The Places of Van Morrison's Songwriting - Geoff

Munns 2022-12-21

What can we learn about Van Morrison's life and work as a songwriter through his songs? This book looks closely at the lyrics and music from a selection of his songs. Some are very well-known - 'Brown Eyed Girl', 'Cleaning Windows' and 'The Healing Game'. Others are less familiar. Through these songs the book offers insights into some of the most important ideas that the songwriter has explored across his five-decade plus career, starting from the Them period and extending through his solo albums. These readings show how thinking about Morrison's use of place provides a specific lens that contributes to a greater understanding of his art. The songs are organized into chapters that reflect many of the important places in Morrison's work as he ventured professionally and imaginatively away from the places of his upbringing towards a wider musical world. These places are in city streetscapes and country landscapes - in home places of streets and ditches, in the enclosed

spaces of rooms, in the expansive reaches of the natural world, in indeterminate and specific foreign lands. A picture emerges of the journey that Van Morrison details through his songs, one that sees him first wandering as a boy through his East Belfast haunts, and then venturing out to a wider world away from this local place.

Do You Believe in Rock and Roll? - Raymond I. Schuck 2012-10-06

Since its release in 1971, Don McLean's song "American Pie" has become an indelible part of U.S. culture. It has sparked countless debates about the references within the lyrics; been celebrated as a chronicle of American life from the late 1950s through the early 1970s; and has become iconic itself as it has been remade, parodied, and referenced within numerous texts and forums. This volume offers a set of new essays that focus on the cultural and historical significance of the song. Representing a variety of perspectives and fields of study, the essays address such topics as historical and literary

interpretations of the song's lyrics, its musical qualities, the commentary the song offers on rock and roll history, the continuing significance of the song, and the ways in which the song has been used by various writers and artists.

A biographical dictionary of notable living women in the United States of America.

Faustian Bargains - Joan Mellen 2016-09-13

Lyndon Johnson and Mac Wallace crossed paths only briefly; but Wallace's life, especially one violent episode and its intricate aftermath, illuminates the dark side of our 36th president. Perhaps no president has a more ambiguous reputation than LBJ. A brilliant tactician, he maneuvered colleagues and turned bills into law better than anyone. But he was trailed by a

legacy of underhanded dealings, from his “stolen” Senate election in 1948 to kickbacks he artfully concealed from deals engineered with Texas wheeler-dealer Billie Sol Estes and defense contractors like his longtime supporter Brown & Root. On the verge of investigation, Johnson was reprieved when he became president upon JFK’s assassination. Among the remaining mysteries has been LBJ’s relationship to Mac Wallace who, in 1951, shot a Texas man having an affair with LBJ’s loose-cannon sister Josefa, also Wallace’s lover. When arrested, Wallace coolly said “I work for Johnson . . . I need to get back to Washington.” Charged with murder, he was overnight defended by LBJ’s powerful lawyer John Cofer, and though convicted, amazingly received a suspended sentence. He then got high-security clearance from LBJ friend and defense contractor D.H. Byrd, which the Office of Naval Intelligence tried to revoke for 11 years without success. Using crucial Life magazine and Naval Intelligence files and the unredacted FBI files on

Mac Wallace, never before utilized by others, investigative writer Joan Mellen skillfully connects these two disparate Texas lives and lends stark credence to the dark side of Lyndon Johnson that has largely gone unsubstantiated.

[Certain Rock Bands You Probably Like](#) - Chuck Klosterman 2010-09-14

Originally collected in Chuck Klosterman IV and now available both as a stand-alone essay and in the ebook collection Chuck Klosterman on Pop, this essay is about underrated and overrated artists.

