The Girl on the Stairs - Barry Ernest 2011-03

On November 22, 1963, a young Victoria Elizabeth Adams stood behind a fourth-floor window of the Texas School Book Depository in Dallas. She watched as John Kennedy was murdered in the streets below. Then, with a co-worker in tow, she ran down the back stairs of the building in order to get outside and determine what had happened. At that precise moment, her life changed forever. Her actions posed serious problems for the Warren Commission, already grappling with its agenda of naming Lee Harvey Oswald as the lone assassin. If Miss Adams was telling the truth, then she had descended those stairs at the same time Oswald would have been on them as he made his escape from the sixth floor sniper's nest. Yet Miss Adams saw no one. And even though the stairs were old, wooden, and creaky under any weight, she heard no one either. When Miss Adams was called to testify before a Commission attorney, she was quickly discredited, humiliated, and eventually branded a liar. Behind closed doors she pleaded with the government to conduct time tests of her actions if she was felt to have been inaccurate. She begged the government to question her co-workers, particularly the woman who had accompanied her down the stairs, if she was not believed. Instead, she was ignored. And so, knowing the truth of what she had done and now fearing for her life because of it, she went into hiding and became willing to die with that secret knowledge. Intrigued by what little was available about Miss Adams, the author went in search of her. It took him 35 years to eventually find this elusive witness. As his journey progressed, many questions arose about the assassination while others were put to rest. And in the end, the truth of what Miss Adams did was finally discovered. This is an important story, unique in this mess that continues to surround Kennedy's death. It is a story that has been buried for decades. It is an account the government did not want you to hear, and actually fabricated evidence in order to keep you from hearing it. Now, the truth can be told.

Ancient Aliens and JFK - Mike Bara 2018-09

" ... Bara examines never-before-revealed clues to the real reasons behind the Kennedy assassination, the true objectives of the Apollo program and the shadow government hidden agendas that led to Kennedy's death in Dallas. Relying on hertofore assassination document dump, Bara shows the secret connections between key assassination figures like Lee Harvey Oswald, Lyndon Johnson, and highly placed figures inside NASA who had reasons to want Kennedy dead. He examines the relationship between JFK and MJ-12, JFK's 'Grand NASA Plan, ' plus NASA and the Parallel Secret Space Program. Bara examines the 'magic bullet' hypothesis and identifies the mysterious 'Badge Man' who appears in photos of the grassy knoll. Bara also looks into the bizarre billion-dollar Treasury bonds that Japanese businessmen attempted to deposit in a Swiss bank that had depictions of Kennedy and the Moon on them. Is the wealth of the Moon being used as collateral by the USA? The book digs deeply into Kennedy's silent war with shadowy deep state figures who were desperate to shut down his 'disclosure' agenda. Finally Bara examines the truth behind the Apollo missions by looking at renet revelations like 'Apollo 20,' Kubrick's Odyssey and rumors that the landings themselves were faked.'--from cover

Thinking Critically About the Kennedy Assassination - Michel Jacques Gagné 2022-03-28

Thinking Critically About the Kennedy Assassination uses the tools of critical thinking, historical research, and philosophical inquiry to debunk the many myths and conspiracy theories surrounding JFK's shocking and untimely death. As we approach the 60th anniversary of the violent public assassination of President John F.

Kennedy, over half of all Americans surveyed continue to believe that he was killed by a conspiracy involving multiple assassins. Through its reasoned and detailed analysis of the content and evolution of JFK conspiracy narratives, this book also serves as a comprehensive case study of paranoid reasoning and modern mythmaking. The book's opening chapters lay out the "official" academic consensus concerning the Kennedy assassination (better known as the "Lone Gunman Theory") and discuss the origins of popular interpretations of Kennedy's life and death, such as the nostalgic myth of "Camelot," the unsympathetic "Irish Mafia" narrative, and the many conspiracy theories critical of both. Subsequent sections scrutinize the alleged motives of leading conspiracy suspects, the ballistic, forensic, and medical evidence related to JFK's murder, and the most popular "proofs" of an enduring government cover-up. The book concludes that no clear evidence exists to suggest that JFK was the victim of a conspiracy and ends with a discussion of the causes and consequences of paranoid thinking in contemporary public discourse. This volume will appeal to students of history, politics, psychology, and cultural and media studies, and to a broader audience interested in American history, critical thinking, and conspiracy thinking.

