Michelangelo for Kids -

Simonetta Carr 2016-07-01
Art historian Simonetta Carr draws on recent scholarship that challenges the traditional view of Michelangelo as a recluse. Readers will also learn about the complex and fluid era of the Italian Renaissance and how the times affected his life and work. Lavish photos, informative sidebars, a time line, glossary, and suggestions

for further readings add value, while 21 hands-on activities help young readers identify with the artist and his work.

Michelangelo - Romain Rolland 1935

The life of Michelangelo offers one of the most striking examples of the influence that a great man can have on his time. At the moment of his birth in the second half of the fifteenth century the serenity of Ghirlandajo and of Bramante illuminated Italian art.

Florentine sculpture seemed about to languish away from an excess of grace in the delicate and meticulous art of Rossellino, Disiderio, Mino da Fiesole, Agostino di Duccio, Benedetto da Maiano and Andrea Sansovino.

Michelangelo burst like a thunder-storm into the heavy, overcharged sky of Florence. This storm had undoubtedly been gathering for a long time in the extraordinary intellectual and emotional tension of Italy which was to cause the Savonarolist upheaval. Nothing like Michelangelo had ever appeared before. He passed

like a whirlwind, and after he had passed the brilliant and sensual Florence of Lorenzo de' Medici and Botticelli, of Verocchio and Lionardo, was ended forever. All that harmonious living and dreaming, that spirit of analysis, that aristocratic and courtly poetry, the whole elegant and subtle art of the "Quattrocento," was swept away at one blow. Even after he had been gone for a long time, the world of art was still whirled along in the eddies of his wild spirit. Not the most remote corner was sheltered from the tempest; it drew in its wake all the arts together. Michelangelo captured painting, sculpture, architecture and poetry, all at once; he breathed into them the frenzy of his vigour and of his overwhelming idealism. No one understood him, yet all imitated him. Every one of his great works, the David, the cartoon for the war against Pisa, the vault of the Sistine Chapel, the Last Judgment, St. Peter's, dominated generations of artists and enslaved them. From every one of these

creations radiated despotic power, a power that came above all from Michelangelo's personality and from that tremendous life which covered almost a century. No one work can be detached from that life and studied separately. They are all fragments of one monument, and the mistake that most historians make is to mutilate this genius by dividing it into different pieces. We must try to follow the entire course of the torrent from its beginning to its end if we are to have any comprehension of its formidable unity.

Michelangelo - Antonio Forcellino 2009-09-08
This major new biography recounts the extraordinary life of one of the most creative figures in Western culture, weaving together the multiple threads of Michelangelo's life and times with a brilliant

analysis of his greatest works. The author retraces Michelangelo's journey from Rome to Florence, explores his changing religious views and examines the complicated politics of patronage in Renaissance Italy. The psychological portrait of Michelangelo is constantly foregrounded, depicting with great conviction a tormented man, solitary and avaricious, burdened with repressed homosexuality and a surplus of creative enthusiasm. Michelangelo's acts of self-representation and his pivotal role in constructing his own myth are compellingly unveiled. Antonio Forcellino is one of the world's leading authorities on Michelangelo and an expert art historian and restorer. He has been involved in the restoration of numerous masterpieces, including Michelangelo's Moses. He combines his firsthand knowledge of Michelangelo's work with a lively literary style to draw the reader into the very heart of Michelangelo's genius. [The Life of Michelangelo](#) - Hellmut Wohl 1999

Michelangelo - George Bull
1998-07-15

Much has been written about the paintings and sculptures of Michelangelo, arguably the greatest artist of the Renaissance. But what about the man? In this revealing look at the Florentine genius, acclaimed author George Bull traces the life and spiritual quest of Michelangelo, drawing a fuller portrait of the man himself. In all his work, Michelangelo impressed his contemporaries as a forceful personality, a divine genius endowed with terrabilita, or intense emotional power. Often portrayed as a solitary and austere figure, he in fact enjoyed a wide range of friendships. And it is those whom he loved and hated, served or resisted, who are presented here-- from his family and fellow artists to the popes, nobles, and rulers of Europe. George Bull presents the life of Michelangelo in the round, bringing before the reader a towering genius whose versatility and originality are constantly being rediscovered.

