The Uninhabitable Earth** - David Wallace-Wells 2020-03-17

#1 NEW YORK TIMES BESTSELLER • "The Uninhabitable Earth hits you like a comet, with an overflow of insanely lyrical prose about our pending Armageddon."—Andrew Solomon, author of *The Noonday Demon* With a new afterword It is worse, much worse, than you think. If your anxiety about global warming is dominated by fears of sea-level rise, you are barely scratching the surface of what terrors are possible—food shortages, refugee emergencies, climate wars and economic devastation. An "epoch-defining book" (The Guardian) and "this generation's Silent Spring" (The Washington Post), The Uninhabitable Earth is both a travelogue of the near future and a meditation on how that future will look to those living through it—the ways that warming promises to transform global politics, the meaning of technology and nature in the modern world, the sustainability of capitalism and the trajectory of human progress. The Uninhabitable Earth is also an impassioned call to action. For just as the world was brought to the brink of catastrophe within the span of a lifetime, the responsibility to avoid it now belongs to a single generation—today's. Praise for The Uninhabitable Earth "The Uninhabitable Earth is the most terrifying book I have ever read. Its subject is climate change, and its method is scientific, but its mode is Old Testament. The book is a meticulously documented, white-knuckled tour through the cascading catastrophes that will soon engulf our warming planet."—Farhad Manjoo, The New York Times "Riveting. . . . Some readers will find Mr. Wallace-Wells's outline of possible futures alarmist. He is indeed alarmed. You should be, too."—The Economist "Potent and evocative. . . . Wallace-Wells has resolved to offer something other than the standard narrative of climate change. . . . He avoids the 'eerily banal language of climatology' in favor of lush, rolling prose."—Jennifer Szalai, The New York Times "The book has potential to be this generation's Silent Spring."—The Washington Post "The Uninhabitable Earth, which has become a best seller, taps into the underlying emotion of the day: fear. . . . I encourage people to read this book."—Alan Weisman, The New York Review of Books

Each chapter takes readers through a different archaeological site, showing what we can learn about past religious life and religious faith through the artifacts found there, as well as what has given each site such strong staying power over time. Richard Freund and the research in Digging through History are featured in the National Geographic documentary *Atlantis Rising*, which premieres on National Geographic on Sunday, January 29, at 9/8 central. The documentary follows Oscar-winning executive producer James Cameron and Emmy-winning filmmaker Simcha Jacobovici as they investigate the myths and realities of Atlantis. Digging through History is the only book that details Freund's groundbreaking research on Atlantis that is featured in the film. A free app, "Archaeology Quest: Atlantis" is also available for iPhone and Android users who want to explore Freund's newest information on Atlantis.

[The Pyramids and the Pentagon](#) - Nick Redfern 2012-06-22

**The Giza Death Star Destroyed** - Joseph P. Farrell 2005

Final volume in a trilogy, the first of which is the author's *The Giza death star*, and the second of which is his *The Giza death star deployed*.

[The Giza Prophecy](#) - Scott Creighton 2012-01-25

A detailed study of the proportions of the Giza pyramids and how they reveal shifts in the Earth's axis in the remote past—and near future • Debunks the "pyramids as tombs" theory and shows how they are "recovery vaults" to ensure the rebirth of civilization after a global disaster • Explains in detail how the angles and geometry of the Great Pyramid record a shift of the world's axis in 3980 BCE and predict more to come • Uncovers the location of an additional as-yet-undiscovered "recovery vault" on the Giza plateau, as revealed in the myth of Osiris Offering a radical new perspective on the Great Pyramid of Giza and all the structures surrounding it, including the Sphinx, Scott Creighton and Gary Osborn show how the designers of Giza intentionally arranged these massive structures to create an astronomical timeline recording catastrophic events in the past as well as warning later generations of the precise times of future catastrophes. They reveal how the Old Kingdom pyramids of Giza were created, not as tombs for the pharaohs and their queens, but as "recovery vaults" to ensure the rebirth of the Kingdom of Egypt after a global disaster by acting as storehouses for ancient Egyptian culture—its tools, seeds, art, and sacred texts. Through the use of photos, maps, and diagrams of the Giza plateau, the authors explain in detail how the angles and geometry of the Great Pyramid align with the stars of Orion's Belt to encode an important message: that changes in the tilt of the world's axis have occurred in the remote past, most recently in 3980 BCE, and will occur again in the near future. Highlighting the ubiquitous appearance of 23.5-degree angles—the most important of the precessional angles encoded in the Giza pyramids—in classic works of art, including the work of Leonardo da Vinci and portraits of John the Baptist and George Washington, the authors reveal how this angle, the Great Pyramid, and its fateful message are tied to Freemasonry and other secret societies. Concluding with the remarkable revelation triggered by the myth of Osiris that there may be an as-yet-undiscovered 14th "recovery vault" on the Giza plateau, Creighton and Osborn show that the prophecy of Giza is a message of first importance to our own civilization.

