Quit - Annie Duke 2022-10-04

From the bestselling author of *Thinking in Bets* comes a toolkit for mastering the skill of quitting to achieve greater success. Business leaders, with millions of dollars down the drain, struggle to abandon a new app or product that just isn't working. Governments, caught in a hopeless conflict, believe that the next tactic will finally be the one that wins the war. And in our own lives, we persist in relationships or careers that no longer serve us. Why? According to Annie Duke, in the face of tough decisions, we're terrible quitters. And that is significantly holding us back. In *Quit*, Duke teaches you how to get good at quitting. Drawing on stories from elite athletes like Mount Everest climbers, founders of leading companies like Stewart Butterfield, the CEO of Slack, and top entertainers like Dave Chappelle, Duke explains why quitting is integral to success, as well as strategies for determining when to hold em, and when to fold em, that will save you time, energy, and money. You'll learn: How the paradox of quitting influences decision making: If you quit on time, you will feel you quit early. What forces work against good quitting behavior, such as escalation, commitment, desire for certainty, and status quo bias. How to think in expected value in order to make better decisions, as well as other best practices, such as increasing flexibility in goal-setting, establishing "quitting contracts," anticipating optionality, and conducting premortems and backcasts. Whether you're facing a make-or-break business decision or life-altering personal choice, mastering the skill of quitting will help you make the best next move.

The Power of Writing It Down - Allison Fallon 2021-01-12

For anyone feeling stuck and looking to make sense of life, author and writing coach Allison Fallon shares a simple practice and proven method to reclaiming your narrative, increasing your emotional and spiritual health, and discovering more clarity and freedom in *The Power of Writing It Down*.

We Don't Know Ourselves: A Personal History of Modern Ireland - Fintan O'Toole 2022-03-15

"[L]ike reading a great tragicomic Irish novel." —James Wood, *The New Yorker* "Masterful . . . astonishing." —Cullen Murphy, *The Atlantic* "A landmark history . . . Leavened by the brilliance of O'Toole's insights and wit." —Claire Messud, *Harper's Winner • 2021 An Post Irish Book Award — Nonfiction Book of the Year •* from the judges: "The most remarkable Irish nonfiction book I've read in the last 10 years"; "[A] book for the ages." A celebrated Irish writer's magisterial, brilliantly insightful chronicle of the wrenching transformations that dragged his homeland into the modern world. Fintan O'Toole was born in the year the revolution began. It was 1958, and the Irish government—in despair, because all the young people were leaving—opened the country to foreign investment and popular culture. So began a decades-long, ongoing experiment with Irish national identity. In *We Don't Know Ourselves*, O'Toole, one of the Anglophone world's most consummate stylists, weaves his own experiences into Irish social, cultural, and economic change, showing how Ireland, in just one lifetime, has gone from a reactionary "backwater" to an almost totally open society—perhaps the most astonishing national transformation in modern history. Born to a working-class family in the Dublin suburbs, O'Toole served as an altar boy and attended a Christian Brothers school, much as his forebears did. He was enthralled by American Westerns suddenly appearing on Irish television, which were not that far from his own experience, given that Ireland's main export was beef and it was still not unknown for herds of cattle to clatter down Dublin's streets. Yet the Westerns were a sign of what was to come. O'Toole narrates the once

unthinkable collapse of the all-powerful Catholic Church, brought down by scandal and by the activism of ordinary Irish, women in particular. He relates the horrific violence of the Troubles in Northern Ireland, which led most Irish to reject violent nationalism. In O'Toole's telling, America became a lodestar, from John F. Kennedy's 1963 visit, when the soon-to-be martyred American president was welcomed as a native son, to the emergence of the Irish technology sector in the late 1990s, driven by American corporations, which set Ireland on the path toward particular disaster during the 2008 financial crisis. A remarkably compassionate yet exacting observer, O'Toole in coruscating prose captures the peculiar Irish habit of "deliberate unknowing," which allowed myths of national greatness to persist even as the foundations were crumbling. Forty years in the making, *We Don't Know Ourselves* is a landmark work, a memoir and a national history that ultimately reveals how the two modes are entwined for all of us.