Michelangelo - Martin Gayford 2013-11-07

At thirty one, Michelangelo was considered the finest artist in Italy, perhaps the world; long before he died at almost 90 he was widely believed to be the greatest sculptor or painter who had ever lived (and, by his enemies, to be an arrogant, uncouth, swindling miser). For decade after decade, he worked near the dynamic centre of events: the vortex at which European history was

changing from Renaissance to Counter Reformation. Few of his works - including the huge frescoes of the Sistine Chapel Ceiling, the marble giant David and the Last Judgment - were small or easy to accomplish.

Like a hero of classical mythology - such as Hercules, whose statue he carved in his youth - he was subject to constant trials and labours. In Michelangelo Martin Gayford describes what it felt like to be Michelangelo Buonarroti, and how he transformed forever our notion of what an artist could be.

Michelangelo, God's Architect - William E. Wallace 2021-04-06

"As he entered his seventies, the great Italian Renaissance artist Michelangelo despaired that his productive years were past. Anguished by the death of friends and discouraged by the loss of commissions to younger artists, this supreme painter and sculptor began carving his own tomb. It was at this unlikely moment that fate intervened to task Michelangelo with the most ambitious and daunting project of his long

creative life. 'Michelangelo, God's Architect' is the first book to tell the full story of Michelangelo's final two decades, when the peerless artist refashioned himself into the master architect of St. Peter's Basilica and other major buildings. When the Pope handed Michelangelo control of the St. Peter's project in 1546, it was a study in architectural mismanagement, plagued by flawed design and faulty engineering. Assessing the situation with his uncompromising eye and razor-sharp intellect, Michelangelo overcame the furious resistance of Church officials to persuade the Pope that it was time to start over. In this richly illustrated book, leading Michelangelo expert William Wallace sheds new light on this least familiar part of Michelangelo's biography, revealing a creative genius who was also a skilled engineer and enterprising businessman. The challenge of building St. Peter's deepened Michelangelo's faith, Wallace shows. Fighting the intrigues of Church politics and

his own declining health, Michelangelo became convinced that he was destined to build the largest and most magnificent church ever conceived. And he was determined to live long enough that no other architect could alter his design."--Provided by publisher.

The Life of Michel-Angelo -

Ascanio Condivi 1999

Ascanio Condivi was a young pupil and assistant of Michelangelo's who gained the trust and confidence of the great artist. His biography of Michelangelo to a large extent is based on the artist's own words, tells the story of his life, his relationship with his patrons, his objectives as an artist, and his accomplishments, forming the basis of a biography that has been central to the study of Michelangelo for four centuries. The significance of Condivi's text was recognized early on. Within fifteen years of its publication in 1553, Vasari incorporated much of it to correct and revise his biography of Michelangelo in

the second edition of his Lives of the Artists. But, although Vasari knew Michelangelo well, the sculptor never confided in him to the extent that he did in Condivi, making this the indispensable source for the life of Michelangelo. First published in 1976, this translation is now available in paperback for the first time and includes a revised introduction based on new research, as well as an up-to-date bibliography and endnotes section.

The Life of Michelangelo - John Symonds 2019-01-08

Michelangelo was an Italian sculptor, painter, architect, poet, and engineer of the High Renaissance who exerted an unparalleled influence on the development of Western art. Despite making few forays beyond the arts, his versatility in the disciplines he took up was of such a high order that he is often considered a contender for the title of the archetypal Renaissance man, along with his fellow Italian Leonardo da Vinci.

Michelangelo was considered the greatest living artist in his lifetime, and ever since then he has been held to be one of the greatest artists of all time.[1] A number of his works in painting, sculpture, and architecture rank among the most famous in existence. His output in every field during his long life was prodigious; when the sheer volume of correspondence, sketches, and reminiscences

that survive is also taken into account, he is the best-documented artist of the 16th century. In his lifetime he was also often called Il Divino ("the divine one"). One of the qualities most admired by his contemporaries was his *terribilità*, a sense of awe-inspiring grandeur, and it was the attempts of subsequent artists to imitate Michelangelo's impassioned and highly personal style that resulted in Mannerism, the next major movement in Western art after the High Renaissance.

