Investing in REITs - Ralph L. Block 2011-10-11
The new Fourth Edition of the definitive handbook on investing in Real Estate Investment Trusts (REITs) Real Estate Investment Trusts (REITs), which provide some of the best total returns in the investment world, along with above-average dividend yields and stable earnings, have become increasingly popular with both individual and institutional investors. Investing in REITs, Fourth Edition has established itself as the definitive guide to understanding this attractive asset class. The book is invaluable for investors, financial planners, and investment advisers interested in understanding REITs and REIT investment opportunities. As their earnings and dividends are beginning to grow again after the Great Recession—and as they are in a unique position to take advantage of distressed sale opportunities—now is an excellent time for investors to consider REITs for both diversification and strong total returns. The new

edition covers: A comprehensive history of the REIT industry How REITs compare with other competitive investments How to spot blue-chip REITs and control investment risk How to value individual REIT stocks, and REIT shares generally How to build a diversified REIT portfolio, directly or with REIT mutual funds Understanding the risk-and-reward dynamics of commercial real estate Assessing non-US REITs and how to invest in them Important new developments and strategies in the REIT industry Author Ralph L. Block, who has been investing in REIT stocks for 40 years and is widely considered a leading authority on REITs, brings the historical success of Investing in REITs right up to date. This book is an essential read for both individuals and institutions who desire to invest in commercial real estate through REIT stocks.

Investing in Real Estate Private Equity - Sean Cook
2018-05-18

Investing in Real Estate Private Equity is your practical guide to investing in real estate through private offerings with established companies. The passive investment strategies for wealth building and income generation described in this book have traditionally been used by some of the world's most sophisticated institutional investors, but are now available to nearly everyone thanks to recent regulatory changes. This handbook will guide you through the process of building your own diversified real estate portfolio by identifying and making investments with established and experienced private real estate operators. This is NOT another get-rich-quick real estate fix & flip scheme. You will NOT be encouraged to sign up for conferences or clubs to learn a no-money-down investment strategy. This IS a practical guide meant to help you avoid common mistakes

and navigate more skillfully through an often byzantine industry. You will learn:- What a private real estate investment is; the mechanics of syndicates, funds, and crowdfunding- Fundamentals of basic real estate evaluation- How to evaluate operators and investments- Fees, incentives, and other loads- Common terms and structures- Strategies to evaluate and manage risk- How to create and execute a personalized investment strategy Most people underestimate the time requirements, complexity, risk, and general brain damage involved with buying real estate directly. Thankfully, private real estate investments provide most of the same benefits as direct ownership, while taking advantage of established real estate companies' years of experience, market knowledge, industry reputation, negotiating leverage, and expertise. Even better, they allow investors to diversify their investment allocation across a range of real estate product types (multifamily, retail, office,

self-storage, etc.) and throughout the capital stack (equity, debt, mezzanine, and preferred equity), all while working with specialists in each strategy. Written by an experienced practitioner with over \$1 billion in transactional experience, this book challenges conventional wisdom and provides an inside look into how the industry actually works. Using the practical tips and strategies found here, you can build your own unique real estate portfolio, manage risk, avoid common mistakes, hopefully make money, and perhaps even have some fun along the way.

The Real Estate Wholesaling Bible - Than Merrill
2014-03-31

Learn how to make money wholesaling real estate without having to swing a hammer or deal with tenants. Wholesaling is one of the best ways to get started making money in the world of real estate investing. Think of it as the day trading of real estate except it is simpler and has less risk if you learn how the process works. In fact when you learn how to do it the right way, you can minimize your risk substantially. The Real Estate Wholesaling Bible teaches what you need to know to profit from real estate wholesaling without needing a lot of capital or previous experience. This rapidly expanding business is relatively simple, profitable, and perfect for today's real estate market. Plus it's an ideal system for making money even in the toughest real estate markets. All you will need to get started is a computer, an Internet connection, this audiobook, some passion, and a lot of curiosity. • Teaches the mechanics of how to

wholesale real estate, including exactly how to find, analyze, finance, and sell wholesale deals like clockwork • Explains how actually to build a business and develop systems that are not dependent on you as the business owner • Shows how to develop a turnkey, systems-dependent business that serves as a vehicle for all the people it touches: the owners, the employees, and the community Many real estate investors' ideas of success focus squarely on profitability. Author Than Merrill believes success happens when your real estate investment business is not only profitable but also gives you the time to enjoy your life and fulfill your passions and dreams.

[Real Estate for Real People](#) - Anthony Von Mickle 2008-07

A real people guide to real estate investing
Author Anthony Von Mickle shares his road to

success in achieving profitability Bloomington, IN (Feb. 5, 2009): In Real Estate for Real People, author and Washington, D.C. area resident Anthony Von Mickle shares his experiences as a person that was without work for eighteen months, with just a small portfolio, to someone who turned his life around by investing in residential real estate to the tune of a three-million dollar portfolio over the next thirty-six months. Mickle's success can be duplicated by real people if they are willing to heed the mistakes that he made upon the way as he offers encouraging words to those wanting to learn. The chapters follow chronologically so the investor can take the steps necessary to be successful. They also include many insightful tips in the something to think about sections and encourage everyone to read some of the great success stories in other books as well. This book is a great motivator and proof that the American dream is still very much alive and well -- even in this tough economic time, Mickle said. One of

the ideas Mickle lives by is PTFL: Passion, Timing, Fear and Leverage. He wants you to share your passion with others, know that the best investors don't suffer from paralysis by analysis when it comes to timing, they don't let fear consume them and they that you should use leverage to get something bigger. But as Mickle says, Real Estate for Real People is a journey, not a get-rich-quick scheme. It takes very diligent work but with the steps he lays out in plain language everyone can understand and by staying away from the pitfalls, the reader will have a great chance at success. So bring your team together and walk away informed, empowered and motivated with a plethora of new information and a new outlook on many things in your life that is just beginning to take off! About the author Anthony Von Mickle is the president of The Investment Forum, a real estate and equity investments group based in the Washington, D.C. metropolitan area. Long-Distance Real Estate Investing - David Greene 2017-12-14