Think Again - Adam Grant 2021-02-02

#1 New York Times Bestseller "THIS. This is the right book for right now. Yes, learning requires focus. But, unlearning and relearning requires much more—it requires choosing courage over comfort. In *Think Again*, Adam Grant weaves together research and storytelling to help us build the intellectual and emotional muscle we need to stay curious enough about the world to actually change it. I've never felt so hopeful about what I don't know." —Brené Brown, Ph.D., #1 New York Times bestselling author of *Dare to Lead* The bestselling author of *Give and Take* and *Originals* examines the critical art of rethinking: learning to question your opinions and open other people's minds, which can position you for excellence at work and wisdom in life. Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, there's another set of cognitive skills that might matter more: the ability to rethink and unlearn. In our daily lives, too many of us favor the comfort of conviction over the discomfort of doubt. We listen to opinions that make us feel good, instead of ideas that make us think hard. We see disagreement as a threat to our egos, rather than an opportunity to learn. We surround ourselves with people who agree with our conclusions, when we should be gravitating toward those who challenge our thought process. The result is that our beliefs get brittle long before our bones. We think too much like preachers defending our sacred beliefs, prosecutors proving the other side wrong, and politicians campaigning for approval—and too little like scientists searching for truth. Intelligence is no cure, and it can even be a curse: being good at thinking can make us worse at rethinking. The brighter we are, the blinder to our own limitations we can become. Organizational psychologist Adam Grant is an expert on opening other people's minds—and our own. As Wharton's top-rated professor and the bestselling author of *Originals* and *Give and Take*, he makes it one of his guiding principles to argue like he's right but listen like he's wrong. With bold ideas and rigorous evidence, he investigates how we can embrace the joy of being wrong, bring nuance to charged conversations, and build schools, workplaces, and communities of lifelong learners. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, a vaccine whisperer convinces concerned parents to immunize their children, and Adam has coaxed Yankees fans to root for the Red Sox. *Think Again* reveals that we don't have to believe everything we think or internalize everything we feel. It's an invitation to let go of views that are no longer serving us well and prize mental flexibility over foolish consistency. If knowledge is power, knowing what we don't know is wisdom.

The Goal - Eliyahu M. Goldratt 2016-08-12

Alex Rogo is a harried plant manager working ever more desperately to try and improve performance. His factory is rapidly heading for disaster. So is his marriage. He has ninety days to save his plant - or it will be closed by corporate HQ, with hundreds of job losses. It takes a chance meeting with a colleague from student days - Jonah - to help him break out of conventional ways of thinking to see what needs to be done. Described by Fortune as a 'guru to industry' and by Businessweek as a 'genius', Eliyahu M. Goldratt was an internationally recognized leader in the development of new business management concepts and systems. This 20th anniversary edition includes a series of detailed case study interviews by David Whitford, Editor at Large, Fortune Small Business, which explore how organizations around the world have been transformed by Eli Goldratt's ideas. The story of Alex's fight to save his plant contains a serious message for all managers in industry and explains the ideas which underline the Theory of Constraints (TOC) developed by Eli Goldratt. Written in a fast-paced thriller style, *The Goal* is the gripping novel which is transforming management thinking throughout the Western world. It is a book to recommend to your friends in industry - even to your bosses - but not to your competitors!

The Cost of Knowing - Brittney Morris 2021-04-06

Four starred reviews! Dear Martin meets *They Both Die at the End* in this gripping, evocative novel about a Black teen who has the power to see into the future, whose life turns upside down when he foresees his younger brother's imminent death, from the acclaimed author of *SLAY*. Sixteen-year-old Alex Rufus is trying his best. He tries to be the best employee he can be at the local ice cream shop; the best boyfriend he can be to his amazing girlfriend, Talia; the best protector he can be over his little brother, Isaiah. But as much as Alex tries, he often comes up short. It's hard to for him to be present when every time he touches an object or person, Alex sees into its future. When he touches a scoop, he has a vision of him using it to scoop ice cream. When he touches his car, he sees it years from now, totaled and underwater. When he touches Talia, he sees them at the precipice of breaking up, and that terrifies him. Alex feels these visions are a curse, distracting him, making him anxious and unable to live an ordinary life. And when Alex touches a photo that gives him a vision of his brother's imminent death, everything changes. With Alex now in a race against time, death, and circumstances, he and Isaiah must grapple with their past, their future, and what it means to be a young Black man in America in the present.