Legacy of Secrecy - Lamar Waldron 2009-03-01

From the authors of Ultimate Sacrifice—this "riveting take on the assassination itself and the devastating results of government secrets . . . proves the continuing relevancy and importance of seeking the truth behind one of the US's most personal tragedies" (Publishers Weekly, starred review). John F. Kennedy's assassination launched a frantic search to find his killers. It also launched a flurry of covert actions by Lyndon Johnson, Robert F. Kennedy, and other top officials to hide the fact that in November 1963, the United States was on the brink of invading Cuba as part of a JFK-authorized coup. The coup plan's exposure could have led to a nuclear confrontation with Russia, but the cover-up prevented a full investigation into Kennedy's assassination, a legacy of secrecy that would impact American politics and foreign policy for the next forty-five years. It also allowed two men who confessed their roles in JFK's murder to be involved in the assassination of Dr. Martin Luther King in 1968. Exclusive interviews and newly declassified files from the National Archives document in chilling detail how three mob bosses were able to prevent the truth from coming to light until now. The trade paperback is updated with dramatic new revelations, has three new chapters, an expanded photo-document section, and updated text throughout, including the completed story of how three powerful Mafia bosses used John and Robert Kennedy's top-secret plan of staging a coup against Fidel Castro to murder JFK. "Explosive . . . based mainly on government documents from the National Archives." —Vanity Fair "They've done a service by digging up the deepest, darkest, most disturbing archival evidence to support their Mob hit theory." —Ron Rosenbaum, New York Times bestselling author of Explaining Hitler

Triangle of Death - Bradley O'Leary 2003-11-20

Here are the facts: a) President John F. Kennedy supported the coup d'état that resulted in the assassination of Diem; b) twenty-one days later, Kennedy was assassinated; c) forty-eight hours after JFK's murder, the FBI deported a French assassin—a fact that was not reported at the time, even to the Warren Commission; d) this deportation order came from the Office of the Attorney General, Robert F. Kennedy. Bradley O'Leary and L.E. Seymour present a convincing argument that implicates not Lee Harvey Oswald, but rather a conglomerate of conspirators, in the death of beloved President Kennedy. Using actual CIA documents, interviews, and

evidence, Triangle of Death will alter everything you thought you knew about John F. Kennedy's death.

JFK Has Been Shot - Charles A. Crenshaw 2013-10-01

The "thrilling, dramatic, historic" #1 New York Times bestseller by the Parkland Hospital surgeon who fought to save President John F. Kennedy (Robert K. Tanenbaum). On November 22, 1963, Dr. Charles Crenshaw, an accomplished surgeon, tried to save John F. Kennedy's life—and then days later, the life of the alleged assassin, Lee Harvey Oswald. His gripping, firsthand account contradicts the Warren Commission and years of public misperception to illuminate a chapter in American history long cloaked in conspiracy. Writing with eye-opening immediacy, Dr. Crenshaw takes readers into the emergency room to share the critical events at Parkland Hospital as he lived them. The Radical Right and the Murder of John F. Kennedy - Harrison E. Livingstone 2004

