The Hearts We Burn - Briana Cole

"Kimera Davis thought she was finally
free from marrying-for-money--and
living way too many lies. Until her
obsessed ex-husband ignited the
ultimate dark hoax, a spectacularly
malicious deception that's left her
family, and her best friend, Adria,
reeling. Now Kimera and her young son
are prisoners at a remote estate,
under the thumb of her ex's powerful
father. And she has only one slender
chance of escape."--

Decoded - Jay-Z 2010-12-07

Decoded is a book like no other: a
collection of lyrics and their
meanings that together tell the story
of a culture, an art form, a moment
in history, and one of the most
provocative and successful artists of
our time. Praise for Decoded

"Compelling . . . provocative, evocative . . . Part autobiography, part lavishly illustrated commentary on the author's own work, Decoded gives the reader a harrowing portrait of the rough worlds Jay-Z navigated in his youth, while at the same time deconstructing his lyrics."—Michiko Kakutani, The New York Times "One of a handful of books that just about any hip hop fan should own."—The New Yorker "Elegantly designed, incisively written . . . an impressive leap by a man who has never been known for small steps."—Los Angeles Times "A riveting exploration of Jay-Z's journey . . . So thoroughly engrossing, it reads like a good piece of cultural journalism."—The Boston Globe "Shawn Carter's most honest airing of the experiences he drew on to create the

mythic figure of Jay-Z . . . The scenes he recounts along the way are fascinating."—Entertainment Weekly "Hip-hop's renaissance man drops a classic. . . Heartfelt, passionate and slick."—Kirkus Reviews (starred review)

You have a big purpose in life. You have a big destiny ahead of you. You have big dreams ahead of you, even if you haven't discovered them. This is the decade to discover what you are here for. This is the time to live your dreams. If there is something that you need to do or accomplish. Just do it! You only live once!"We have been gifted with this one life

that we have to live. A fading silhouette amongst all that exists in this limitless universe. We are fleeting roses, quickly fading. We are evanescent. We are here today and we are gone tomorrow. Yet! We possess the dexterity to attain anything, and sincerely anything we desire. If only we would utilize our time wisely. The most vital aspects of life that we need to draw our utmost attention to is our Creator, our purpose, our passion, our health, our loved ones and our dreams. If we squander all our energy, resources and time on the small and meaningless aspects of life, we will not have enough time, nor the resources for the things that really matter in our lives. This is the decade to live your dreams. This is the decade to do everything that you've ever wanted to do. Whether

it's getting in shape, living your dreams and drawing yourself closer to your Creator or even fixing broken relationships. This is your season of greatness. Never give up on what really matters to you. It is difficult to wait, but it is worse to live with regrets of what you could have done. Everything takes time, but quitting will not speed things up. It's times to stop saying 'you gonna!' and start saying, 'I can, I will and I must do it!' Think, executive and never give up. You only live once, but if you do it right, once is enough my friend. "_Brian Zaca This book is purely intended to; (1) help you realize your purpose and awaken your destiny and dreams, (2) to motivate and inspire you to do more with your life and to execute and plunge towards your purpose,

destiny and dreams, (3) to acquaint you with the necessarily strategies so you can stand out and (4) to acquaint you with the methodology to win your race and remain productive, efficient and effective. The book is broken down into to four parts: PART I: Purpose and destiny Part I of the book enables you to identify what your purpose in life is and how to manoeuvre toward your destiny and dreams. This section helps you allocate the reason to get up in the morning, start your life over, do what you have been called to do and start moving towards your purpose, destiny and dreams. It helps you allocate your 'WHY'. Why are you here? Why do you have to do what you have to do? The answers to these questions will be strong enough to get you out of bed in the morning

even if you don't feel like it. PART II: Motivation and inspiration Parts II of the book deals with just pure 'get_off_your_behind' and just do it now, motivation and inspiration. The section aims at getting you out of your comfort zone and gives you the necessary motivation and encouragement to chase your dreams even if all the odds are against you. It illustrates the importance of your life and encourages you to be the best version of yourself to enable you to achieve the success you need and to reach your destined end. hard work, Goggins transformed himself from a depressed, overweight young man with no future into a U.S. Armed Forces icon and one of the world's top endurance athletes. The only man in history to complete elite training as a Navy SEAL, Army Ranger, and Air Force Tactical Air Controller, he went on to set records in numerous endurance events, inspiring Outside magazine to name him "The Fittest (Real) Man in America." In Can't Hurt Me, he shares his astonishing life story and reveals that most of us tap into only 40% of our capabilities. Goggins calls this The 40% Rule, and his story illuminates a path that anyone can follow to push past pain, demolish fear, and reach their full potential.