Scripting with The Law of Attraction - Elizabeth McCarthy 2020-04-27

So, what happens if your job sucks? If you're struggling to make ends meet? If you haven't met the perfect partner yet? If you aren't feeling as financially abundant as you'd like to? What happens if you don't like the way your life is right now? Then, change it! You are the creator of your own reality. Yes, with the right technique, you can manifest anything you want and make your life into what you want it to be. Scripting manifestation is a special Law of Attraction technique. Scripting is a technique where you describe your life as if you already had what you wish to manifest. Do you want a new job? Describe how your first day at that particular job feels like. Do you want to manifest a six-figure salary? Describe how it feels to be making six-figures. What are you doing with all that money? Do you want to manifest your soulmate? Describe how life with them looks like. Write down how your honeymoon was. Scripting works because The Law of Attraction responds to the thoughts you think, the words you speak and the emotions you feel. Whatever words you are using at this very moment, activate a vibration within you to which the Law of Attraction responds. All you need to start scripting is a notebook, your favorite pen (it's all about feeling good here), and your most colorful imagination and when done correctly, the results are so mind-blowing that it might just be the most powerful Law of Attraction tool out there. What's important to know is that Scripting with the Law of Attraction works all the time, no exception, no discrimination. Sadly, very few people are aware of the Law of Attraction Scripting and even less know the right way to use it, which leads them to fail at creating their dream life. I've had a lot of people come to me and say "Oh, I've tried scripting before or I've been scripting for months now, and I still haven't been able to manifest anything." Well, if you've been scripting without results, then you've been doing it wrong. I know because I was doing it wrong too. The truth is, there is no right or wrong way to script- there are no formulas for scripting. However, there are rules and procedures that are tested and proven- techniques that have worked for other people over time. So, when I wasn't seeing results, what I did was research some of the methods that other people have used successfully, and from all the tips and techniques I gathered, I was able to develop my own strategies, and it's been amazing since then. These days when I get a

new client, and they tell me how scripting never works for them; I smile, give them my 7-step process and offer a guarantee that if it doesn't work, I'll give them a sum of money as compensation for wasting their time and selling them false hopes. Well, till date, all I have gotten is testimonies and referrals. The 7-step process I am about to reveal to you is something that has been tested and proven by scores of people, and if you follow this process, I am as sure as nightfall that you'll be back with testimonies too. In this short and concise law of attraction scripting manifestation guide, you'll discover a lot of hidden secrets including: How Scripting Manifestation Works How Thought Energy Transforms into Physical Things How Scripting Helps to Get Rid of The Biggest Obstacle to Manifestation and the Law of Attraction Secret Ingredients to Infuse into Your Scripting Process to Get Better Results My 7-step Fail-proof Scripting Method Common Mistakes to Avoid

I'm Rich Beyond My Wildest Dreams - Thomas L Pauley 2003-12-02

They were given a key that unlocked the door to riches beyond their imaginations. It came to them on wings of gold. Now father and daughter share their story. How to Write a Lot - Paul J. Silvia 2007-01

All students and professors need to write, and many struggle to finish their stalled dissertations, journal articles, book chapters, or grant proposals. Writing is hard work and can be difficult to wedge into a frenetic academic schedule. In this practical, light-hearted, and encouraging book, Paul Silvia explains that writing productively does not require innate skills or special traits but specific tactics and actions. Drawing examples from his own field of psychology, he shows readers how to overcome motivational roadblocks and become prolific without sacrificing evenings, weekends, and vacations. After describing strategies for writing productively, the author gives detailed advice from the trenches on how to write, submit, revise, and resubmit articles, how to improve writing quality, and how to write and publish academic work.

Writing Down the Bones - Natalie Goldberg 2016-02-02

For more than thirty years Natalie Goldberg has been challenging and cheering on writers with her books and workshops. In her groundbreaking first book, she brings together Zen meditation and writing in a new way. Writing practice, as she calls it, is no different from other forms of Zen practice—"it is backed by two thousand years of studying the mind." This thirtieth-anniversary edition includes new forewords by Julia Cameron and Bill Addison. It also includes a new preface in which Goldberg reflects on the enduring quality of the teachings here. She writes, "What have I learned about writing over these thirty years? I've written fourteen books, and it's the practice here in *Bones* that is the foundation, sustaining and building my writing voice, that keeps me honest, teaches me how to endure the hard times and how to drop below discursive thinking, to taste the real meat of our minds and the life around us."