Killing Bono - Neil McCormick 2005-10-19

Longtime friend and reporter, Neil McCormick, reveals childhood and present day stories about Bono and his band, U2. Some are born great. Some achieve greatness. Some have greatness thrust upon them. And some have the misfortune to go to school with Bono. Everyone wants to be famous. But as a young punk in Dublin in the 1970s, Neil McCormick's ambitions went way beyond mere pop stardom. It was his destiny to be a veritable Rock God. He had it all worked out: the albums, the concerts, the quest for world

peace. There was only one thing he hadn't counted on. The boy sitting on the other side of the classroom had plans of his own. Killing Bono is a story of divergent lives. As Bono and his band U2 ascended to global superstardom, his school friend Neil scorched a burning path in quite the opposite direction. Bad drugs, weird sex, bizarre haircuts: Neil experienced it all in his elusive quest for fame. But sometimes it is life's losers who have the most interesting tales to tell. Featuring guest appearances by the Pope, Bob Dylan, and a galaxy of stars, Killing Bono offers an extremely funny, startlingly candid, and strangely moving account of a life lived in the shadows of superstardom. "The problem with knowing you is that you've done everything I ever wanted to," Neil once complained to his famous friend. "I'm your doppelganger," Bono replied. "If you want your life back, you'll have to kill me." Now there was a thought...

The Moody Blues - Geoffrey Feakes 2019-10

How to Write Songs on Keyboards - Rikky Rooksby 2005

(Book). This book helps both keyboard and guitar players to find and develop interesting chords and chord sequences on a keyboard, and then use them to write their own songs. Rather than trying to teach intricate pieces of music, the book breaks things down into a simpler style and concentrates on basic chords and ideas, starting with a simple three-chord song and gradually adding more complex structures. A visual system that virtually eliminates the use of standard music notation allows guitarists who are used to using guitar tablature to feel totally at home. Songwriting issues are also analyzed, including key changes and writing songs in minor keys. The straightforward style of this book will have musicians writing on a keyboard with ease even if they never have before.

Stereophile - 1996

The War of the Worlds - H. G. Wells

2017-01-01

When a meteorite lands in Surrey, the locals don't know what to make of it. But as Martians emerge and begin killing bystanders, it quickly becomes clear—England is under attack. Armed soldiers converge on the scene to ward off the invaders, but meanwhile, more Martian cylinders land on Earth, bringing reinforcements. As war breaks out across England, the locals must fight for their lives, but life on Earth will never be the same. This is an unabridged version of one of the first fictional accounts of extraterrestrial invasion. H. G. Wells's military science fiction novel was first published in book form in 1898, and is considered a classic of English literature.

The Original Thoroughbred Times Racing Almanac, 2005 Edition - Thoroughbred Times
2004-07

Complete UK Hit Albums, 1956-2005 - Graham Betts 2005

The most complete guide to every artist and album that has ever charted in the UK Album chart, with details on over 14,800 albums and biographies on every one of the 3,180 acts that have appeared since the chart first started in 1958. From a Top Ten in 1958, the album chart has grown in both size and stature over the years. Increased to a Top Twenty in 1960, the chart grew to a Top 30 by 1966, a Top 40 later that year, a Top 50 in 1971, a Top 75 in 1978 and a Top 100 in 1981. By 1989, when compilation albums and soundtracks were a major factor in

the chart, a decision was taken to produce two charts; a Top 75 artist chart and a Top 20 compilation chart. Every single entry on all these charts is included in Collins Complete UK Hit Albums. 3,180 acts have registered just over 11,300 hit albums; also listed are the approximately 3,500 soundtracks and compilation albums that have also hit the charts. Hit Singles: a brief biography of each of the 3,180 or so artists who have had hit albums, details of BPI awards, Platinum Europe awards and RIAA Diamond awards and details of BRIT, Grammy awards and US Number Ones. Just as with the single chart, the album chart is not without its peculiarities and so you will learn of the album that took nearly four years to hit the number one spot, the album by Sigur Ros that had no title as opposed to that by Fiona Apple which registered the longest title (all 89 words), the artists whose chart career consists of a single week at position 100 as opposed to Fleetwood Mac's Rumours which has spent 477 weeks on the chart,

including one week at number one.

