*Cambridge Grammar and Writing Skills Learner's* - Mike Gould 2019-07-31  
Introduce your learners to creative writing and writing for a purpose. They'll write a play scene and an article about a cultural festival, helping build their extended writing skills as they progress through the units. Each unit focuses on a different text type such as dialogue, recounts, reports or instructions. Model texts in each chapter show learners good examples of each writing type and specific activities help them practise grammar typical of the genre. Learners work individually and collaboratively, developing skills such as creative thinking, planning, drafting, peer evaluation and editing.

**The Cambridge Dictionary of English Grammar** - Pam Peters 2014-04

Cambridge Grammar of English - Ronald Carter 2006-02-27

A major reference grammar offering comprehensive coverage of spoken and written English based on real everyday usage. With its clear, two part structure, this is a user-friendly book from the world's leading English grammar publisher.

The version with accompanying CD-ROM (Windows only) makes Cambridge Grammar of English even more accessible with:

- The whole book in handy, searchable format.
- Audio recordings of all the examples from the book.
- Links to the Cambridge Advanced Learner's Dictionary online for instant definitions of new vocabulary.

A Modern English Grammar on Historical Principles - Otto Jespersen 1927

**English Grammar Today with CD-ROM** - Ronald Carter 2011-04-07

A major grammar reference book of modern English, specially written for intermediate learners of English. English Grammar Today is an indispensable reference guide to contemporary English grammar and usage. With extensive corpus research at its core, it provides over 500 entries organised into an easy-to-use A-Z structure. Authentic examples of written and spoken English place the grammar in context and the clear explanations make it ideal for intermediate learners of English at CEF levels B1-B2, including those preparing for IELTS or Cambridge

English exams such as Preliminary and First. The book comes with a free CD-ROM that provides the book content and nearly 200 additional entries, plus audio recordings of all the examples and dialogues.

*Cambridge Grammar and Writing Skills Learner's* - Wendy Wren 2019-04-11  
Develop your learners' skills in creative writing and writing for a purpose. Your essential companion to the course, the print and digital teacher's resource includes everything you need to confidently lead your lessons. It contains full guidance and lesson plans, along with unit warm ups, marking criteria and ideas for assessment. Suggested plenary activities at the end of each unit give learners a chance to discuss and reflect on what they have covered. Review and plan your teaching with lesson guides and worksheets, and download all the supporting files you need from within the resource.

Corpora in Applied Linguistics - Susan Hunston 2002-04-11  
This book explores corpus linguistics in language learning and research.

Cambridge Grammar and Writing Skills Learner's - Mike Gould 2019-06-06  
Introduce your learners to creative writing and writing for a purpose. They'll rewrite a well-known myth and draft an application letter, helping build their extended writing skills as they progress through the units. Each unit focuses on a different text type such as dialogue, reports or instructions. Model texts in each chapter show learners good examples of each writing type and specific activities help them practise grammar typical of the genre. Learners work individually and collaboratively, developing skills such as creative thinking, planning, drafting, peer evaluation and editing.

**Cambridge Grammar Of English With Cd-Rom (south Asian Edition)** - Ronald Carter 2012

The Cambridge Grammar of English is a major new reference grammar from the world's leading grammar publisher. Written by highly respected experts in the field using extensive corpus research, it offers comprehensive coverage of spoken and written English based on real everyday usage. A clear two-part structure makes the book particularly user-friendly. In the first section, A-Z entries give more attention to language areas that tend to be neglected in other grammar reference books. The second section covers traditional grammatical categories including the latest insights into how grammar varies between spoken and written language. The accompanying CD-ROM makes the Cambridge Grammar of

English even more accessible with: " The whole book in handy, searchable format " Audio recordings of all example sentences from the book " Links to the Cambridge Advanced Learner's Dictionary online for instant definitions of new vocabulary  
**A Comprehensive Grammar of the English Language** - Randolph Quirk 1985

An indispensable store of information on the English language, written by some of the best-known grammarians in the world.

*Introduction to the Grammar of English* - Rodney Huddleston 1984-09-27

Written for students without knowledge of linguistics and unfamiliar with "traditional" grammar, this text concentrates on providing a much needed foundation in Standard English in preparation for more advanced work in theoretical linguistics.