How We Change - Ross Ellenhorn 2020-05-19

The Coronavirus pandemic has revealed a very big secret we've been keeping from ourselves and each other: We can be remarkably agile in the face of change. How is it that we are able to so radically and rapidly change our daily behavior in order to follow the social distancing and stay-at-home policies during the pandemic, and yet--pandemic or not--we typically find it difficult, if not impossible, to reach smaller personal goals like dieting, getting organized or changing destructive habits? The pandemic is life-threatening, so it ignites our survival instincts, activating that part of our brains charged with speedily and efficiently getting us to safety. But cholesterol, alcohol, and physical passivity are all life-threatening, and many of us humans have done a lousy job changing in regard to these issues, even when we have reliable information that they are killing us. Why do we struggle to change what would so obviously help ourselves individually? Ross Ellenhorn's book, *How we Change* (and the *Ten Reasons Why We Don't*) gives a fascinating answer. A clinician and thought leader in the mental health and addiction fields, he suggests that we're often looking in the wrong direction when we try to decipher the factors that support human change. He suggests that it's much more fruitful to look at why we don't change, than figure out why we do. By looking at the reasons we don't change, we give ourselves the best chance of actually changing in meaningful ways. Ellenhorn explains how we are wired to double down on the familiar because of what he calls the "Fear of Hope" - the act of protecting ourselves from further

disappointment—and identifies the “10 Reasons Not to Change” to help us see why we behave the way we do when we are faced with the challenge of hope. Among them are: · To change means raising your expectations and thus risking that you'll disappoint yourself. · Once you change, you are more accountable to make other changes than if you stayed the same · When you change, your future become much less predictable. · Change means destroying psychological monuments you've built to commemorate past injuries · Every time you change, you raise the possibility of losing or disrupting your relationship with certain people By addressing this little known reality of fear of hope, and how it influences the 10 Reasons Not to Change, Ellenhorn actually gives us hope, helping us to work toward the change we seek. Ellenhorn speaks to the core of our insecurities and fears about ourselves, with a humor and kindness. By turning our judgments about self-destructive behaviors into curious questions about them, he teaches us to think about our actions to discover what we truly want - even if we're going about getting it in the wrong way. *How We Change* is a brilliant approach that will forever alter our perspective - and help us achieve the transformation we truly seek.

The Book of Knowing and Worth - Paul Selig 2013-12-26

A medium offers a spiritual and psychological program to get to better know one's inner self and understand their inherent worth while defining a purpose in life while eliminating the fears that prevent growth and success. Original.

The author shares his insights into the craft of writing and offers a humorous perspective on his own experience as a writer.

Charlotte's Web - E. B. White 2015-03-17

Don't miss one of America's top 100 most-loved novels, selected by PBS's The Great American Read. This beloved book by E. B. White, author of *Stuart Little* and *The Trumpet of the Swan*, is a classic of children's literature that is "just about perfect." Illustrations in this ebook appear in vibrant full color on a full-color device and in rich black-and-white on all other devices. Some Pig. Humble. Radiant. These are the words in *Charlotte's Web*, high up in Zuckerman's barn. *Charlotte's spiderweb* tells of her feelings for a little pig named Wilbur, who simply wants a friend. They also express the love of a girl named Fern, who saved Wilbur's life when he was born the runt of his litter. E. B. White's Newbery Honor Book is a tender novel of friendship, love, life, and death that will continue to be enjoyed by generations to come. It contains illustrations by Garth Williams, the acclaimed illustrator of E. B. White's *Stuart Little* and *Laura Ingalls Wilder's Little House* series, among many other books. Whether enjoyed in the classroom or for homeschooling or independent reading, *Charlotte's Web* is a proven favorite.

The Purpose Driven Life - Rick Warren 2012-10-23

Discover and fulfill your God-given purpose by joining the more than thirty-five million others who have embarked on a spiritual journey that started with this #1 New York Times bestselling book by Pastor Rick Warren. Before you were born, God knew what your life had in store for you. His hope for you is to discover the life he created just for you--both here on earth, and forever in eternity. Let Rick Warren guide you as you learn to live out your true purpose. *The Purpose Driven Life* is more than a book; it's a road map for your spiritual journey. Combining thoughtful verses from Scripture with timely stories and perspectives from Warren's own life, *The Purpose Driven Life* will help you discover the answer to one of life's most important questions: What on earth am I here for? Throughout *The Purpose Driven Life*, Warren will teach you to spend time getting to know yourself and your creator in order to live your life to the fullest. Unlocking your true purpose will also reduce your stress, simplify your decisions, increase your satisfaction, and, most importantly, prepare you for eternity. Designed to be read over the course of forty-two days, *The Purpose Driven Life* will help you see the big picture, giving you a fresh perspective on the way that the pieces of your life fit together. Every chapter of *The Purpose Driven Life* provides a daily meditation and practical steps to help you uncover and live out your purpose, starting with exploring three essential questions: The Question of Existence: Why am I alive? The Question of Significance: Does my life matter? The Question of Purpose: What on earth am I here for? Each copy of *The Purpose Driven Life* also includes thoughtful discussion questions, audio Bible studies that go along with every chapter, and access to a supportive online community, giving you the opportunity to dive even deeper into each life-changing lesson.

