**Kautilya's Arthashastra** - Kautilya 2009-01-01

Kautilya, also known as Chanakya, is India's most illustrious political economist of all time. He regarded economic activity as the driving force behind the functioning of any political dispensation. In fact, he went to the extent of saying that revenue should take priority over the army because sustaining the army was possible out of a well-managed revenue

system. Kautilya advocated limiting the taxation power of the State, having low rates of taxation, maintaining a gradual increase in taxation and most importantly devising a tax structure that ensured compliance. He strongly encouraged foreign trade, basing it on the premise that for a successful trade contract to be established, it had to be beneficial to all. He emphasised State control and investment in land, water and mining. Kautilya was a true statesman who bridged the gap between experience and vision. For Kautilya, good governance was paramount. He suggested built-in checks and balances in systems and procedures for the containment of malpractices. Many postulates of Kautilya's philosophy of political economy are applicable to contemporary times.

**Rajmohan's Wife and Sultana's Dream** - Bankim Chandra Chatterjee  
2021-04-21

Rajmohan's Wife and Sultana's Dream (1864/1908) features the debut  
novel of Indian writer Bankim Chandra Chatterjee and a story by Bengali  
writer, feminist, and educator Rokeya Sakhawat Hossain. Rajmohan's  
Wife, Chattopadhyay's only work in English, launched his career as a  
leading Bengali intellectual and political figure. Written in English,

Sultana's Dream originated as a way of passing time for its young author  
while her husband was away on work. Initially published in The Indian  
Ladies Magazine, Sultana's Dream helped establish Rokeya's reputation  
as a leading figure in Bengali arts and culture. Rajmohan's Wife is the  
story of Matangini, a beautiful woman married to a violent, jealous man.  
Unable to marry the man she loves—who happens to be her own sister's  
husband—she settles for the villainous Rajmohan, an abusive man who  
rules his middle-class Bengali household with an iron fist. With the help  
of her friend Kanak, Matangini does her best to avoid her husband's  
wrath, illuminating the importance of solidarity among women faced with  
oppression. Vindictive and cruel, Rajmohan secretly enacts a plan to rob  
Madhav, his brother-in-law, in order to obtain and invalidate a will.  
Sultana's Dream is set in Ladyland is a feminist utopia ruled by women, a  
perfect civilization with no need for men, who remain secluded and  
without power. Free to develop their own society, women have invented  
flying cars, perfected farming to the point where no one must work, and  
harnessed the energy of the sun. With men under control, there is no  
longer fear, crime, or violence. Ultimately, Ladyland is a world made to  
mirror our own, a satirical exploration of the absolute power wielded by  
men over women, and a political critique of Bengali society at large.  
Sultana's Dream is more than a science fiction story; it is an act of  
resistance made by a woman who would shape the lives of her people  
through advocacy, education, and activism for generations to come. With  
a beautifully designed cover and professionally typeset manuscript, this  
edition of Bankim Chandra Chatterjee and Rokeya Sakhawat Hossain's  
Rajmohan's Wife and Sultana's Dream is a classic of Bengali literature  
and utopian science fiction reimagined for modern readers.