The Radical Right and the Murder of John F. Kennedy: Stunning Evidence in the Assassination of the President Harrison E. Livingstone's major new book, the fifth of his works on the death of JFK, brings together for the first time all of the central evidence demonstrating a domestic Right Wing conspiracy rooted in Texas which assassinated the President on November 22, 1963. The book represents forty years of work. The book discusses in great detail the actual medical evidence and the forgery of the autopsy photographs and X-rays, which Mr. Livingstone first exposed, the alteration of the autopsy report, the framing of the designated patsy, Lee Harvey Oswald, and the substitution and fabrication of every single piece of evidence. It discusses the role played in the murder by some of the most powerful men in the country: Lyndon Johnson, J. Edgar Hoover, and Richard Nixon, as well as the rich oil men and companies who backed them. It then describes the cover-ups by the media, the major investigations over the years, the FBI, and the mind-control cooperation at work in the case to misdirect researchers and the public. The book describes in great detail the people and companies in Texas who planned and carried out the assassination. It names names. One recent investigation in the 90s followed Mr. Livingstone's preceding work and reinvestigated with the witnesses both he and the official investigations had talked to, but this time took into consideration their documentation and what they had actually said, and in a chapter this is his stunning new evidence from the U.S. government under President Clinton that is blowing the lid off the case. Mr. Livingstone first revealed to the Washington press corps in 1998 that there has been such a secret investigation, and spoke for fifty minutes when the Assassination Records Review Board gave their final press conference. As a result, Mr. Livingstone was on all major TV networks and on the "Today" show (NBC) with Katie Couric the next morning. The book also contains the story of Dallas doctor Charles Crenshaw's law suit and the depositions of the editor and writer of the Journal of American Medical Association who libeled him in articles in 1992. Dr. Crenshaw's book about trying to save Kennedy at Parkland Hospital shortly after the shooting came out on the same day as Mr. Livingstone's major work on the medical evidence, High Treason 2, were JAMA's targets,

and the depositions contain much discussion of Mr. Livingstone's major impact on the JFK case. This new book is to be followed closely by a sixth book entirely about the Zapruder film, called The Hoax of the Century: Decoding the Forgery of the Zapruder Film.

A Lie Too Big to Fail - Lisa Pease 2018-12-18

In *A Lie Too Big to Fail*, longtime Kennedy researcher (of both JFK and RFK) Lisa Pease lays out, in meticulous detail, how witnesses with evidence of conspiracy were silenced by the Los Angeles Police Department; how evidence was deliberately altered and, in some instances, destroyed; and how the justice system and the media failed to present the truth of the case to the public. Pease reveals how the trial was essentially a sham, and how the prosecution did not dare to follow where the evidence led. *A Lie Too Big to Fail* asserts the idea that a government can never investigate itself in a crime of this magnitude. Was the convicted Sirhan Sirhan a willing participant? Or was he a mind-controlled assassin? It has fallen to independent researchers like Pease to lay out the evidence in a clear and concise manner, allowing readers to form their theories about this event. Pease places the history of this event in the context of the era and provides shocking overlaps between other high-profile murders and attempted murders of the time. Lisa Pease goes further than anyone else in proving who likely planned the assassination, who the assassination team members were, and why Kennedy was deemed such a threat that he had to be taken out before he became President of the United States.

Who Really Killed Kennedy? - Jerome R. Corsi 2021-04-12

Almost nothing gives rise to more national intrigue than the murder of an American president. And on November 22, 2013, the nation remembered the 50th anniversary of one of the most traumatic events in modern American history, the assassination of President John F. Kennedy. From day one, the truth behind JFK's assassination has been mired in controversy and dispute. The Warren Commission, established just seven days after Kennedy's death, delved into the who, what, when, and where of the tragedy, and over the course of the following year compiled an 889-page report that arrived at the now widely contested conclusion: Lee Harvey Oswald was the sole assassin. In *Who Really Killed Kennedy?*, No. 1 New York Times best-selling author Jerome R. Corsi, Ph.D., provides readers with the ultimate JFK assassination theory book.

The Murder Trial of JFK - James O. Chipman 2021-03-15

These are some of the things you will learn by reading this book: After almost sixty years, it is time for the world to know the truth behind the death of JFK. If Kennedy had won reelection in 1964, there would not have been an American Vietnam War. You will learn things about Lyndon B. Johnson that you would not believe were possible. John F. Kennedy's assassination started a deep distrust that Americans have with their government that continues to this day. A major part of this distrust happened because the government lied to us about the assassination and lied to us about the Vietnam War. The conspiracy theory is what Hoover of the

FBI came up with and then passed it along to the news media, the public and the Warren Commission. This book will tell you what really happened on November 22, 1963.