[The History of Atlantis](#) - Lewis Spence 2007-10-01

A renowned scholar of the Atlantis myth, Lewis Spence wrote five books

on the fabled land, and this is considered by many to be his best work. Replete with the magic and romance of that fantastical lost land, this replica of the first 1926 edition includes all of the original maps, photos, charts, and illustrations, and discusses: . the differences between Atlantean and other histories . why Plato's narrative of the realm was not allegorical . the numerous historical references to and proofs of the reality of Atlantis . the geography of Atlantis . the inhabitants of and early human society in Atlantis . the kings of Atlantis . corroboration of the existence of the realm in British literature . Atlantean culture, religion, and traditions . and much, much more. Scottish occultist LEWIS SPENCE (1874-1955) was a fellow of the Royal Anthropological Institute of Great Britain and Ireland, and vice president of the Scottish Anthropological and Folklore Society. He authored numerous books of mythology, folklore, and the occult, including *The Occult Causes of the Present War* (1940), and *The Magic Arts in Celtic Britain* (1945).

**Red Metropolis** - Owen Hatherley 2020-11-10

A polemical history of municipal socialism in London - and an argument for turning this capitalist capital red again. A polemical history of municipal socialism in London -- and an argument for turning this capitalist capital red again. London is conventionally seen as merely a combination of the financial centre in the City and the centre of governmental power in Westminster, a uniquely capitalist capital city. This book is about the third London - a social democratic twentieth-century metropolis, a pioneer in council housing, public enterprise, socialist design, radical local democracy and multiculturalism. This book charts the development of this municipal power base under leaders from Herbert Morrison to Ken Livingstone, and its destruction in 1986, leaving a gap which has been only very inadequately filled by the Greater London Authority under Livingstone, Boris Johnson and Sadiq Khan. Opposing currently fashionable bullshit about an imaginary "metropolitan elite", this book makes a case for London pride on the left, and makes an argument for using that pride as a weapon against a government of suburban landlords that ruthlessly exploits Londoners.

**Fingerprints of the Gods** - Graham Hancock 2012-09-19

Could the story of mankind be far older than we have previously believed? Using tools as varied as archaeo-astronomy, geology, and computer analysis of ancient myths, Graham Hancock presents a compelling case to suggest that it is. Graham Hancock is featured in *Ancient Apocalypse*, a Netflix original docuseries. "A fancy piece of historical sleuthing . . . intriguing and entertaining and sturdy enough to give a long pause for thought."—Kirkus Reviews In *Fingerprints of the Gods*, Hancock embarks on a worldwide quest to put together all the pieces of the vast and fascinating jigsaw of mankind's hidden past. In ancient monuments as far apart as Egypt's Great Sphinx, the strange Andean ruins of Tihuanaco, and Mexico's awe-inspiring Temples of the Sun and Moon, he reveals not only the clear fingerprints of an as-yet-unidentified civilization of remote antiquity, but also startling evidence of its vast sophistication, technological advancement, and evolved scientific knowledge. A record-breaking number one bestseller in Britain, *Fingerprints of the Gods* contains the makings of an intellectual revolution, a dramatic and irreversible change in the way that we understand our past—and so our future. And *Fingerprints of God* tells us something more. As we recover the truth about prehistory, and discover the real meaning of ancient myths and monuments, it becomes apparent that a warning has been handed down to us, a warning of terrible cataclysm that afflicts the Earth in great cycles at irregular intervals of time—a cataclysm that may be about to recur. "Readers will hugely enjoy their quest in these pages of inspired storytelling."—The Times (UK)