You Only Have to Be Right Once -
Randall Lane 2016-03-08

THE ULTIMATE INSIDER LOOK AT THE
NEWEST TITANS OF TECH- AND WHAT YOU
CAN LEARN FROM THEIR SUCCESS. Silicon

Valley's newest billionaires represent a unique and unconventional breed of entrepreneur: young, bold, and taking the world by storm with their extreme speed, insatiable hunger, and progressive leadership. They are all turning just one brilliant insight or hook into money at a rate never before seen in human history—creating companies that, even with no revenue, garner insane valuations. With unique insider access to the world's most influential and wealthy entrepreneurs, Forbes has dug in to find what these superentrepreneurs say about their own success. This book, introduced, edited, and updated by Forbes editor Randall Lane, is the first comprehensive look at who these instant tech billionaires are and how they achieved their quick wins. With

sixteen illuminating pieces, we get behind-the-scenes examinations of the founders of Tesla, Spotify, Airbnb, Tumblr, Twitter, and more, including:

- ELON MUSK: The billionaire founder of Paypal, electric carmaker Tesla, and private space company SpaceX. His extreme ambition is matched by his preternatural engineering mind; no wonder he was the model for Robert Downey Jr.'s portrayal of Iron Man.
- EVAN SPIEGEL: In 2013, the twenty-three year-old founder of Snapchat declined a \$3 billion cash offer from Mark Zuckerberg. Today, Snapchat is valued at \$16 billion. The story of Snapchat's origin is even wilder than Facebook's, but Spiegel's ability to parlay infamy and popularity into revenue is still up in the air.
- ALEX KARP: An eccentric philosopher with almost no tech background turned a

Peter Thiel-backed venture, Palantir, into a data-mining champion, with clients like the NSA, the FBI, and the CIA. Amid heated privacy concerns, Karp continues to grow Palantir like crazy, to over \$1.5 billion in funding and an estimated \$1 billion in contracts in 2014. You Only Have to Be Right Once is the definitive collection of everything we can learn from these incredible game changers and what their next moves spell for the future of business.

You Choose - Russ Warren 2013-06

"You make me every single day. Some days you are unaware that I even exist, but I still get made. There are times when I am short and simple; at other times, I am a bit more drawn out and difficult. Sometimes there is pressure to make me in the midst of

chaos; at other times, you get to make me in times of happiness and joy. I have the power to either land you in jail or give you ultimate victory. By doing nothing at all, you have still made me. Really, I am made at the end of a road that forks and runs off into two directions. Who am I? I am choice! Welcome to this book about choices. Whether you picked this book up at the bookstore because it looked interesting or someone you know gave it to you, I believe there is a lot for you to take away from here. I have been speaking at events and talking about choices for several years now and it is still something that drives me every day. Here is why: the choices you and I make today have the power to impact us greatly, either good or bad, in our future." In today's world, choices are made

momentarily without much thought to their long-term consequences. It is the author's hope and prayer that as you read this book, you will begin to think more deeply about your decisions today and how they will affect you tomorrow. You only live once, but if you live it right, once is enough. Live your life in such a way as to make a difference in this world. Are you tired of living a certain way and want to change? How do you want to live? The good news is this: you choose!

Axolotl the Water Dragon and Princess Yolotli - Dr. Fre Chevere 2013-12-30

This book is about a Mexican Mythology and the creation of the world according to the Aztec. After the gods created the world the sun and the moon stood still, it did not move through its life cycles and it

He was the sacrifice needed to make the sun and the moon turn. This book is about of what happened to the destiny of a lesser god. This book is about the love of father for his little girl. Yolotli was the darling of every Water Dragon living in Xochimilco waters channels. They loved her to bits; for she was so kind and gentle, fine and petite and just the perfect little girl. Yolotli knew every one of them by name, and who their friends and family were. She took some of her flowers to the old and injured, and helped to nurse the sick to health with her magical healing songs. Axolotl (Ajolote) is the only earth

creature that has been able to maintain his god like qualities. The Axolotl never gets old and can repair his body by regenerating new parts. Juan Ponce De Leon came to America looking for the Fountain of Youth. He never found the Axolotl.

Getting The Right Things Done - Samir Kahlot 2021-02-15

Introducing the only book you need for a more productive and fulfilled life. Samir Kahlot has read a lot of

books on productivity. Although they contained some helpful nuggets, he found himself wondering why authors spent 300 pages writing something that could have easily been condensed into a book this size. Shouldn't you be spending more time putting a system in place than reading about someone else's experience with it? That's why this book is formatted the way it is. In *Getting the Right Things Done*, author Samir Kahlot shares the "Right" System and helps you understand what's "Right" for you. The goal of the "Right" System is to free yourself from doing all those things that slow you down and don't add anything to your personal or professional happiness or goals. This system is designed for people who:

- Wear a lot of hats personally and professionally.
- Have a hard

time finishing a project once it's started.