Scripting the Life You Want - Royce Christyn 2020-04-07

A step-by-step guide to the process of “scripting” your future and successfully manifesting what you want in life • Explores the science behind how the scripting method works and shares the vivid journal entries from the author's big breakthrough--when he successfully used his method to land a lead role on a TV show • Details how the understanding of incredible new (and, until now, mostly unheard of) scientific discoveries and emerging technologies is the most important key to creating and manifesting in your life • Reveals fun, easy tools for manifesting and self-help, updated for a new generation In this step-by-step guide, filled with success stories and practical exercises, Royce Christyn details a simple “scripting” process for harnessing the Law of Attraction and manifesting what you want in your life--happiness, wealth, travel, love, health, the perfect career, or simply a productive day. The process is backed by science and experience, yet it feels like magic. And all you need is a pen and paper. Inspired by New Thought and Positive Thinking classics, Christyn explains how he developed his scripting method through 4 years of trial and error, keeping what worked and dropping what didn't until he brought his success rate from 5% to nearly 100%. Sharing pages from his own journals, he outlines how to create the life you want with daily journaling exercises, beginning with a simple list-making practice to figure out your wants and intentions and then progressing to actual scripting of your future, whether the next 12 hours or the next 10 days. He shows how, over time, your scripts will increase in accuracy until they converge with reality. He shares the vivid entries from his big breakthrough--when he successfully used his method to land a lead guest-starring role on Disney Channel's *Wizards of Waverly Place* with Selena Gomez. He explores how “feeling” your future success as you write your daily scripts helps attract your desired outcomes, and he shares the key phrases to include to make your script come true. The author also explores the science behind how the scripting method works, including a down-to-earth examination of quantum mechanics. From small dreams to lifelong goals, this book gives you the tools to put your thoughts into action and finally close the gap between where you are and where you want to be in your life.

Click! - Annabel Monaghan 2007-11-27

Inspired by "The Secret, *Click!*" is designed to teach teens that they have the power to change their lives and manifest what they want, whether its an A in chemistry or a date to the prom.

Everyone wants to accomplish their goals and live the life of which they dream. But in today's busy age, how do we make that happen? This interactive book helps readers live an intentional life by determining their priorities and tapping into their creativity to create beautiful and functional vision boards and manageable action plans to achieve their goals. Through guided worksheets, vision board templates and samples, and planning pages, author Carrie Lindsey inspires readers to get clear on what they really want and then make it happen. Getting your life in order has never been so much fun! What would happen if you set aside a little time to write down what makes you excited and what drags you down? What if you took it a step further and set specific goals for living your best life? What if that process could be creative, exciting, and lead to actual change? Use the guided worksheets to establish your priorities Create vision boards that make your goals concrete and attainable Discover

strategies to manifest the life of your dreams Change is hard, but it's worth it. And with this book, it's also a heck of a lot of fun. Readers also have access to a private Facebook group full of members who are working towards living their dreams.

Why I Write - George Orwell 2021-01-01

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. Why I Write is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can - and must - be rediscovered with every age.' — Irish Times

Writing to Learn - William Zinsser 2013-04-30

This is an essential book for everyone who wants to write clearly about any subject and use writing as a means of learning.

The Year of Magical Thinking: The Play - Joan Didion 2009-04-02

In this dramatic adaptation of her award-winning, bestselling memoir, Joan Didion transforms the story of the sudden and unexpected loss of her husband and their only daughter into a stunning and powerful one-woman play. "This happened on December 30, 2003. That may seem a while ago but it won't when it happens to you . . ." Michiko Kakutani in The New York Times called the memoir that was the basis for the play, "an indelible portrait of loss and grief . . . a haunting portrait of a four-decade-long marriage." The first theatrical production of The Year of Magical Thinking opened at the Booth Theatre on March 29, 2007, starring Vanessa Redgrave and directed by David Hare.