**Atlantis in the Amazon** - Richard Wingate 2011-05-20

An investigation into the ancient technologically advanced artifacts amassed by Father Carlo Crespi and how they offer proof of Atlantis in South America • Includes photos and descriptions of the strange machines and beautiful artifacts that once comprised the "Crespi Treasure" • Connects Crespi's treasures to readings by Edgar Cayce and Annie Besant's descriptions of Atlantean colonies in Ecuador • Reveals the nuclear war between the Atlanteans and the Aryans and the radioactive evidence left behind in the Bahamas and Pakistan In 1923 an Italian priest, Father Carlo Crespi, came to Ecuador as a missionary. Befriending the indigenous Shuar people, he learned of an ancient treasure they had sworn to protect hidden within a network of underground tunnels. As newly converted Christians, the Shuar wanted to share with their priest these amazing anachronistic artifacts--golden sarcophagi from Egypt, bronze plaques depicting famous scenes from antiquity bearing both Quechua and Phoenician writing, copper wheels and gears as hard as steel, strange machines, and many other

inexplicable items. Crespi faithfully maintained the collection until just before his death when the Ecuadorian government purchased it from the church and many of these priceless treasures were lost forever.

Providing detailed descriptions and his own photos of the advanced technologies and beautiful art that comprised the "Crespi Treasure," Richard Wingate reveals that the ancient civilization responsible for these advanced artifacts was Atlantis. Connecting Crespi's treasures to Edgar Cayce's descriptions of advanced technology in the distant past and the Atlantean colonies of Ecuador described by Annie Besant, Wingate explores other evidence of Atlantis in South America and the Bahamas, including geographically out-of-place underwater ruins and buried magnetic ore. Investigating ancient records, such as the Mahabharata, he shows how a prehistoric nuclear war between the Atlanteans and the Aryans ultimately resulted in the sinking of Atlantis, and he uncovers the radioactive archaeological evidence left behind. Explaining how our ancient ancestors regretted their nuclear actions and destroyed or buried their advanced technology, entering into a self-imposed Stone Age, he shows how our civilization is headed down the same path and that only through "green" choices can we avoid the same fate as Atlantis.

**The Lost Civilization of Lemuria** - Frank Joseph 2006-05-17

A compelling new portrait of the lost realm of Lemuria, the original motherland of humanity • Contains the most extensive and up-to-date archaeological research on Lemuria • Reveals a lost, ancient technology in some respects more advanced than modern science • Provides evidence that the perennial philosophies have their origin in Lemurian culture Before the Indonesian tsunami or Hurricane Katrina's destruction of New Orleans, there was the destruction of Lemuria. Oral tradition in Polynesia recounts the story of a splendid kingdom that was carried to the bottom of the sea by a mighty "warrior wave"--a tsunami. This lost realm has been cited in numerous other indigenous traditions, spanning the globe from Australia to Asia to the coasts of both South and North America. It was known as Lemuria or Mu, a vast realm of islands and archipelagoes that once sprawled across the Pacific Ocean. Relying on 10 years of research and extensive travel, Frank Joseph offers a compelling picture of this motherland of humanity, which he suggests was the original Garden of Eden. Using recent deep-sea archaeological finds, enigmatic glyphs and symbols, and ancient records shared by cultures divided by great distances that document the story of this sunken world, Joseph painstakingly re-creates a picture of this civilization in which people lived in rare harmony and possessed a sophisticated technology that allowed them to harness the weather, defy gravity, and conduct genetic investigations far beyond what is possible today. When disaster struck Lemuria, the survivors made their way to other parts of the world, incorporating their scientific and mystical skills into the existing cultures of Asia, Polynesia, and the Americas. Totem poles of the Pacific Northwest, architecture in China, the colossal stone statues on Easter Island, and even the perennial philosophies all reveal their kinship to this now-vanished civilization.

