A Select Library of Nicene and Post-Nicene Fathers of the Christian Church: Sulpitius Severus. Vincent of Lerins. John Cassian, 1894 - Philip Schaff 1894

Early Christian Writings - 1987-04-30
The writings in this volume cast a glimmer of light upon the emerging traditions and organization of the infant church, during an otherwise little-known period of its development. A selection of letters and small-scale theological treatises from a group known as the Apostolic Fathers, several of whom were probably disciples of the Apostles, they provide a first-hand account of the early Church and outline a form of early Christianity still drawing on the theology and traditions of its parent religion, Judaism. Included here are the first Epistle of Bishop Clement of Rome, an impassioned plea for harmony; The

Epistle of Polycarp; The Epistle of Barnabas; The Didache; and the Seven Epistles written by Ignatius of Antioch - among them his moving appeal to the Romans that they grant him a martyr's death.

When the Church Was Young - Marcellino D'Ambrosio 2014-07-17

If the word trinity isn't in Scripture, why is it such an important part of our faith? And if the Bible can be interpreted in many ways, how do we know what to make of it? And who decided what should be in the Bible anyway? The Church Fathers provide the answers. These brilliant, embattled, and sometimes eccentric men defined

the biblical canon, hammered out the Creed, and gave us our understanding of sacraments and salvation. It is they who preserved for us the rich legacy of the early Church. D'Ambrosio dusts off the dry theology and brings you the exciting stories and great heroes such as Ambrose, Augustine, Basil, Athanasius, Chrysostom, and Jerome. This page-turner will inspire and challenge you with the lives and insights of these seminal teachers from when the Church was young.

[Nicene and Post-Nicene Fathers](#) - Philip Schaff

2007-05-01

"The Council of Nicaea in 325 AD marked the beginning of a new era in Christianity. For the first time, doctrines were organized into a single creed. The Nicene and Post-Nicene Fathers did most of their writing during and after this important event in Church history. Unlike the previous era of Christian writing, the Nicene and Post-Nicene era is dominated by a few very important and prolific writers. In Volume I of the 14-volume collected writings of the Nicenes and Post-Nicenes (first published between 1886 and 1889), readers will discover some of the writings of Saint Augustine, recognized as a great religious figure by many Christian sects. He is the patron of the Augustinian monks, who live their lives according to the values found in Augustines writings. In the Confessions, Augustine speaks honestly about his sins as a youth and the saving grace he discovered when he found God. In the Letters, the true personality of Augustine shines through. He is one of the major theological

resources of his time, and so through his correspondences, audiences can see what issues plagued the newly unified Christian religion and come to know the man who helped shape Western religion as we know it."

Healing in the Early Church - Andrew Dauntou-Fear 2009-07-01

This monograph presents the most comprehensive investigation yet made into the healing activity of the Early Church. In contrast to

early skeptics like B. B. Warfield, the author is convinced there was a vigorous healing ministry in the centuries that followed the apostles, though it fluctuated somewhat and changed its mode. Exorcism is prominently attested throughout the period. The pre-Nicene Fathers recognized its great apologetic value as a dramatic demonstration of the superiority of Jesus Christ over pagan gods. Interest in healing miracles per se appears to have been particularly characteristic of the less educated members of the Church and those who were chaste in their devotion to the cause of Christ. Amongst these groups gifts of healing were found, becoming rare it seems by the mid-third century, but well attested again later in monastic circles. In the pre-Nicene period anointing with oil (in the name of Christ) was clearly an avenue of healing and, though mentioned comparatively rarely, may have been widespread as part of the regular ministry of local clergy to the sick. Baptismal healing, physical as well as spiritual, also took

place. In the post-Nicene Church the shrines of the martyrs became a prominent locus of healing. Devotion to this cult may have been encouraged by Church Fathers as an acceptable alternative to magical practices. But evidence suggests syncretism did occur and martyr's relics could be invested with quasi-magical awe. Most Fathers were positive about the medical profession, seeing it as an avenue of God's work, and in the late fourth century one pioneered the hospital which then spread throughout the eastern Mediterranean. In an appendix to his work, the author sets down nine pointers from the healing activity of the Early Church, and his own experience, to assist those engaged in the healing ministry today.