**A Student's Introduction to English Grammar** - Rodney Huddleston 2021-11-30

A new edition of a successful undergraduate textbook on contemporary international Standard English grammar, based on Huddleston and Pullum's earlier award-winning work, *The Cambridge Grammar of the English Language* (2002). The analyses defended there are outlined here more briefly, in an engagingly accessible and informal style. Errors of the older tradition of English grammar are noted and corrected, and the excesses of prescriptive usage manuals are firmly rebutted in specially highlighted notes that explain what older authorities have called 'incorrect' and show why those authorities are mistaken. Intended for students in colleges or universities who have little or no background in grammar or linguistics, this teaching resource contains numerous exercises and online

resources suitable for any course on the structure of English in either linguistics or English departments. A thoroughly modern undergraduate textbook, rewritten in an easy-to-read conversational style with a minimum of technical and theoretical terminology.

**The Cambridge Grammar of Classical Greek** - Evert van Emde Boas 2019-03-21

This is the first full-scale reference grammar of Classical Greek in English in a century. The first work of its kind to reflect significant advances in linguistics made in recent decades, it provides students, teachers and academics with a comprehensive yet user-friendly treatment. The chapters on phonology and morphology make full use of insights from comparative and historical linguistics to elucidate complex systems of roots, stems and endings. The syntax offers linguistically up-to-date descriptions of such topics as case usage, tense and aspect, voice, subordinate clauses, infinitives and participles. An innovative section on textual coherence treats particles and word order and discusses several sample passages in detail, demonstrating new ways of approaching Greek texts. Throughout the book numerous original examples are provided, all with translations and often with clarifying notes. Clearly laid-out tables, helpful cross-references and full indexes make this essential resource accessible to users of all levels.

*The Cambridge Encyclopedia of the English Language* - David Crystal 2003-08-25

Rarely has a book so packed with accurate and well researched factual information been so widely read and popularly acclaimed. This Second Edition of *The Cambridge Encyclopedia of the English Language* has been

fully revised for a new generation of language-lovers. The book is longer and includes extensive new material on world English and Internet English, in addition to completely updated statistics, further reading suggestions and other references.

First Edition Hb (1995):

0-521-40179-8 First Edition Pb

(1997): 0-521-59655-6 David Crystal

is a leading authority on language, and author of many books, including most recently *Shakespeare's Words* (Penguin, 2002), *Language and the Internet* (Cambridge, 2001) and *Language Death* (Cambridge, 2000). An internationally renowned writer, journal editor, lecturer and broadcaster, he received an Order of the British Empire in 1995 for his services to the English language.

**The Cambridge Grammar of the English Language** - Rodney D. Huddleston 2002  
Publisher description: This book presents a new and comprehensive descriptive grammar of English, written by the principal authors in collaboration with an international research team of a dozen linguists in five countries. It represents a major advance over previous grammars by virtue of drawing systematically on the linguistic research carried out on English during the last forty years. It incorporates insights from the theoretical literature but presents them in a way that is accessible to readers without formal training in linguistics. It is based on a sounder and more consistent descriptive framework than previous large-scale grammars, and includes much more explanation of grammatical terms and concepts, together with justification for the ways in which the analysis differs from traditional grammar. The book contains twenty chapters and a guide to further reading. Its usefulness is enhanced by diagrams of sentence structure, cross-references between sections, a

comprehensive index, and user-friendly design and typography throughout.

*The Cambridge History of the English Language*: - Norman Blake 2008-03-28  
Volume II deals with the Middle English period, approximately 1066-1476, and describes and analyzes developments in the language from the Norman Conquest to the introduction of printing. This period witnessed important features such as the assimilation of French and the emergence of a standard variety of English. There are chapters on phonology and morphology, syntax, dialectology, lexis and semantics, literary language, and onomastics. Each chapter concludes with a section on further reading; and the volume as a whole is supported by an extensive glossary of linguistic terms and a comprehensive bibliography. The chapters are written by specialists who are familiar with modern approaches to the study of historical linguistics.

**Rules, Patterns and Words** - Dave Willis 2003-12-24

In an accessible style, the author demonstrates the link between grammar and vocabulary.

*Phonetic Symbol Guide* - Geoffrey K. Pullum 2013-02-22

*Phonetic Symbol Guide* is a comprehensive and authoritative encyclopedia of phonetic alphabet symbols, providing a complete survey of the hundreds of characters used by linguists and speech scientists to record the sounds of the world's languages. This fully revised second edition incorporates the major revisions to the International Phonetic Alphabet made in 1989 and 1993. Also covered are the American tradition of transcription stemming from the anthropological school of Franz Boas; the Bloch/Smith/Trager style of transcription; the symbols used by dialectologists of the

