Fluent Forever - Gabriel Wyner

2014-08-05

NATIONAL BESTSELLER • For
anyone who wants to learn a
foreign language, this is the
method that will finally make the
words stick. “A brilliant and
thoroughly modern guide to
learning new languages.”—Gary
Marcus, cognitive psychologist
and author of the New York
Times bestseller *Guitar Zero* At
thirty years old, Gabriel Wyner
speaks six languages fluently.
He didn’t learn them in
school—who does? Rather, he
learned them in the past few
years, working on his own and
practicing on the subway, using
simple techniques and free
online resources—and here he

wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about

neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

The Complete Idiot's Guide to Pinterest Marketing - Barbara Boyd 2012-11-06

Pinterest is a social media site that enables users to create online pinboards of compelling images they find online by "pinning" the images and curating them into various categories. It has exploded into American consciousness with big media attention and exponential growth-most notably reaching 10 million unique monthly visitors more quickly than any social media site in

history. The vast majority of early devotees have been women of higher income between the ages of 25 and 49, and the images they pin frequently fall into the categories of clothing, crafts, food, and home décor. This represents a significant opportunity for companies and brands whose products are targeted to this market; however, Pinterest has value far beyond its initial popular use. Companies large and small are hearing the hype and hoping to get an early start with a site that shows signs of continued growth and influence. The Complete Idiot's Guide® to Pinterest Marketing helps small

business owners as well as marketing experts at larger companies get on the Pinterest bandwagon and learn how to use this exciting new phenomenon to increase online exposure for their products, strengthen their online presence, and connect with customers in a place where they are now flocking. In it, readers learn how to: - Use the basic features of Pinterest, including setting up an account, creating boards, and pinning images - Develop a Pinterest marketing strategy and integrate it with other online and offline presences - Project a brand voice onto Pinterest through strategic pinning and writing

compelling pin copy - Create pins that get repinned - Grow a following organically and understand the importance of whom a brand follows - Engage an audience through contests, collaborative boards, and more - Determine who in the organization will pin, or whether to outsource it - Gauge and quantify the success of a brand's marketing efforts on Pinterest

Wakefield - Andrei Codrescu
2015-09-08

A modern-day Faust embarks on a wild romp through the peculiar and preposterous American landscape When the Devil shows up in Wakefield's living room to announce that his time is up, the bookish "de-

motivational” speaker tries to strike a deal. The Devil agrees to prolong Wakefield’s life—for now—on the condition that within the next year he finds a more authentic existence. For Wakefield, who is estranged from his family, nearly friendless, and excellent at his job of lowering expectations in a positivity-crazed world, living “authentically” is a tall order. But he will try: an extra 12 months might be worth it. Wakefield’s bargain sets in motion a cross-country quest to find his life’s purpose. Along the way, he encounters an array of all-American weirdness from plastic surgeons and sadomasochistic strippers to

phony New Age yoga gurus and billion-dollar tech start-ups.

Codrescu’s astute observations and quick wit illuminate the comedy found in our national culture of narcissism and self-improvement.