The Man Who Killed Kennedy - Roger Stone 2014-09-02

"We appreciate Roger Stone, he is one tough cookie." - President Trump The sensational New York Times bestseller, now in paperback. Find out how and why LBJ had JFK assassinated. *The Man Who Killed Kennedy: The Case Against LBJ* hit the New York Times bestseller list the week of the 50th Anniversary of the assassination of President John F. Kennedy. Consummate political insider Roger Stone makes a compelling case that Lyndon Baines Johnson had the motive, means, and opportunity to orchestrate the murder of JFK. Stone maps out the case that LBJ blackmailed his way on the ticket in 1960 and was being dumped in 1964 to face prosecution for corruption at the hands of his nemesis attorney Robert Kennedy. Stone uses fingerprint evidence and testimony to prove JFK was shot by a long-time LBJ hit man—not Lee Harvey Oswald. President Johnson would use power from his personal connections in Texas, from the criminal underworld, and from the United States government to escape an untimely end in politics and to seize even greater power. President Johnson, the thirty-sixth president of the United States, was the driving force behind a conspiracy to murder President Kennedy on November 22, 1963. In *The Man Who Killed Kennedy*, you will find out how and why he did it. Legendary political operative and strategist Roger Stone has gathered documents and uses his firsthand knowledge to construct the ultimate tome to prove that LBJ was not only involved in JFK's assassination, but was in fact the mastermind. Interview with History - Pamela J. Ray 2007-09

looks behind the scenes at some of the most shocking and horrific things going on here in America starting with the daytime assassination of President John F. Kennedy and the implications it serves up to the citizens of a "free country." The author, Pamela Ray, along with James Files, former CIA/Mob hit man, the infamous "grassy knoll shooter" explore the truths behind some basic questions still lingering decades after the JFK assassination: Why was President Kennedy killed? Who benefited? Who had the power to cover it up? And more specifically... Did Lee Harvey Oswald spend time with James Files the week before November 22, 1963? Why? Did Files and Oswald have the same CIA controller, David A. Phillips? Was there a military and CIA presence in Dealey Plaza when the fatal shots were fired? What is the "Military-Industrial-Complex" and why were American citizens warned about it by President Eisenhower in his farewell address to the nation? Are some of the same players from 1963 involved in today's headlines? What does all this indicate? These questions and more will be looked at as Ray and Files discuss the events surrounding the fateful day in Dallas when "a whole new form of government took over." During the course of *Interview with History*, the

authors delve into other related shadowy underworld subjects where it is hard to tell where Organized Crime stops and the CIA (and other U.S. government agencies) begin.

JFK - an American Coup D'etat - John Hughes-Wilson 2015-10-23

Ever since President John F. Kennedy was gunned down in Dallas fifty years ago, various theories have swirled around what was a key event in American - and world - history. Whatever the conclusions of the US official Warren Report - that the President had been assassinated by a lone gunman, Lee Harvey Oswald - many people doubt that to be true. Indeed, President Nixon later admitted on tape that the report was 'a hoax committed on the American people.' John Hughes - Wilson, a former colonel in British Intelligence, set out in 2007 to go through the millions of words and thousands of pieces of evidence, to put together an intelligence jigsaw of what really happened that dreadful high noon in Dallas in 1963. The result is a dramatic exposure of what actually took place and a clear indication that, while some of the pieces of that jigsaw may be missing, the truth is emerging. While the US Federal Archive still keeps a million documents relating to the case under lock and key, it is beyond reasonable doubt that Jack Kennedy was the victim of a plot to remove the President of the United States. John Hughes - Wilson highlights the facts behind why Marilyn Monroe had to be silenced, LBJ's corrupt secrets, the Kennedys' secret Cuban coup plans, how the mafia manipulated politicians and the CIA, and how the assassination was covered up. Reading this book no one can be in any doubt that JFK's death was not at the hands of a lone deranged gunman, but a deadly plot to remove a President who threatened vested interests at home and abroad.