Make It Stick - Peter C. Brown 2014-04-14

Discusses the best methods of learning, describing how rereading and rote repetition are counterproductive and how such techniques as self-testing, spaced retrieval, and finding additional layers of information in new material can enhance learning.

The Dictionary of Obscure Sorrows - John Koenig 2021-11-16

NEW YORK TIMES BESTSELLER "It's undeniably thrilling to find words for our strangest feelings...Koenig casts light into lonely corners of human experience...An enchanting book." —The Washington Post A truly original book in every sense of the word, The Dictionary of Obscure Sorrows poetically defines emotions that we all feel but don't have the words to express—until now. Have you ever wondered about the lives of each person you pass on the street, realizing that everyone is the main character in their own story, each living a life as vivid and complex as your own? That feeling has a name: "sonder." Or maybe you've watched a thunderstorm roll in and felt a primal hunger for disaster, hoping it would shake up your life. That's called "lachesism." Or you were looking through old photos and felt a pang of nostalgia for a time you've never actually experienced. That's "anemoia." If you've never heard of these terms before, that's because they didn't exist until John Koenig set out to fill the gaps in our language of emotion. The Dictionary of Obscure Sorrows "creates beautiful new words that we need but do not yet have," says John Green, bestselling author of The Fault in Our Stars. By turns poignant, relatable, and mind-bending, the definitions include whimsical etymologies drawn from languages around the world, interspersed with

otherworldly collages and lyrical essays that explore forgotten corners of the human condition—from "astrophe," the longing to explore beyond the planet Earth, to "zenosyne," the sense that time keeps getting faster. The Dictionary of Obscure Sorrows is for anyone who enjoys a shift in perspective, pondering the ineffable feelings that make up our lives. With a gorgeous package and beautiful illustrations throughout, this is the perfect gift for creatives, word nerds, and human beings everywhere.

Worthy - Nancy Levin 2016-08-02

When we feel that we aren't enough, or that we aren't good enough, we also fear that we'll never have enough. Money. We love it. We hate it. If we don't have enough, we're struggling to get more. If we do have it, we're fighting to hold on to it. Why does money have to be such a source of anxiety? Is it possible to find peace? Yes! According to master integrative coach Nancy Levin, the real key to creating financial freedom isn't changing what we do, it's changing our limiting beliefs about how we feel—and that requires more than just learning how to invest. In Worthy, Nancy makes an essential, eye-opening connection: the state of our net worth is a direct reflection of our self-worth. Then she shows us how to get to the root of the problem and do the internal work that's needed to replace feelings of unworthiness with a solid sense of our own value. Filled with inspiring real-life stories and thought-provoking questions and answers, her 10-step plan helps us to: • Get real about the money issues we face every day • Examine the excuses we use to avoid creating the life we really want • Be willing to see ourselves as worthy of abundance in all its forms • Take back our financial power—and watch amazing things start to happen Whether we're looking for financial ease or a new relationship with money and ourselves, Worthy will give us the tools to clear the path for wholeness, fulfillment, and richness in all areas of our lives, not just in our bank accounts.

Feck Perfuction - James Victore 2019-03-05

"James Victore is a dangerous man. His ideas on optimizing your creativity, doing wow work and building a life that inspires will devastate your limits. And show you how to win. Read this book fast." —Robin Sharma, #1 bestselling author of The Monk Who Sold His Ferrari Begin before you're ready. Renowned designer and professional hell-raiser James Victore wants to drag you off your couch and throw you headfirst into a life of bold creativity. He'll guide you through all the twists, trials, and triumphs of starting your creative career, from finding your voice to picking the right moment to start a project (hint: It's now). Bring your biggest, craziest, most revolutionary ideas, and he will give you the kick in the pants you need to make them real. No matter what industry or medium you work in, this book will help you live, work, and create freely and fearlessly. Here are some dangerous ideas: • The things that made you weird as a kid make you great today. • Work is serious play. • Your ego can't dance. • The struggle is everything. • Freedom is something you take. • There ain't no rules. Take a risk. Try them out. Live dangerously. More praise for Feck Perfuction: "In James Victore's new book, he unequivocally proves why he is the master he is. In every chapter, he challenges and inspires the reader to reach for more, to try harder and to create our best selves. It is a magnificent and momentous experience. (All true)." —Debbie Millman, Host Design Matters "James Victore got famous creating tough posters that shook me to the core. He now does the same using the written word. To you." —Stefan Sagmeister, designer

The Road - Cormac McCarthy 2007-03-20

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's new novel, The Passenger.

