**Calico Captive** - Elizabeth George Speare 2001-10-29

From a Newbery Medal-winning author, an "exciting novel" about a colonial girl's experience during the French and Indian War (Saturday Review). In the year 1754, the stillness of Charlestown, New Hampshire, is shattered by the terrifying cries of an Indian raid. Young Miriam Willard, on a day that had promised new happiness, finds herself instead a captive on a forest trail, caught up in the ebb and flow of the French and Indian War. It is a harrowing march north. Miriam can only force herself to the next stopping place, the next small portion of food, the next icy stream to be crossed. At the end of the trail waits a life of hard work and, perhaps, even a life of slavery. Mingled with her thoughts of Phineas Whitney, her sweetheart on his way to Harvard, is the crying of her sister's baby, Captive, born on the trail. Miriam and her companions finally reach Montreal, a city of shifting loyalties filled with the intrigue of war, and here, by a sudden twist of fortune, Miriam meets the prominent Du Quesne family, who introduce her to a life she has never imagined. Based on an actual narrative diary published in 1807, *Calico Captive* skillfully reenacts an absorbing facet of history. "Vital and vivid, this short novel based on the actual captivity of a pre-Revolutionary girl of Charlestown, New Hampshire, presents American history with force and verve." —Kirkus Reviews

**The Deer Hunter's Almanac** - Sid Evans 1996

From the Introduction: "There is not a successful deer hunter in the world who has not come up with his own peculiar methods -- some of them secret, some not -- for beating the long odds of killing a deer. The Ojibwa Indians of the Great Lakes figured out they could attract deer by smoking wild aster in a pipe, the smell of which was like the scent of a deer's hooves. Other tribes -- such as the Choctaws and Cherokees in the Southeast -- would carry skinned-out deer heads on their belts, which they could wear over their heads whenever they needed to make a stalk (this is no longer an advisable, or legal, technique). They used decoys and calls, and they knew that banging a pair of antlers together could summon a buck during the rut. In this book we have tried to compile some of the best information and most interesting pieces written about deer in Sports Afield since the magazine was founded in 1887. There were not as many deer to hunt back then, but over the last quarter century deer populations have boomed in nearly every state but Alaska and Hawaii, and so have the articles written about them. Many of these pieces originally appeared in the Sports Afield Almanac, which was introduced by Editor Ted Kesting in 1972; others appeared as departments or short features. All told, more than 250 deer hunters contributed, making this, we hope, a very unique look at what is now America's favorite game animal. Some of the contributors-like Dwight Schuh and Peter Fiduccia, Tom McIntyre and Ted Kerasote-are what we would call pros. They have hunted, studied and written about deer all their lives. Others are just guys who wanted to share a couple of their best deer-hunting secrets. Do not be surprised if you turn up some contradictory views. There's more than one way to shoot, skin, and cook a deer; but it may be that the best way of all is the one you have to figure out on your own." "This is the finest book on whitetail hunting that I have seen." -- Larry Myhre, Sioux City Journal

*The Bottle Factory Outing* - Beryl Bainbridge 2016-10-04

Named by the Observer as "one of the 100 greatest novels of all time," this dark comedy with a disturbing twist follows two working-class women in 1970s London. Unlikely friends Brenda and Freda share a rundown room in London and toil away at an Italian factory pasting labels onto wine bottles. Brenda, a shy and passive thirty-three-year-old brunette, recently ran away to the city to escape an abusive husband. Freda, meanwhile, is a rebellious twenty-six-year-old blonde with big dreams and a penchant for bossing people around. The two women are the only English workers at the bottling facility, and their presence certainly stirs up trouble. Freda has a crush on the trainee manager, Vittorio, and tries to get close to him despite the fact that he's engaged to an Italian girl. Brenda, on the other hand, spends a fair amount of time trying to distance herself from the advances of

the factory's manager, Mr. Rossi. When Freda organizes a company outing, what's supposed to be a day of freedom and fun turns into a dark and chaotic tragedy. The workers plan to travel by van to a stately castle, where they will picnic and drink wine before visiting an African safari. But the van never shows up, and when they finally do make it to the castle, something goes fatally wrong. Shortlisted for the Man Booker Prize, *The Bottle Factory Outing* was inspired by author Beryl Bainbridge's own experiences working as a cellar girl in the mid-twentieth century. Intertwining themes of loneliness and friendship, sexual frustration and personal power, passion and murder, this tragicomedy is a British classic that depicts working-class life as something both terribly morose and wickedly funny. This ebook features an illustrated biography of Beryl Bainbridge including rare images from the author's estate.

So ten-year-old Maria, orphaned mistress of Malplaquet, discovers the secret of her deteriorating estate: on a deserted island at its far corner, in the temple long ago nicknamed Mistress Masham's Repose, live an entire community of people—“The People,” as they call themselves—all only inches tall. With the help of her only friend—the absurdly erudite Professor—Maria soon learns that this settlement is no less than the kingdom of Lilliput (first seen in Gulliver's Travels) in exile. Safely

hidden for centuries, the Lilliputians are at first endangered by Maria's well-meaning but clumsy attempts to make their lives easier, but their situation grows truly ominous when they are discovered by Maria's greedy guardians, who look at The People and see only a bundle of money.

Every year since the Ashlords were gifted phoenix horses by their gods, they've raced them. First into battle, then on great hunts, and finally for the pure sport of seeing who rode the fastest. Centuries of blood and fire carved their competition into a more modern spectacle: The Races. Over the course of a multi-day event, elite riders from clashing cultures vie to be crowned champion. But the modern version of the sport requires more than good riding. Competitors must be skilled at creating and controlling phoenix horses made of ash and alchemy, which are summoned back to life each sunrise with uniquely crafted powers to cover impossible distances and challenges before bursting into flames at sunset. But good alchemy only matters if a rider knows how to defend their phoenix horse at night. Murder is outlawed, but breaking bones and poisoning ashes? That's all legal and encouraged. In this year's Races, eleven riders will compete, but three of them have more to lose than the rest--a champion's daughter, a scholarship entrant, and a revolutionary's son. Who will attain their own dream of glory? Or will they all flame out in defeat?