The JFK Assassination - James DiEugenio 2018-05-01

In this updated and revised edition, James DiEugenio dissects the new Oscar-nominated film, *The Post*, and how it disingenuously represents the Pentagon Papers saga, to the detriment of the true heroes of the operation. The story of the film stems from the failed attempt of Academy Award-winning actor Tom Hanks and producer Gary Goetzman to make Vincent Bugliosi's mammoth book about the Kennedy assassination, *Reclaiming History*, into a miniseries. He exposes the questionable origins of *Reclaiming History* in a dubious mock trial for cable television, in which Bugliosi played the role of an attorney prosecuting Lee Harvey Oswald for murder, and how this formed the basis for the epic tome. *JFK: The Evidence Today* lists the myriad problems with Bugliosi's book and explores the cooperation of the mainstream press in concealing many

facts during the publicity campaign for the book and how this lack of scrutiny led Hanks and Goetzman—cofounders of the production company Playtone—to purchase the film rights. DiEugenio then shows how the failed film adapted from that book, entitled *Parkland*, does not resemble Bugliosi's book and examines why. This book reveals the connections between Washington and Hollywood, as well as the CIA influence in the film community today. It includes an extended look at the little-known aspects of the lives and careers of Bugliosi, Hanks, and Goetzman. *JFK: The Evidence Today* sheds light on the Kennedy assassination, New Hollywood, and political influence on media in America.

[Undeniable Truths](#) - Ed Souza 2014-08

"Since we forget the implications of the assassination of President John F. Kennedy at our peril I welcome and support the recent work of Ed Souza's *Undeniable Truths*....Welcome aboard Mr. Souza." --Mark Lane- Author of *Rush to Judgment* To many, the murder of President John F. Kennedy was the defining tragedy of the twentieth century. To many, the intricate and pervasive veil of lies generated by the Warren Commission and some of our own government agencies is an egregious and continuing insult to our collective intelligence, integrity, and dignity. To many, there are more questions than plausible answers. But for one former LA cop, private investigator, and professor of criminal justice, the time has come to put forth the clear and plausible answers too many have craved for too long. In *Undeniable Truths*, Professor Ed Souza applies modern investigative techniques and theories to present the clear and simple facts surrounding this infamous murder. His approach exposes the lies, cover-ups, and misinformation involved in this case. He explores some of the murder's most enduring mysteries: Why was President Kennedy really murdered? Who really did--and did not--want Kennedy eliminated? Why--and how--was Oswald chosen as the scapegoat? Through the use of time tested police strategies, the author puts decades of professional research to the task of solving one of history's most enduring unsolved crimes.

The Hidden History of the JFK Assassination - Lamar Waldron 2013-10-21

November 22, 2013 marks the 50th anniversary of the tragedy that has haunted America ever since. For the first time, this concise and compelling book pierces the veil of secrecy to fully document the small, tightly-held conspiracy that killed President John F. Kennedy. It explains why he was murdered, and how it was done in a way that forced many records to remain secret for almost fifty years. *The Hidden History of JFK's Assassination* draws on exclusive interviews with more than two dozen associates of John and Robert Kennedy, in addition to former FBI, Secret Service, military intelligence, and Congressional personnel, who provided critical first-hand information. The book also uses government files—including the detailed FBI confession of notorious Mafia godfather Carlos Marcello—to simply and clearly reveal exactly who killed JFK. Using information never published before, the book uses Marcello's own words to his closest associates to describe the plot. His confession is also backed up by a wealth of independent documentation. This book builds on the work of the last Congressional committee to investigate JFK's murder, which concluded that JFK 'was probably assassinated as a result of a conspiracy,' and that godfathers ["Santo] Trafficante [and Carlos] Marcello had the motive, means, and opportunity to assassinate President Kennedy." However, it also draws on exclusive files and information not available to Congress, that have only emerged in recent years, to fully explain for the first time how Marcello and Trafficante committed—and got away with—the crime of the 20th century. Some of the book's revelations will be dramatized in the upcoming Warner Brothers film *Legacy of Secrecy*, produced by and starring Leonardo DiCaprio, which also stars Robert De Niro as Carlos Marcello. *The Hidden History of JFK's Assassination* is the definitive account of the crime and the secrecy which has

surrounded it.