Write It Down, Make It Happen - Henriette Anne Klauser 2012-12-11

Too often, people drift through life with a feeling of frustration, longing to

find some adventure or purpose in life, envious of those whose lives seem exciting. In *WRITE IT DOWN, MAKE IT HAPPEN*, Henriette Anne Klausner shows you how to write your own lifescipt. Simply writing down your goals in life is the first step towards achieving them. The 'writing it down' part is not about time management; it is not a 'to-do today' list that will make you feel guilty if you don't get everything done. Rather, writing it down is about clearing your head, identifying what you want and setting your intent. You can 'make it happen' purely by believing in the possibility. In *WRITE IT DOWN, MAKE IT HAPPEN*, there are stories from ordinary people who witnessed miracles large and small unfold in their lives after they performed the basic act of putting their goals on paper.

Diary Of A Young Girl - Anne Frank 2001-11-19

In July 1942, Anne Frank And Her Family Fleeing The Horrors Of Nazi Occupation, Hid In The Back Of An Amsterdam Warehouse. Anne Was Thirteen When The Family Went Into The Secret Annexe, And Over The Next Two Years She Vividly Describes In Her Diary The Frustrations Of Living In Such Confined Quarters, The Constant Threat Of Discovery, Hunger And Tiredness, And, Above All, The Boredom. Her Diary Ends Abruptly When She And Her Family Were Finally Discovered By The Nazis In August 1944. The Author Was Born On 12 June 1929 And Died While Imprisoned At Bergen-Belsen, Three Months Short Of Her Sixteenth Birthday. The Book Remains The Single Most Poignant True-Life Story To Emerge From The Second World War.

The Seven Habits of Highly Effective People - Stephen R. Covey 1997

A revolutionary guidebook to achieving peace of mind by seeking the roots of human behavior in character and by learning principles rather than just practices. Covey's method is a pathway to wisdom and power.

Atomic Habits - James Clear 2018-10-16

The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

Feeling & Knowing - Antonio Damasio 2021-10-26

From one of the world's leading neuroscientists: a succinct, illuminating, wholly engaging investigation of how biology, neuroscience, psychology, and artificial intelligence have given us the tools to unlock the mysteries of human consciousness "One thrilling insight after another ... Damasio has succeeded brilliantly in narrowing the gap between body and mind." —The New York Times Book Review In recent decades, many philosophers and cognitive scientists have declared the problem of consciousness unsolvable, but Antonio Damasio is convinced that recent findings across multiple scientific disciplines have given us a way to understand consciousness and its significance for human life. In the forty-eight brief chapters of *Feeling & Knowing*, and in writing that remains faithful to our intuitive sense of what feeling and experiencing are about, Damasio helps us understand why being conscious is not the same as sensing, why nervous systems are essential for the development of feelings, and why feeling opens the way to consciousness writ large. He combines the latest discoveries in various sciences with philosophy and discusses his original research, which has transformed our understanding of the brain and human behavior. Here is an indispensable guide to understanding how we

experience the world within and around us and find our place in the universe.

How to Read Like a Writer - Mike Bunn

When you Read Like a Writer (RLW) you work to identify some of the choices the author made so that you can better understand how such choices might arise in your own writing. The idea is to carefully examine the things you read, looking at the writerly techniques in the text in order to decide if you might want to adopt similar (or the same) techniques in your writing. You are reading to learn about writing. Instead of reading for content or to better understand the ideas in the writing (which you will automatically do to some degree anyway), you are trying to understand how the piece of writing was put together by the author and what you can learn about writing by reading a particular text. As you read in this way, you think about how the choices the author made and the techniques that he/she used are influencing your own responses as a reader. What is it about the way this text is written that makes you feel and respond the way you do?