Live where you want, and invest anywhere it makes sense. "It is a common misperception in real estate investing that you should buy only where you live. David Greene has put that myth to rest... This is a must-read for investors who want to expand their real estate empire nationwide." --David Osborn, bestselling author of *Wealth Can't Wait* Are you interested in real estate investing, but you live in a hot market that is not suited for buy and hold investing? Do you want to take advantage of wealth-building opportunities, but that seems impossible until the next market crash? Real estate investing is one of the greatest vehicles to build wealth, but it doesn't make sense in every market. Some locations provide incredible returns, while others make it almost impossible to find a single property that profits. Traditionally, investing out of state has been considered risky and unwise. But the rules, technology, and markets have changed: No longer are you forced to invest only in your backyard! In his book, real estate

investor and police officer David Greene shows you exactly how he's built a multi-million dollar portfolio through buying, managing, and flipping out-of-state properties, often without ever even seeing the properties in person. David shares every tip, trick, and system he has put in place for over twenty rental properties, so you can avoid making mistakes and shorten your learning curve immensely! What's inside: How to assemble an all-star team to handle each aspect of a deal from A-Z. How to find great deals in any state, regardless of where you live. How to rehab a project from thousands of miles away without worry or complication. How to speak the language of the agents, contractors, lenders, and property managers you will use. How to quickly and easily know which neighborhoods to buy, and which to pass in. How to choose the best materials for your rehab projects and pay the least amount of money. ...And more! Don't let your location dictate your financial freedom. Get the inside scoop to invest--and succeed--

anywhere!

Private Real Estate Markets and

Investments - H. Kent Baker 2014-08-07

This book provides an overview of private real estate markets and investments. The 14 chapters are divided into three sections for conventional and alternative real estate investments and regulatory issues. Conventional investable real assets examined are retail spaces, apartments, offices, and industrial facilities owned by corporate entities. Alternative real estate assets are uniquely and extensively addressed. These include healthcare, both for facilities and the pricing to make it an investable asset; infrastructure contains roads, bridges, and public utilities; and resources are in land, agriculture, oil, and gas. The regulatory section includes appraisal and valuation, brokerage and transaction costs, sustainability, and green buildings. Readers should gain a greater appreciation of what is needed to be successful when investing in private real estate markets.

The share of real estate in institutional portfolios has risen above a previous 5% target, as investors avoid the risks of low interest rates. The world's wealth is shifting to emerging markets where real estate is already a dominant asset class and public securities markets are limited. Institutions with long horizons avoid publicly traded markets because they want to capture any premium from illiquidity. Real estate involves local and cultural restrictions on land usage, sustainability and on the regulation of the illiquidity. For information about public real estate, read *Public Real Estate Markets and Investments*.

The Real Estate Rehab Investing Bible - Paul Esajian 2014-09-29

Everyone likes the idea of turning the ugliest house on the block to the best house on the block and making a profit. Until now a system has not been shared on how to successfully

complete this task on time and budget without getting your hands dirty. This book not only cracks the code but shares the proven path and system to have a systems based rehab business that makes consistent profits for ordinary everyday people. The Real Estate Rehab Investing Bible reveals the lucrative seven-stage system that allows author Paul Esajian, and his students all across North America, to manage multiple rehab projects at once, while staying on time and under budget to build and grow their wealth. No experience? No problem. You'll learn strategies to find the right properties, negotiate the right offer, identify the right licensed and insured contractor for the job, and get the property sold to a happy homeowner for a profit. No capital? No problem. You'll learn how you can use other people's money to fund your deals and the IRS guidelines that help you keep more of the money you make. By learning and leveraging the principals of rehabbing and real estate, you'll start thinking like a business owner

rather than a consumer. Breaking into residential real estate provides an amazing opportunity for those with little, or no experience, and using other people's money. This book gives you the information, education, and systems every investor needs to start flipping and rehabbing houses without doing the work yourself, and without losing your shirt to contractors and bad investing decisions. Find Deals: where and how to find deals, analyzing deals, and estimating repairs in minutes to acquire a rehab Fund Deals: where and how to borrow money, creative financing, and the finance request template to present to asset based lenders and private lenders to fund your deal Fix Deals: how to run a rehab with a proven system without lifting a hammer, identify A+ licensed and insured contractors at wholesale pricing, and what to focus on to maximize your profit Flip Deals: how to properly price, stage, and add the sizzle features to get properties sold within weeks of listing the property by properly

analyzing comparables and staging the rehab properly The proven techniques Paul shares work in any location, in any market. If you're ready to get in the game, The Real Estate Rehab Investing Bible teaches you how to play.