Thousands of books and articles have been written about the murder of JFK, many of which are large in volume and short on facts. Quite often, these works try to reinvent the wheel, attempting to cover every single area of the assassination, as well as many tangential and unessential points, as well. The reader is often left exhausted and confused. The sheer volume of pages, conflicting facts, and theories leaves one unsatisfied and, quite frankly, not sure exactly what did happen on 11/22/63. This book seeks to separate the wheat from the chaff. It is 55-plus years later: it is time for real, honest answers in an easy-to-read and understand format. Proof of a conspiracy; no theories; to-the-point; a perspective on the assassination for the millennial age and beyond. Based on years—decades—of primary source research and having read countless books on the subject.

Marina and Lee - Priscilla Johnson McMillan 2013-08-06

The inside story of Lee Harvey Oswald's path to killing John F. Kennedy. Reissued to mark the 50th anniversary of the Kennedy assassination, *Marina and Lee* is an indispensable account of one of America's most traumatic events, and a classic work of narrative history. In her meticulous, at times even moment by moment, account of Oswald's progress toward the assassination, Priscilla Johnson McMillan takes us inside Oswald's fevered mind and his manic marriage. When Marina, only a few weeks after giving birth to their second child, hears of Kennedy's death and discovers that Lee's rifle is missing from the garage where it was stored, she knows that her husband has killed the President. McMillan came to the story with a unique knowledge of the two main characters. In the 1950s she had worked for Kennedy and had known him well for a time. Later, working in Moscow as a journalist, she interviewed Lee Harvey Oswald during his attempt to defect to the Soviet Union. When she heard his name again on November 22, 1963, she said, "My God! I

know that boy!" Marina and Lee was written with the complete and exclusive cooperation of Oswald's Russian-born wife, Marina Prusakova, whom McMillan debriefed for seven months in the immediate aftermath of the President's assassination and her husband's nationally televised execution at the hands of Jack Ruby. The truth is far more compelling, and unsettling, than the most imaginative conspiracy theory. Marina and Lee is a human drama that is outrageous, heartbreaking, tragic, fascinating. . . and real. From the Trade Paperback edition.

Enemy of the Truth - Sherry P. Fiester 2012

President John F. Kennedy said, "The great enemy of truth is very often not the lie; deliberate, contrived and dishonest. but the myth, persistent, persuasive, and unrealistic. Filtering long held beliefs in the Kennedy assassination through contemporary, reliable, established scientific facts will help to dispel myths; the very thing Kennedy described as the great enemy of truth. Authored by forensic investigator Sherry Fiester, *Enemy of the Truth* addresses eight prominent myths in the assassination, including: the Dallas Police Department's investigation, the varied Dealey Plaza locations witnesses believed shots originated, the single bullet theory, two simultaneous head shots, if the limousine stopped, and if the blood in the Zapruder film is faked.

Case Closed - Gerald Posner 2013-10-01

Pulitzer Prize Finalist: "By far the most lucid and compelling account . . . of what probably did happen in Dallas—and what almost certainly did not." —The New York Times Book Review The Kennedy assassination has reverberated for five decades, with tales of secret plots, multiple killers, and government cabals often overshadowing the event itself. As Gerald Posner writes, "Fifty years after the assassination, the biggest casualty has been the truth." In this first-ever digital edition of his classic work, updated with a special comment for the fiftieth anniversary, Posner lays to rest all of the convoluted conspiracy theories—concerning the mafia, a second shooter, and the CIA—that have obscured over the decades what really happened in Dealey Plaza on November 22, 1963. Drawing from official sources and dozens of interviews, and filled with powerful historical detail, *Case Closed* is a vivid and straightforward account that stands as one of the most authoritative books on the assassination of John F. Kennedy.

Never Again! - Harold Weisberg 2013-09-01

Originally published in 1995, and in the same classic investigative style of *Whitewash* and *Case Open*, Harold Weisberg turns his sharp investigative eye towards the events surrounding the autopsy of John F. Kennedy. Inside *Never Again!* you'll find:

- The specific truths regarding the autopsy of John F. Kennedy—truths that have for thirty years been buried, distorted, or ignored not only by the government but also by the national press
- The blatant errors and calculated deceit of the Journal of the American Medical Association in their 1992 reports on the Kennedy autopsy
- The path of conspiracy leading from the Navy Hospital in Bethesda through the corridors of the FBI to the Justice Department, into the office of the attorney general and eventually that of the president

Weisberg argues this case with exclusive regard for the facts. Facts lead to the book's startling new illuminations. Facts provide a compelling narrative filled with intrigue and laced with outrage. Facts reveal the failure of America's institutions to deal effectively with perhaps its most profound national tragedy. In the face of overwhelming facts, Harold Weisberg justly warns us that this must never again happen!