Michelangelo - Miles Unger
2014-07-22

"The life of perhaps the most famous, most revolutionary artist in history, told through the stories of six of his magnificent masterpieces"--

[The Life of Michelangelo](#) - David Hemsoil 2018-04-03

The fame and influence of Michelangelo Buonarroti (1475–1564) were as immediate as they were unprecedented. It is not surprising, therefore, that he was the only living artist Giorgio Vasari included in the

first edition of *Lives of the Most Excellent Painters, Sculptors and Architects*, published in 1550. Revised and expanded in 1568, Vasari's monumental work comprises more than two hundred biographies; for centuries it has been recognized as a seminal text in art history and one of the most important sources on the Italian Renaissance. Vasari's biography of Michelangelo, the longest in his *Lives*, presents Michelangelo's oeuvre as the culminating achievement of Renaissance painting, sculpture, and architecture. He tells the grand story of the artist's expansive career, profiling his working habits; describing the creation of countless masterpieces, from the David to the Sistine Chapel ceiling; and illuminating his relationships with popes and other illustrious patrons. A lifelong friend, Vasari also quotes generously from the correspondence between the two men; the narrative is further enhanced by an abundance of colorful anecdotes. The volume's forty-

two illustrations convey the range and richness of Michelangelo's art. An introduction by the scholar David Hemsoll traces the textual development of Vasari's Lives and situates his biography of Michelangelo in the broader context of Renaissance art history.

Michelangelo, Life, Letters, and Poetry - Michelangelo Buonarroti 1999

The poems have been rendered into vigorous contemporary English. A selection of Michelangelo's letters, many of them to important contemporaries such as Vasari and Duke Cosimo, is accompanied by the "Life" of the great artist written by his pupil Ascanio Condivi.

The Life of Michelangelo Buonarroti - John Addington Symonds 1972

Life of Michelangelo Buonarroti - Giorgio Vasari 1971

Michelangelo Life Drawings - Michelangelo Buonarroti 1979-01-01

Throughout his long life, Michelangelo Buonarroti (1475?1564) never ceased to practice drawing with pen, pencil, or chalk. In the 60 years of creative activity encompassed by this volume, the artist produced scores of sketches, drawings, and studies ? nudes, heads, figure studies, Madonnas, anatomical drawings, studies of children and animals, mythical representations, and religious works. This book reproduces 46 of his finest drawings, embodying most of his artistic themes and techniques, and executed in his characteristic media of pen and ink, and red and black chalk. The extraordinary strength, grace, and clarity of his renderings are beautifully illustrated on every page. The compositions, carefully reproduced on fine-quality paper, range from youthful studies modeled after ancient sculpture and early Renaissance frescoes to the otherworldly religious creations of his old age. Many are preliminary drawings executed in connection with some of his

most important commissions: the marble David of 1501?04; the famous cartoon of 1504 for the projected fresco in the Palazzo Vecchio, The Battle of Cascina; the paintings on the vaulted ceiling of the Sistine Chapel, executed 1508?12; and the imposing fresco of The Last Judgment in the same chapel, executed 1535?14; as well as several of the more highly finished allegorical presentation drawings of the early 1530s. In some cases, e.g. The Battle of Cascina, the drawings are all that remain of a lost masterpiece. All drawings are accompanied by brief descriptive captions including date, medium, size, and current location.

The Life of Michelangelo Buonarroti - John Addington Symonds 2002

"Symonds's biography stands on its own as a solid, readable, compelling, and appropriate reading for the twenty-first century."--Sixteenth Century Journal

The Life of Michelangelo - John Symonds 2014-07-23

One the most important figures

in the history of art, his monumental paintings in the Sistine Chapel, his sculpture David in Florence, and his Pieta at St. Peter's Basilica in Rome are among the greatest human achievements of all time and remain the most visited and admired works of art in the world. Michelangelo's life has been the subject of many biographies over the centuries, but it was not until the appearance of John Addington Symonds's *The Life of Michelangelo Buonarroti*, in 1893, that a biographer had complete access to the artist's family archives."

Michelangelo - Carmen C.