Billboard - 2005-03-26

Rhythms of the Game - Bernie Williams

2011-06-01

(Book). Bernie Williams' ability to play major league baseball at a high level was directly influenced by his musical training and his deep understanding of the similarities between musical artistry and athletic performance. Through a series of conversations, narratives, and sidebars, the authors (Bernie Williams, Dave Gluck, and Bob Thompson) discover and reveal the influence of music and its rhythms on the game of baseball. Readers of Rhythms of the Game will gain an insight into the similarities between musical artistry and athletic performance. The book is written for musicians and athletes looking to improve their level of performance on the stage or on the field, as well as for a general audience interested in gaining a deeper understanding of the underlying influence of music on the game of baseball.

The Mythology of Dance - Harry Eiss

2013-09-18

The lights dim and soon the theatre becomes dark. The audience conversations end with a few softly dissipating whispers, and the movie begins. Nina Sayers, a young ballerina, dances the prologue to Tchaikovsky's Swan Lake, a ballet expressing a story drawn from Russian folk tales about a princess who has been turned into a White Swan and can only be turned back if a man swears eternal fidelity to her. However, this is not that ballet. This is the beginning of Black Swan, a controversial movie employing symbolism in a complex interweaving of dance and film to reveal the struggles and paradoxes of everything from a female rite-of-passage to questions about where artistic expression should demand self-sacrifice and whether such sacrifice is worth the price. The dance floor is the stage of life, the place where physical actions take on the symbolic meanings of mythology and express the deepest archetypes of the human mind. This book explores how dance gives shape to those human

needs and how it reflects, and even creates, the maps of meaning and value that structure our lives. Though the volume looks at all the forms of dance, it focuses on three main categories in particular: religious, social, and artistic. Since the American Musical and subsequent Musical Videos have both reflected and influenced our current world, they receive the most space—such acclaimed performers as Fred Astaire, Gene Kelly, Judy Garland, Ricky Nelson, Elvis Presley and Michael Jackson, such important composers and lyricists as Gershwin, Rodgers-and-Hammerstein, Porter, Berlin, Webber, Bernstein, the Beatles, and the Who, and such choreographers as Graham, Balanchine, Robbins and Fosse are examined in particular detail.

Hi-fi News & Record Review - 1996

- Tips to help you accurately grade and value your records-- including promo pressings.
- An easy-to-use, well-organized format. Whether you're new to the scene or a veteran collector, Goldmine Record Album Price Guide is here to help!

Ship Sooner - Mary Sullivan 2005-01-18

Envision an imaginary dial with which you can turn all sounds from your everyday experience onto the highest level of volume: that is the world of 13-year old Ship Sooner whose incredible ability to hear sounds normally indiscernible to the human ear defines her life--"Carson McCullers meets Alice Hoffman" (Baltimore Sun). Ship Sooner hears everyone and everything in her sleepy Massachusetts town. Sounds of frost forming on glass; a rabbit hopping on just fallen snow; and of a fork making indentations on pie crust are as familiar to Ship

as an old Sinatra tune played full volume at the town diner. Misunderstood by her classmates and ignored by her disdainful older sister, thirteen-year old Ship consoles herself by listening to the sounds of others' secrets: her mother's lips pressing against those of a balding salesman's; her sister Helen's trysts in a secluded shed; family friend Trudy's breath quickening as she cuts the hair of the town priest; and her only friend Brian Dodd's promise to his parents not to tell where he goes with them on Sunday afternoons. Ship's isolation intensifies when Brian disappears inexplicably the day after Christmas. During the long winter of 1981, as Helen retreats behind her slammed bedroom door and her

mother is increasingly absent, Ship keeps a vigil for Brian and slowly loses hope. But as winter melts to spring, an unexpected calling from the woods will lead her to make an astonishing discovery that compels her to abandon all that she has known, and set out on a journey to transform her life.
