Sandhyavandhanam Mantras-Meaning (For Followers of Yajurveda) - M. Venkataraman 2021-04-30

Sandhya Vandanam is one of the efficient spiritual rituals of the Hindus. It helps in the realisation of

the Divinity of the Self called as Atman in Hindu philosophy. It is an obligatory daily ritual called as Nithya Karma. It is an all-round complete ritual which incorporates the principles of the Supreme Divinity referred to as Brahman. Each part of the ritual gives an external expression for the development of an internal mental attitude and spiritual feeling. In this process, there is an effort to bring about self-purification and attunement to the Cosmic Reality. The rituals are to be done thrice daily-early morning, at noon and at sunset. In the Hindu way of life, each person is primarily affiliated to a particular Vedic study, namely the Rig Veda, the Yajur Veda and the Sama Veda. Though the objectives are generally the same, there are variations in the mantras of these three vedas. This book is an attempt to give the meanings of some of the important Mantras of the Yajur Veda sect basically followed in the southern part of India. Based on the different stages of the ritual, it has been divided into eighteen chapters for the purpose of easy grasp and understanding by those who are not well-versed in the knowledge of these mantras. An audio book has also been published and is available with audio booksellers.

Shiva Sutras - Swami Sukhabodhananda 2015-01-27

Ability is an important tool in life. Ability without commitment and awareness is like a vehicle without the engine. The Shiva Sutra enhances one's awareness in a way one sees an opportunity in a difficulty and not a difficulty in an opportunity. There is an 'outside reality' and an 'inside reality' of one's mind. There is also another dimension called 'spiritual reality'. To harmonize all of them is a great awakening. Ordinary being loves one's own 'psycho dramas' of justification, proving one's point of view, blaming, being helpless... and this leads one to a state of inner poverty. To free oneself from these lower states of poverty and see them as 'errors in one's thinking' is part of being effective and experiencing inner prosperity. The profound teaching of Lord Shiva introduces us to A Bigger Container where one learns to be charitable to one's own self. This practice of making A Bigger Container is essentially spiritual. Dive deep into these mystic teachings. -Swami Sukhabodhananda

Inside Out - K V Vishwanathan 2020-01-27

The central subject matter of this book is the Vedas. While it is a book that is written primarily for a layman's audience, this work is for anyone wishing to consider and follow the path of Hindu dharma. The Vedas are more a subjective than an objective science. It is true that when practising Hindu dharma, one needs to be logical and subjective. But being logical is not the same as using formal logic. The work is intended to

demystify various (if not all) terminologies and nomenclature of Hinduism, and to break the myth that the 'Puranas' and 'Itihasa' are not meaningless mythologies or absurd Indian history but technical commentaries on Vedas. This will help the readers in understanding the various practices and rituals. The intention of this work is not to hurt the sentiments of any persons following any dharma or any religion but only to make proper philosophical enquiries into the practice of the respective dharmas and religions. The common view of Hindu dharma is to encourage Poorva Paksha- i.e. the art of enquiry and debate.

Jamakkol Prasanam - Tirupur S. GopalaKrishnan (GK)
2021-05-25

The Jamakkol prasanam is a distinguished technique of horary method of prediction. It is widely practiced in

Tamilnadu and for the first time, this procedure is made available in English through this Book. By crossing this language barrier, the Jamakkol prasanam system offers a novel and simple method of astrological divination. This will benefit the astrological community residing in other parts of India and the world. This method is not alien to the conventional and traditional system of astrology. It encompasses all the rules, procedures and the practices of the Parasara system only. It differs in the approach with specific and special rules. The Jamakkol prasanam uses the three vital factors namely the Udhaya, the Aaruda and the Kavippu. These three fundamentals join the Jama planets and their interaction paves the way for the astrological predictions. This book teaches from the basis of the calculations involved in finding the Udhaya, the Aaruda and the Kavippu and also the procedure to fix the Jama planets. The Kaarakathuvass of the planets, the bhavas and the signs are important to arrive at exact results. So they are dealt exhaustively and exclusively. This will be helpful not only to the practitioners of the Jamakkol prasanam, but also to the astrologers in general. Case studies have been included to facilitate the easy comprehension of the Jamakkol system.