Bambach 2017-11-05

Consummate painter,

draftsman, sculptor, and

architect, Michelangelo

Buonarroti (1475–1564) was

celebrated for his *disegno*, a

term that embraces both

drawing and conceptual design,

which was considered in the

Renaissance to be the

foundation of all artistic

disciplines. To his

contemporary Giorgio Vasari,

Michelangelo was "the divine

draftsman and designer” whose work embodied the unity of the arts. Beautifully illustrated with more than 350 drawings, paintings, sculptures, and architectural views, this book establishes the centrality of disegno to Michelangelo’s work. Carmen C. Bambach presents a comprehensive and engaging narrative of the artist’s long career in Florence and Rome, beginning with his training under the painter Domenico Ghirlandaio and the sculptor Bertoldo and ending with his seventeen-year appointment as chief architect of Saint Peter’s Basilica at the Vatican. The chapters relate Michelangelo’s compositional drawings, sketches, life studies, and full-scale cartoons to his major commissions—such as the ceiling frescoes and the Last Judgment in the Sistine Chapel, the church of San Lorenzo and its New Sacristy (Medici Chapel) in Florence, and Saint Peter’s—offering fresh insights into his creative process. Also explored are Michelangelo’s influential role as a master and teacher of disegno, his literary

and spiritual interests, and the virtuoso drawings he made as gifts for intimate friends, such as the nobleman Tommaso de’ Cavalieri and Vittoria Colonna, the marchesa of Pescara. Complementing Bambach’s text are thematic essays by leading authorities on the art of Michelangelo. Meticulously researched, compellingly argued, and richly illustrated, this book is a major contribution to our understanding of this timeless artist.

Michelangelo - Miles J. Unger
2015-07-21

An account of the life of the revolutionary art master is told through the stories of six of his greatest masterpieces including the Pietà, David and the Sistine Chapel, revealing how each expanded the medium's range and reflected the trials of Michelangelo's personal world.

The Life of Michelangelo Buonarroti - Based on Studies in the Archives of the Buonarroti Family at Florence. Vol. 2 is an

unchanged, high-quality reprint of the original edition of 1893. Hanserbooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hanserbooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

[The Collector of Lives: Giorgio Vasari and the Invention of Art](#) - Noah Charney 2017-10-03

“Readers curious about the making of Renaissance art, its cast of characters and political intrigue, will find much to relish in these pages.” —Wall Street Journal Giorgio Vasari (1511–1574) was a man of many talents—a sculptor, painter, architect, writer, and scholar—but he is best known for Lives of the Artists, which singlehandedly established the

canon of Italian Renaissance art. Before Vasari’s extraordinary book, art was considered a technical skill, and artists were mere decorators and craftsmen. It was through Vasari’s visionary writings that Raphael, Leonardo, and Michelangelo came to be regarded as great masters of life as well as art, their creative genius celebrated as a divine gift. Lauded by Sarah Bakewell as “insightful, gripping, and thoroughly enjoyable,” The Collector of Lives reveals how one Renaissance scholar completely redefined how we look at art.

"In a series of elegant, often provocative essays covering the entire are of Michelangelo's visual signing, Barkan's analytic perspective elicits new connections and new levels of significance that have eluded his predecessors. Thanks to Barkan, future students of Michelangelo's graphic work will have to look and think harder.--
-Irving Lavin, professor emernus, Institute for Advanced Study --

The Life of Michelangelo Buonarroti - John Symonds 2018-04-25

Michelangelo di Lodovico Buonarroti Simoni or more

commonly known by his first name Michelangelo was an Italian sculptor, painter, architect and poet of the High Renaissance born in the Republic of Florence, who exerted an unparalleled influence on the development of Western art. Considered by some the greatest living artist during his lifetime, he has since been described as one of the greatest artists of all time. Despite making few forays beyond the arts, his artistic versatility was of such a high order that he is often considered a contender for the title of the archetypal Renaissance man, along with his rival, the fellow Florentine and client of the Medici, Leonardo da Vinci. In his lifetime, Michelangelo was often called Il Divino ("the divine one"). His contemporaries often admired his *terribilità*—his ability to instill a sense of awe. Attempts by subsequent artists to imitate Michelangelo's impassioned, highly personal style resulted in Mannerism, the next major movement in Western art after

the High Renaissance.

Oil and Marble - Stephanie Storey 2016-03-01

"From 1501 to 1505, Leonardo da Vinci and Michelangelo Buonarroti both lived and worked in Florence. Leonardo was a charming, handsome fifty year-old at the peak of his career. Michelangelo was a temperamental sculptor in his mid-twenties, desperate to make a name for himself. The two despise each other."--Front jacket flap.