English language; usages of specialists such as Slavicists, Indologists, Sinologists, and Africanists; and the transcription proposals found in all major textbooks of phonetics. With sixty-one new entries, an expanded glossary of phonetic terms, added symbol charts, and a full index, this book will be an indispensable reference guide for students and professionals in linguistics, phonetics, anthropology, philology, modern language study, and speech science. The Cambridge Grammar of Medieval and Early Modern Greek - David Holton 2019-03-31

The Greek language has a written history of more than 3,000 years. While the classical, Hellenistic and modern periods of the language are well researched, the intermediate stages are much less well known, but of great interest to those curious to know how a language changes over time. The geographical area where Greek has been spoken stretches from the Aegean Islands to the Black Sea and from Southern Italy and Sicily to the Middle East, largely corresponding to former territories of the Byzantine Empire and its successor states. This Grammar draws on a comprehensive corpus of literary and non-literary texts written in various forms of the vernacular to document the processes of change between the eleventh and eighteenth centuries, processes which can be seen as broadly comparable to the emergence of the Romance languages from Medieval Latin. Regional and dialectal variation in phonology and morphology are treated in detail. *Cambridge Grammar of English* Paperback with CD-ROM - Ronald Carter 2006-03-20

A major reference grammar offering comprehensive coverage of spoken and written English based on real everyday usage. With its clear, two

part structure, this is a user-friendly book from the world's leading English grammar publisher. The accompanying CD-ROM (Windows only) makes Cambridge Grammar of English even more accessible with: • The whole book in handy, searchable format. • Audio recordings of all the examples from the book. • Links to the Cambridge Advanced Learner's Dictionary online for instant definitions of new vocabulary. Grammar for Business with Audio CD - Michael McCarthy 2009-11-26 Essential grammar reference and practice for anyone using English in a business context. Grammar for Business is a must-have for intermediate business students and anyone using English in the workplace. It provides clear explanations and authentic practice of the most essential language used in business English. Designed to help you improve your communication skills in real business situations, it includes a unique focus on spoken as well as written grammar, and practical tips on areas such as organising presentations, negotiating and giving your opinion. Ideal for classroom use and self study. Language in Use - Adrian Doff 1994

**Grammar for English Language Teachers** - Martin Parrott 2000-03-30 Grammar for English Language Teachers helps teachers to develop their overall knowledge and understanding of English grammar, and provides a quick source of reference in planning lessons and clarifying learners' problems. Each chapter includes a Typical difficulties section, which explores learners' problems and mistakes. The book encourages teachers to appreciate the range of factors which affect grammatical choices, but also introduces the 'rules of thumb' presented to learners in course materials. The

Consolidation exercises provide an opportunity for teachers to test the rules against real language use and to evaluate classroom and reference materials. The book is organised thematically, but also provides a 'short cut' index at the beginning for ease of reference. There is also a Cambridge ELT website with further chapter-by-chapter extension exercises to accompany the book.

**Complete English for Cambridge Secondary 1 Writing and Grammar Practice Book** - Julian Pattison  
2016-03-29

Improve language skills and strengthen written performance. This practical guide embeds confident grammatical understanding and equips students of all English abilities to achieve in their written work.

Supporting the Cambridge Secondary 1 English curriculum objectives, it drives performance in the Checkpoint Test and at Cambridge IGCSE® level.

**The Cambridge Grammar of the English Language** - Rodney D. Huddleston  
2002-04

This grammar for the 21st century combines clear grammatical principles with non-technical explanations of all terms and concepts used.

The Sentence in Written English - Rodney D. Huddleston 1971-07-02

A substantially revised edition of Huddleston's contribution to *Sentence and Clause in Scientific English*, the final report of a research project into the linguistic properties of scientific English carried out at University College London in 1964-7. The book has two complementary aims: to analyse certain areas of the grammar of 'common-core' English - the grammar that is common to all varieties of the language - and to apply this analysis to a selective grammatical description of a corpus of some 135,000 words of written scientific English. The theoretical framework underlying the description

is that of transformational grammar but the author also draws heavily on M. A. K. Halliday's work on English grammar. Full details of the corpus are given in the appendix. The texts are arranged in three levels, high, middle and low, according to the audience addressed by the author - scholarly, student and general/popular.

English Grammar - Rodney Huddleston  
1988-06-16

A thorough and precise account of all the major areas of English grammar.

**Understanding English Grammar** - Thomas E. Payne 2010-12-09

Language is primarily a tool for communication, yet many textbooks still treat English grammar as simply a set of rules and facts to be memorised by rote. This new textbook is made for students who are frustrated with this approach and would like instead to understand grammar and how it works. Why are there two future tenses in English? What are auxiliaries and why are they so confusing? Why are English motion verbs hard to use? Why are determiners so important in English? These and many other frequently asked questions are answered in this handy guide. Student learning is supported with numerous exercises, chapter summaries and suggestions for further reading. An accompanying website offers further resources, including additional classroom exercises and a chance to interact with the author. It is the essential grammar toolkit for students of English language and linguistics and future teachers of English as a Second Language.