**From Atlantis to the Sphinx** - Colin Wilson 2004-07-01

In this compelling book, Colin Wilson argues that thousands of years before ancient Egypt and Greece held sway, there was a great civilization whose ships traveled the world from China to Antarctica. Their advanced knowledge of science, mathematics, and astronomy was passed on to descendants who escaped to Egypt and South America. From Atlantis to the Sphinx bases this assertion on a true fact: that archaeologists and geologists are at odds over the age of the Sphinx. Archaeologists claim that the Sphinx dates to classical dynastic Egypt, around 2,400 b.c. But some geologists claim that it could have been built as early as 7,000 to 10,500 b.c. The geologists' claim is based on the curious fact that the erosion of the Sphinx is more characteristic of water erosion than that of wind and sand. Starting from the assumption that there was an advanced civilization in existence much earlier than previously thought, Wilson goes on to claim that it could very well be Atlantis--not a literal island that sank, but more of a great civilization that either declined naturally or experienced a great catastrophe, passing on only a fraction of its knowledge to other peoples. From Atlantis to the Sphinx delves into what might have been a completely different knowledge system from that of modern man--one as alien to us as that of the Martians. The book sets out to reconstruct that ancient knowledge in a fascinating exploration of the remote depths of history, a ground-breaking attempt to understand how these long-forgotten peoples thought, felt, and communicated with the universe.

**Wen-tzu** - Lao Tzu 1992-09-29

Lao-tzu, the legendary sage of ancient China, is traditionally considered to be the author of the Tao Te Ching, one of the most popular classics of world literature. Now Lao-tzu's further teachings on the Tao, or Way, are presented here in the first English translation of the Chinese text known as the Wen-tzu. Although previously ignored by Western scholars, the

Wen-tzu has long been revered by the Chinese as one of the great classics of ancient Taoism. In it, Lao-tzu shows that the cultivation of simplicity and spontaneity is essential to both the enlightened individual and the wise leader. This timeless work will appeal to a broad audience of contemporary readers who have come to consider Lao-tzu's Tao Te Ching a classic on the art of living.

**Before Atlantis** - Frank Joseph 2013-03-24

A comprehensive exploration of Earth's ancient past, the evolution of humanity, the rise of civilization, and the effects of global catastrophes • Explores biological evidence for the aquatic ape theory and 20-million-year-old evidence of pre-human cultures from which we are not descended • Traces the genesis of modern human civilization to Indonesia and the Central Pacific 75,000 years ago after a near-extinction-level volcanic eruption • Examines the profound similarities of megaliths around the world, including Nabta Playa and Gobekli Tepe, to reveal the transoceanic civilization that built them all Exploring emerging and suppressed evidence from archaeology, anthropology, and biology, Frank Joseph challenges conventional theories of evolution, the age of humanity, the origins of civilization, and the purpose of megaliths around the world. He reveals 20-million-year-old quartzite tools discovered in the remains of extinct fauna in Argentina and other evidence of ancient pre-human cultures from which we are not descended. He traces the genesis of modern human civilization to Indonesia and the Central Pacific 75,000 years ago, launched by a catastrophic volcanic eruption that abruptly reduced humanity from two million to a few thousand individuals worldwide. Further investigating the evolutionary branches of humanity, he explores the mounting biological evidence supporting the aquatic ape theory--that our ancestors spent one or more evolutionary phases in water--and shows how these aquatic phases of humanity fall neatly into place within his revised timeline of ancient history. Examining the profound similarities of megaliths around the world, including Nabta Playa, Gobekli Tepe, Stonehenge, New Hampshire's Mystery Hill, and the Japanese Oyu circles, the author explains how these precisely placed monuments of quartz were built specifically to produce altered states of consciousness, revealing the spiritual and technological sophistication of their Neolithic builders--a transoceanic civilization fractured by the cataclysmic effects of comets. Tying in his extensive research into Atlantis and Lemuria, Joseph provides a 20-million-year timeline of the rise and fall of ancient civilizations, both human and pre-human, the evolutionary stages of humanity, and the catastrophes and resulting climate changes that triggered them all--events that our relatively young civilization may soon experience.
