**White Lines** - Jennifer Banash 2013-04-04  
I don't want to be this person anymore, but I've been running for so long, I don't know how to stop, how to stand still, how to begin again. Seventeen-year-old Cat is club kid royalty, with the power to decide who gets past the velvet rope at some of the hottest clubs in the city. She lives for the night with its high-inducing energy, pulsing music and those seductive white lines that can ease all pain. Her days are something else entirely. Having spent years enduring her

mother's emotional and physical abuse, and abandoned by her father, Cat is terrified and alone. But when someone comes along who makes her want to truly live, she'll need to summon the courage to confront her demons. Both poignant and raw, *White Lines* is a gripping, coming-of-age tale for readers of *Willow*.

An international drug cartel started the fight. John Tyler will finish it. Tyler is back to work as a classic auto mechanic. When a young woman—and car enthusiast—brings her vintage Porsche in for some work, Tyler is glad to talk shop with her. When she never returns for her car, he wonders what's going on. His daughter doesn't want him to investigate. Something bothers Tyler about what happened, though, and he's determined to uncover what happened to the mysterious woman from the shop. The twists and turns of her life soon put Tyler in the path of a brutal drug cartel. They're establishing a foothold in Maryland and show no mercy to anyone

who gets in their way. Tyler's quest will take him far out of state and put him directly in the path of the group's most sinister killers. How far will he go to stop the shadowy group, and what price will he--and those close to him--pay?

**White Lines** is the second novel in the John Tyler series. It's perfect for readers who take their thrillers with lots of action, a little heart, and a little humor. Military thriller, special forces, special operations, action thriller, vigilante justice

supporting your ideas. Whitelines Saddle Stitch notebooks were first introduced as a school product with their format and retro design inspired from older Swedish school books. Since grown-ups and college students also found the books attractive, they have become a popular product not only for school kids. The notebooks are stapled and have thinner covers than the other covered books. Remember your blue examination books? Hopefully these will reduce the anxiety (a little) for a new generation of test-takers! White Lines - Tracy Brown 2007-01-09

Jada left home at the age of sixteen, running from her own demons and the horrors of physical abuse inflicted by her mother's boyfriend. She partied hard, and life seemed good when she was with Born, the neighborhood kingpin whose name was synonymous with money, power, and respect. But all his love couldn't save her from a crack addiction. Jada goes from crack addict and prostitute to survivor and back again before

she finds the strength to live for herself and come out on top. And her stormy romance with one of the fiercest hustlers on the streets makes White Lines one of the most unforgettable urban loves stories of the year.