*Glossary of English Grammar* - Geoffrey Leech 2006-05-19

A Glossary of English Grammar presents a wide range of terms used to describe the way the English language is structured. Grammatical terms can be a problem for students, especially when there are alternative

names for the same thing (for example, 'past tense' and 'preterite'). This book therefore provides a basic and accessible guide, focusing on the English language. Definitions of grammatical terms are given in simple language, with clear examples, many from authentic texts and spoken sources, showing how they are used. The terms used in the Comprehensive Grammar of the English Language are widely seen as standard, and form the basis of grammatical terminology in this book. At the same time, this glossary does not neglect other variants of English grammar, such as that of Huddleston and Pullum's influential Cambridge Grammar of the English Language, whose most important terms are also covered here. This book is indispensable for anyone wishing to understand present-day terminology of English grammar more fully.

**A Student's Introduction to English Grammar** - Rodney Huddleston

2005-02-17

A groundbreaking new textbook on English sentence structure for beginning students in colleges and universities.

NTC's Dictionary of Everyday American English Expressions - Richard Spears

1995-02-01

With more than 7,000 up-to-date phrases, this dictionary covers situations from talking to a doctor to ordering a meal, and helps learners communicate personal feelings, and make small talk.

**A Student's Introduction to English Grammar** - Rodney Huddleston

2005-02-17

This groundbreaking undergraduate textbook on modern Standard English grammar is the first to be based on the revolutionary advances of the authors' previous work, The Cambridge Grammar of the English Language (2002). The analyses defended there are outlined here more briefly, in an

engagingly accessible and informal style. Errors of the older tradition of English grammar are noted and corrected, and the excesses of prescriptive usage manuals are firmly rebutted in specially highlighted notes that explain what older authorities have called 'incorrect' and show why those authorities are mistaken. This book is intended for students in colleges or universities who have little or no previous background in grammar, and presupposes no linguistics. It contains exercises, and will provide a basis for introductions to grammar and courses on the structure of English not only in linguistics departments but also in English language and literature departments and schools of education.

**English Word-Formation** - Laurie Bauer 1983

Although the illustrative material is drawn principally from English, general points are illustrated with a variety of languages to provide a new perspective on a confused and often controversial field of study.

Cambridge grammar of English : a comprehensive guide ; spoken and written English grammar and usage ; [Cambridge international corpus] -

Ronald Carter 2007

Cambridge Grammar and Writing Skills Learner's - Wendy Wren 2019-04-11

Develop your learners' skills in creative writing and writing for a purpose. Introduce your learners to creative writing and writing for a purpose. They'll write a biography of a famous person and a poem based on The Pied Piper, helping build their extended writing skills as they progress through the units. Each unit focuses on a different text type such as dialogue, recounts, reports or instructions. Model texts in each chapter show learners good examples of each writing type and specific

activities are included to help them practise their grammar. Planning tools and an extended writing task develop learners' essential skills including editing, checking, planning and creative thinking.

A Comprehensive Grammar of the English Language - Randolph Quirk 1985

From the time when we started collaborating as a team in the 1960s, we envisaged not a grammar but a series of grammars. In 1972, there appeared the first volume in this series, A Grammar of Contemporary English (GCE). This was followed soon afterwards by two shorter works, A Communicative Grammar of English (CGE) and A University Grammar of English (UGE), published in the United States with the title A Concise Grammar of Contemporary English. With A Comprehensive Grammar of the English Language, we attempt something much more ambitious: a culmination of our joint work, which results in a grammar that is considerably larger and richer than GCE and hence superordinate to it.

Yet, as with our other volumes since GCE, it is also a grammar that incorporates our own further research on grammatical structure as well as the research of scholars worldwide who have contributed to the description of English and to developments in linguistic theory. - Preface.

**The 'Oxford and Cambridge' grammar and analysis of the English language** - George Gill (schoolmaster.) 1874

*Cambridge Grammar of English Hardback with CD-ROM* - Ronald Carter 2006-03-30

Contains the text in searchable format, audio recordings of all examples from the text, and links to the Cambridge advanced learner's dictionary online for vocabulary definitions.

The Cambridge Grammar of the English Language - Rodney D. Huddleston 2002-04

This grammar for the 21st century combines clear grammatical principles with non-technical explanations of all terms and concepts used.