Never Let Me Go - Kazuo Ishiguro 2009-03-19

From the Booker Prize-winning author of *The Remains of the Day* and *When We Were Orphans*, comes an unforgettable edge-of-your-seat mystery that is at once heartbreakingly tender and morally courageous about what it means to be human. Hailsham seems like a pleasant English boarding school, far from the influences of the city. Its students are well tended and supported, trained in art and literature, and become just the sort of people the world wants them to be. But, curiously, they are taught nothing of the outside world and are allowed little contact with it. Within the grounds of Hailsham, Kathy grows from schoolgirl to young woman, but it's only when she and her friends Ruth and Tommy leave the safe grounds of the school (as they always knew they would) that they realize the full truth of what Hailsham is. *Never Let Me Go* breaks through the boundaries of the literary novel. It is a gripping mystery, a beautiful love story, and also a scathing critique of human arrogance and a moral examination of how we treat the vulnerable and different in our society. In exploring the themes of memory and the impact of the past, Ishiguro takes on the idea of a possible future to create his most moving and powerful book to date.

A World Without Email - Cal Newport 2021-03-02

New York Times bestseller! From New York Times bestselling author Cal Newport comes a bold vision for liberating workers from the tyranny of the inbox--and unleashing a new era of productivity. Modern knowledge workers communicate constantly. Their days are defined by a relentless barrage of incoming messages and back-and-forth digital conversations--a state of constant, anxious chatter in which nobody can disconnect, and so nobody has the cognitive bandwidth to perform substantive work. There was a time when tools like email felt cutting edge, but a thorough review of current evidence reveals that the "hyperactive hive mind" workflow they helped create has become a productivity disaster, reducing profitability and perhaps even slowing overall economic growth. Equally worrisome, it makes us miserable. Humans are simply not wired for constant digital communication. We have become so used to an inbox-driven workday that it's hard to imagine alternatives. But they do exist. Drawing on years of investigative reporting, author and computer science professor Cal Newport makes the case that our current approach to work is broken, then lays out a series of principles and concrete instructions for fixing it. In *A World without Email*, he argues for a workplace in which clear processes--not haphazard messaging--define how tasks are identified, assigned and reviewed. Each person works on fewer things (but does them better), and aggressive investment in support reduces the ever-increasing burden of administrative tasks. Above all else, important communication is streamlined, and inboxes and chat channels are no longer central to how work unfolds. The knowledge sector's evolution beyond the hyperactive hive mind is inevitable. The question is not whether a world without email is coming (it is), but whether you'll be ahead of this trend. If you're a CEO seeking a competitive edge, an entrepreneur convinced your productivity could be higher, or an employee exhausted by your inbox, *A World Without Email* will convince you that the time has come for bold changes, and will walk you through exactly how to make them happen.

Bird by Bird - Anne Lamott 2007-12-18

From the acclaimed New York Times bestselling author: An essential volume for generations of writers young and old. The twenty-fifth anniversary edition of this modern classic will continue to spark creative minds for years to come. For a quarter century, more than a million readers—scribes and scribblers of all ages and abilities—have been inspired by Anne Lamott's hilarious, big-hearted, homespun advice.

Advice that begins with the simple words of wisdom passed down from Anne's father—also a writer—in the iconic passage that gives the book its title: "Thirty years ago my older brother, who was ten years old at the time, was trying to get a report on birds written that he'd had three months to write. It was due the next day. We were out at our family cabin in Bolinas, and he was at the kitchen table close to tears, surrounded by binder paper and pencils and unopened books on birds, immobilized by the hugeness of the task ahead. Then my father sat down beside him, put his arm around my brother's shoulder, and said, 'Bird by bird, buddy. Just take it bird by bird.'"

The 21 Indispensable Qualities of a Leader - John C. Maxwell 2007-09-16

Leaders are always looking for an edge. That often sends many of them looking for the next big thing. Although leadership approaches and trendy management fads come and go, what remains the same? The qualities of a leader. Internationally-recognized leadership expert, speaker, and

author John C. Maxwell touches on the process of developing the art of leadership by giving the reader practical tools and insights into developing the qualities found in great leaders. As the authority on leadership today, Maxwell shares his innovative yet timeless principles on how to effectively lead others has impacted the lives of thousands of business leaders. In *The 21 Indispensable Qualities of a Leader*, Maxwell expands on the qualities every leader needs to be successful such as: Character - be a piece of the rock Charisma - the first impression can seal the deal Communication - without it, you travel alone Commitment - it separates doers from dreamers Competence - if you build it, they will come Everything rises and falls on leadership, and leadership truly develops from the inside out. If you can become the leader you ought to be on the inside, you will become the leader you want to be on the outside. *The 21 Indispensable Qualities of a Leader* will show you that when you develop these qualities, people will want to follow you. When that happens, you'll be able to tackle anything in the world.