JFK - John Hughes-Wilson 2015-07

In 1963, and the idea that the President of the United States could be gunned down in broad daylight was almost unbelievable. In America men and women wept openly in the streets for their dead leader. But events soon began to unpick the original version of what happened. It turned out that the official report was little more than a crude government whitewash designed to hide the real truth. Even American Presidents admitted as much. President Nixon memorably confessed in private that the "Warren Report was the biggest hoax ever perpetuated" on the American public. It began to emerge that maybe Lee Harvey Oswald, the original "one nut gunman," may not have acted on his own; others were involved, too. That meant no "lone gunman," but a conspiracy. This book attempts to answer the big question: who really shot JFK? And, more important still, exactly why was he shot? John Hughes-Wilson argues that the murder of John Kennedy was, like the murder of Julius Caesar 2,000 years before, nothing less than a bloody coup d'etat by his political enemies, a conspiracy hell bent on removing a leader who was threatening the power and the money of the ruling establishment. Pointing the finger at Lyndon Johnson, the CIA, and the Mafia, John joins Jackie and Bobby Kennedy in their conclusion that the assassination of JFK was far more complex than a deranged attack by Lee Harvey Oswald, the 24-year-old ex-Marine.

Blood, Money, & Power - Barr McClellan 2011-02-23

Blood, Money, & Power exposes the secret, high-level conspiracy in Texas that led to President John F. Kennedy's death and the succession of Lyndon B. Johnson as president in 1963. Attorney Barr McClellan, a former member of L.B.J.'s legal team, uses hundreds of newly released documents, including insider interviews, court papers, and the Warren Commission, to illuminate the maneuvers, payoffs, and power plays that revolved around the assassination of Kennedy and to expose L.B.J.'s involvement in the murder plot. In addition to revealing new information, McClellan answers common questions surrounding the assassination of our thirty-fifth president. Who had the opportunity, motive, and means to assassinate J.F.K.? Who controlled the investigation and findings of the Warren Commission? This historically significant book is proof that absolute power, money, blood, corruption, and deception were at the heart of politics in the early 1960s, and it represents the very best investigative journalism has to offer.

Who Really Killed Kennedy? - Jerome R Corsi 2013

Posits that John F. Kennedy was not killed by a lone assassin.

Why the JFK Assassination Still Matters - Richard Buyer 2009

"We live in a great country. Yet we must have faith and trust in our government or we cannot succeed. On the other hand, the government must also believe in its own people. Both factions must tell the truth. For this reason, the JFK assassination still matters. History cannot be replayed but it can be rewritten." Why read another book about the JFK assassination? It's simple: the major crime of the twentieth century remains unsolved. Although the assassination of President John F. Kennedy happened in 1963, the reverberations of this horrific event are still felt today. Discrepancies and questions about the assassination remain unanswered. Was there a conspiracy behind the assassination? If so, who was involved? Why the JFK Assassination Still Matters discusses new ideas showing: Lee Harvey Oswald never fired a shot at the president The Warren Commission was a hoax and the single bullet theory was physiologically impossible Strange bedfellows emerged when the CIA formed a coalition with organized crime in an attempt to assassinate Fidel Castro President Kennedy became a threat to very powerful forces when he tried to establish a peaceful coexistence with Russia and Cuba About the Author Dr. Richard Buyer has been practicing medicine for over thirty-five years. The assassination of President John F. Kennedy was probably the greatest tragedy he has personally experienced. He wrote this book to help his children learn the truth behind this horrific event. His daughter, Kennedy, happened to be born on the anniversary of the assassination. It is Dr. Buyer's goal that all children, as well as adults, will finally learn the truth about the assassination.