- Find it challenging to figure out which task to start first.
- Are sleep-deprived because they feel like they need to always be working.
- Feel overwhelmed and stressed because there are never enough hours in the day.
- Want to spend more time doing things that matter and less time on the things that don't.

Do any of these sound familiar? If so, you're in the right place. *Getting the Right Things Done* isn't your typical productivity book. It's a way of life that values what's truly important to you while also providing endless clarity to your busy mind. Read it today, get the "right" things done tomorrow.

[Behind Her Lives](#) - Briana Cole
2022-10-25

From bestselling author Briana Cole,

an enthrallingly suspenseful new story of secrets, sibling rivalry, and a woman searching for a missing sister who may not want to be found. For fans of multicultural psychological thrillers and edgy dramas by Shanora Williams, Kiki Swinson, Sandra, Wahida Clark, Ashley & JaQuavis, Victoria Christopher Murray, and Shelly Ellis. "That's not my sister." Overwhelmed by shock and relief, those are the only words Deven can muster when she is called to identify the body of a suicide victim. A body she was informed was her sister, Kennedy. But as she stares at the lifeless stranger, she's filled with questions: Who is this woman? Why was Deven listed as family? And most important, where is Kennedy? Her intuition tells her just one thing:

this can't be a total coincidence. Desperate to put the pieces together, Deven launches her own investigation. Soon, she finds herself tangled in a web of secrets and lies so twisted that it blurs the lines between fact and fiction. And between the sister she thought she knew and the one who seems to have many hidden, dangerous lives. But only Kennedy would have the answers to increasingly urgent questions. Just one possibility is clear: Kennedy isn't missing. Maybe she just doesn't want to be found. And maybe you can never truly know another person. Even your own sister.

Lonely Planet You Only Live Once 1 -
Lonely Planet 2016-06

You Only Live Once is not just another collection of bucketlist of big-ticket items. We've all heard about Venice and, yes, it is probably worth going to Italy to see its waterways. Instead, hopefully you'll take away something more from this book: a resolve to live life to the fullest, to add a dash of joie de vivre to every day. What all the ideas contained within have in common is that they're starting points. They

will reignite long-forgotten desires – to learn an instrument or a language – or spark new and unexpected ambitions: why shouldn't you move to Provence for a year? When you know what's stopping you, you can start working on a solution. Perhaps this book will be as useful in helping you identify obstacles as will be for refining your month's or your year's travel experiences. You Only Have to Be Right Once - Randall Lane 2014-10-16

The ultimate insider look at the newest titans of tech--and what you can learn from their success In 2007,

twenty-one-year old David Karp launched Tumblr, a simple micro-blogging platform, on a whim. By 2012, it had become one of the top ten online destinations, drawing 170 million visitors. By 2013, Yahoo had acquired Tumblr for over \$1 billion. Just like that, a kid who hadn't even earned his high school diploma was worth over a quarter billion dollars. And he's not the only one . . . Silicon Valley's newest billionaires represent a unique and unconventional breed of entrepreneur: young, bold, and taking the world by storm with their extreme speed, insatiable hunger, and progressive leadership. These whiz kids (and, to be fair, a few adults) have the hottest companies in the world. They are all turning just one brilliant insight or hook into money at a rate never

before seen in human history—creating companies that, even with no revenue, garner insane valuations. With unique insider access to the world's most influential and wealthy entrepreneurs, Forbes has dug in to find what these super-entrepreneurs say about their own success. This book, introduced, edited, and updated by Forbes editor Randall Lane, is the first comprehensive look at who these instant tech billionaires are and how they achieved their quick wins. With sixteen illuminating pieces, including two never-before published features, we get behind-the-scenes examinations of the founders of Spotify, Airbnb, Tumblr, Twitter, and more, including: Elon Musk: The billionaire founder of Paypal, electric carmaker Tesla, and private space company SpaceX. His extreme

ambition is matched by his preternatural engineering mind; no wonder he was the model for Robert Downey Jr.'s portrayal of Iron Man. Evan Spiegel: The twenty-three-year old declined a \$3 billion cash offer from Mark Zuckerberg, after making the mountain come to Mohammed (Snapchat's HQ is in Los Angeles) –an unheard of request from a young gun to one of the biggest players in Silicon Valley. The story of Snapchat's origin is even wilder than Facebook's, but Spiegel's ability to parlay infamy and popularity into revenue is still up in the air, even as Snapchat's valuation continues to

grow. Alex Karp: An eccentric philosopher with almost no tech background turned a Peter Thiel backed venture, Palantir, into a data-mining champion, with clients like the NSA, the FBI, and the CIA. Amid heated privacy concerns, Karp continues to grow Palantir like crazy, to \$196 million in funding and an estimated \$1 billion in contracts in 2014. You Only Have to Be Right Once is the definitive collection of everything we can learn from these incredible game changers and what their next moves spell for the future of business.
